LETTER from the STATE KA'RBHA'RI, Miraj Junior, to the ASSISTANT POLITICAL AGENT, Southern Marátha Country, No. 262, dated Miraj, 9th July 1891.

SIR,—I have the honor to submit the Annual Administration Report of the Miraj Junior State for 1890-91 (Fasli year 1300).

I to XVII. 2. The usual statements as per margin accompany.

## CHAPTER I.—POLITICAL.

134885

3. The Political relations of this State with the British Government will be known from the particulars in Appendices I and II annexed to this report.

4. The young Chief, Laxumanrao Harihar *alias* Anna Saheb, now in his 14th year, enjoyed excellent health during the year. It is gratifying to note that there has been a marked improvement both in body and mind of the young Chief. His progress in the school is reported to be good.

5. The most important event of the year has been the opening of the Kolhápur Railway by His Excellency the Governor in April last, when the yong Chief was presented to His Excellency at the Railway Junction at Miraj along with other neighbouring Chiefs.

6. No change has taken place in the administration during the year of report.

## CHAPTER II.—ADMINISTRATION OF LAND.

7. The "Potpaháni" work of the Kavta Petha was completed during the year, and the new rates of assessment will, it is hoped, be declared in the next cold season.

8. The settlement of assessment on account of land found in excess with all kinds of Inámdárs has now been completed, as regards the Gudgeri Petha where the survey rates have been in force. This settlement of "Wadhava" has given an increased revenue of Rs. 3,521 per annum.

9. Waste lands to the extent of about 152 acres, 10 gunthás were taken up for cultivation during the year. The following table will show the particulars regarding waste lands:—

Gudgeri, Sultápur, Kittur, Sirgur.

11. Disputes about boundaries mentioned in the margin and noted in the last report remain undisposed of, the matter having been referred to the Survey Department.

## CPAPTER III.—PROTECTION.

(a) Legislation.

13. No new rules based on Acts of British India have been sanctioned during the year. But drafts of rules on different subjects have been under the consideration of a committee appointed by the Political Agent. These rules will, it is hoped, be adopted in the current year.

(b) Military.

14. There is no Military Force in this State.

(c) Police.

15. A statement of Police and others accompanies, *vide* No. VI. The work done by the Police is satisfactory in as much as the Statement No. VII indicates the reduction of crime and better results in convictions of offenders sent for trial. But as regards the recovery of the property stolen, the percentage is small when compared with last year. At the beginning of the year under report a large theft took place in the Kavta Petha which unfortunately remained undetected and hence the lower percentage. Barring this theft, the Police has shown activity in detecting and preventing crime. A theft of ornaments worth Rs. 1,115 was skillfully traced by the Foujdar of Kavta, Mr. Athnikar. No heinous offence such as murder or dacoity has taken place during the year.

16. There are 32 Police Pátils and 68 Shetsandis, who watch villages and assist the regular Police in the prevention and detection of crime. From the statistical returns it appears that Village Police detected 21 offences as against 22 last year.

(d) Criminal Justice.

17. The number of Courts and details of work done will be known from Appendices X and XI.

18. The number of suicides and accidental deaths is 4 and 1 respectively during the year under report.

(e) Extradition.

19. No person was brought from or surrendered to British Districts for trial. One offender only was brought from Sángli while three surrendered. One to Sángli and two to Jamkhandi.

(f) Prisons.

20. As regards Jail *vide* Appendix XII. It was visited by the Political Agent and the Assistant Political Agent who have recorded their good opinions about the management and sanitation. On an everage an accused had to remain 4·2 days in custody before final disposal of the case.

(g) Civil Justice.

21. For Civil cases there are four Courts as shown in Appendix XIII. The Joint Kárbhári's Court exercises the powers of a District Judge, while the Munsiff of Kavta is invested with powers to try civil causes up to Rs. 5,000. The Mámlatdárs of Gudgeri and Kuroli who act as Munsiffs in addition to their Revenue duties, have powers to decide cases up to Rs. 2,000 and Rs. 500 respectively. 78 suits were filed during the year under report as against 101 for last year, there being a decrease of 23 suits which is due to unfavourable nature of the season in Kavta Petha.

22. The duration of suits in each Court is given in Appendix XIII. The duration of nine months in Gudgeri is again this year to be regretted, but the delay seems unavoidable in consequence of the non-residence of Vakils there, the Civil Court being too small to induce Vakils to devote their full time at Gudgeri. The causes are postponed to suit the conveniencies of parties and their Vakils.

23. Out of total number of 139 applications for execution of decrees, 119 were disposed of during the year, there being only 20 in arrear. The work done would seem to be satisfactory.

24. The number and value of suits are shown in the sub-joined statement :—

| Name of Court. | Suits for immoveable property. | | Money Suits. | |

25. Starting with the balance of one application for heirship certificate, thirteen more were received, of which ten were disposed of, there remaining a balance of four at the close of the year.

## CHAPTER IV.—PRODUCTION AND DISTRIBUTION.

30. Agriculture thrived well. More land was taken up for cultivation. A statement of agricultural stock accompanies which shows increase of heads of cattle. There was no cattle disease during the whole year.

31. In the Gudgeri and Kuroli Pethas the rainfall was sufficient, while in Kavta, with the exception of few villages, it was scanty and men and beast felt the want of water for drinking purposes. Fodder also became very dear.

32. The rainfall was as follows:—

| | 1889-90. | 1890-91. |
|---|---|---|
| Budgaon ... ... | ...28·1 | 23·23 |
| Gudgeri ... ... | ...23·96 | 32.43 |
| Kuroli ... ... | ...30·24 | 19·19 |

33. In Gudgeri and Kuroli the outturn of crops was good, but in Kavta, as might be expected from scanty fall of rain, the produce was scanty. Postponement of Revenue collection was ordered.

34. In Gudgeri where wheat and cotton, the two articles of foreign export, are produced, winds unfavourable to cotton prevailed and the consequence was the outturn of that article was below average. The outturn of the crops is as follows:—

| | Kharif. | Rabi. |
|---|---|---|
| Kavta ... | ... 6 annas | 8 annas. |
| Gudgeri ... | ...12 „ | 10 „ |

36. The income from the forest reserves during the year under report was Rs. 1,071 as against Rs. 715-8-3 for last year. The expenditure was Rs. 169-14-4.

37. There are no trade centres in this State. Sádis are manufactured in some villages.

38. Two fairs were held at Khilegaum and Haripur and attended by about 3,000 people.

42. Remissions to the amount of Rs. 532-14-9 were granted in cases of outstanding balances of former years being irrecoverable.

43. In consequence of scanty rain in Kavtha and Kittúr the collection of revenue was postponed for some months after the instalments. The arrears have, however, been paid by the rayats in almost all cases before the close of the year.

Stamps.

44. Compared with last year the receipts under this head have decreased by Rs. 213.

45. The following table will show the relief afforded to the sick and money spent for that purpose :—

46. A new Inspector has been appointed to superintend the work of the vaccinators. During the year of report the Deputy Sanitary Commissioner, Southern Division, visited this State and gave useful instructions to vaccinators, for which the thanks of the administration are due to him.

## CHAPTER VII—INSTRUCTION.

47. Two new schools were opened during the year under report. The total expenditure on education was Rs. 7,242-7-3. These schools were inspected by Government Inspectors in Dhárwár, Sholápur and Sátára, as the villages are scattered in these districts. The results are on the whole satisfactory. The schools at Budgaon and Gudgeri were also inspected by the Political Agent and the Assistant Political Agent while on their annual tour of inspection. The opinions recorded are favourable. The school for Mahárs at Budgaon is flourishing, and this was, Colonel Wodehouse said, creditable to the administration.

48. There are four girls' schools in this State teaching 195 girls. The school at Gudgeri is attended by daughters of cultivators, a fact worthy of notice. Colonel Wodehonse said in his remarks :—

> " Nearly all the girls in this school are daughters of agriculturists or agricultural labourers, and this is noteworthy. I may say they appear quite as forward, if not more, than the girls of other schools I have to examine."

49. The following statement will give information about schools and scholars :—

## CHAPTER VIII—MISCELLANEOUS.

50. Two new Post Offices at Khandali and Budgaon were opened during the year, the former being an experimental one.

51. In conclusion it is gratifying to note that the condition of the working classes and agriculturists is improving. The Southern Marátha Railway, which passes through this State, has been the cause of increasing the value of land and the rate of wages. More feeder roads are now required. The abolition of Jakát and other obnoxious taxes is another measure which is calculated to give impetus to trade and commerce. There being no large market town in this State, the agricultural produce is carried to market places in the neighbouring States. But the Octroi duties, which have been levied in those places, are somewhat similar to the Jakát. Octroi is discouraged in the British Districts, but is allowable in municipal towns under certain restrictions laid down by Government of India, *vide* pages 421—26 of Narirn's Revenue Hand-book. Octroi is introduced by Municipalities without such restrictions to make up the loss caused by the withdrawal of State grants on the abolition of Jakát. If it be impossible to do away with the octroi duties altogether, the conditions laid down by Government of India should at least be enjoined upon the Municipalities in the interests of free trade ; otherwise the remedy will be worse than the disease. The subject is one which, I humbly think, deserves the attention of the authorities.—I have, &c.

No. 303 of 1892.

From

The STATE KARBHARI,
Miraj Junior;

To

The ASSISTANT POLITICAL AGENT,
Southern Marátha Country.

*Miraj, 9th July 1892.*

Sir,

Admistration Report for 1891-92.

I have the honour to submit the Annual Administration Report of the Miraj Junior State for 1891-92 (Fasli year 1301).

Statements I to XVII.

2. The usual statements, as per margin, accompany.

## CHAPTER I.—Political.

Political relations.

3. The political relations of this State with the British Government are fully described in Appendices I and II to this report.

Chief's health and studies.

4. The young Chief, Laxumanrao Hariar, is now in his 16th year. His health has been indifferent. He had several attacks of melancholia during the year, which prevented him from pursuing his studies. He has been under the treatment of Dr. Sinclair, Darbár Surgeon, Kolhápur. Of his studies Mr. Candy says: "His progress has been hindered by intervals of ill-health. However, he has improved lately and I was pleased with his answers in the English examination." He attended the Rájárám College throughout the year with the exception of 3 months in the cold weather, when he went to Kowtha, a Miráj Junior village, 12 miles distant from Miraj, for change of air.

Important event of the year.

5. The most important event of the year was the visit of His Excellency the Governor to Miraj in January last to see for himself the state of crops in British as well as Native territory threatened with a scarcity.

Changes in the administration.

6. Ráo Bahádur Rámchandra Rájarám having been appointed Administrator of the Jath State from 1st October last, I was nominated with the sanction of Government to succeed him and have been in charge of the office of Joint Administrator, Miraj Junior State, to the end of the year.

## CHAPTER II.—Administration of Land.

Survey Settlement.

7. The new survey rates were introduced into the Kowtha Petha during the year, with the following result:—

| Bighas. | Mámul Assessment. | Acres. | New Assessment. |
|---|---|---|---|
| | Rs. | | Rs. |
| 8,990 | 47,761 | 24,022 | 49,518 |

It will be seen that the revenue has not only increased but the land-tax has been evenly distributed upon all the villages and the petty *bábs* which were so

harassing to the rayats have now been done away with. The rates have given satisfaction, as no lands have been thrown up. Only three villages in the Kuroli Petha and six Subsarinjám villages in the Kowtha Petha await settlement. The Survey Department has been written to on the subject, and it is hoped that these villages may be soon settled.

The question of settling the Wadháva, or excess lands in the possession of Inámdárs in the Kowtha Petha is under consideration.

Waste lands.

8. 494 acres of waste area were taken up for cultivation in the Gudgeri Petha. None were taken up in Kowtha and Kuroli, as the rayats were waiting to know whether the survey rates were favourable. The following table will show the particulars regarding waste lands :—

| Extent of cultivable area for | | Taken up in | | Waste remaining at the end of the year | | Percentage of cultivable lying waste in | |
|---|---|---|---|---|---|---|---|
| 1890-91. | 1891-92. | 1890-91. | 1891-92. | 1890-91. | 1891-92. | 1890-91. | 1891-92. |
| B. p. k. | B. p. k. | B. p. k. | B. p. k. | B. p. k. | B. p. k. | Bhigas. | Bighas. |
| 74 4 10 | 32 10 0 | ... | ... | 74 4 10 | 32 10 0 | 100 | 100 |
| A. g. | A. g. | A. g. | A. g. | A. g. | A. g. | Acres. | Acres. |
| 3,494 22 | 5,751 28 | 152 10 | 494 7 | 3,342 12 | 5,257 21 | 95·6 | 91·4 |

Most of the waste lands now remaining are so rocky and barren that they cannot be cultivated with profit. Endeavours are being made to improve some of them by raising ridges of stones and earth, where necessary, so as to admit of the collection of soil on them in course of time.

Audit of accounts.

9. The accounts of the State for 1890-91 were audited by Ráo Sáheb Rámráo Annáji, Head Accountant, Dhárwár, specially deputed for the purpose. The result disclosed that the accounts had been neatly kept and that the balance was correct, and this the Political Agent thought was creditable to the administration.

Boundary dispute.

10. The boundary dispute between Gudgeri and Sultánpur is still under consideration. The other dispute between Kittur and Shirgur was referred to Mr. Cole, Assistant Superintendent of Revenue Survey, who visited and examined the disputed spot in March last, and took all the evidence that was tendered on either side. His decision has been received since the close of the year, which makes the banks of the natural course of the stream the boundaries of the two villages.

Wards' estates.

11. The following table exhibits full particulars of the management of wards' estates in this State :—

| Number. | Name. | Age. | Place of birth. | Place of Education. | Balance at the beginning of the year. | Receipts. | Disbursements. | Balance at the end of the year | | Value of movable Property in hand. | Area of land under management. | Remarks. |

The wards are doing well and their education is being attended to.

## CHAPTER III.—Protection.

Legislation.

12. No Legislative Acts were passed for the State during the year. The question of having a body of uniform laws for all the States in the Kolhápur and Southern Marátha Country Agency is under consideration. When the drafts of these laws receive the sanction of the several Chiefs and of Government they will become law.

Military force.

13. There is no military force in this State.

Police and their work.

14. Appendix No. VI shows the strength and cost of the police. There is an increase of 4 in the number of police and of Rs 956 in the expenditure incurred on them. This increase is due to vacant places having been filled up and new dresses having been served out to the police during the year.

The work done by the police was not so satisfactory as it was last year. There was an increase both in the number of offences reported to them and in the number of persons arrested and sent for trial. All the persons arrested were committed to the Magistrates for trial, which would not have been the case had the police used their discretion. The police have been warned to be more careful in future. This is not, however, the only cause of the fall in the percentage of convictions, which was partly caused by some of the compoundable offences having been compounded by the parties. There is, however, an improvement in the percentage of the stolen property recovered. Very much less property was stolen—less even than a fourth of that stolen in 1890-91; but a little less than half of it was recovered. This compares favourably with the recoveries of 1890-91. On the whole the police are more successful in preventing and detecting crime. The peace of Kittur in the Kowtha Petha was much disturbed by the bad characters of that village, but they have all been brought to book by the police under Mr. Athanikar and the villagers are now happy. No heinous offence occurred during the year, except one grievous hurt, three arsons and one dacoity, in which last five brothers forcibly carried away the produce of their mortgaged field, putting the mortgagee in fear of instant death.

There was no change in the number of police pátils. There was one shetsandi less, making their number 67. The village police assisted the regular police in the prevention and detection of crime.

Criminal justice.

15 The statistics of criminal justice are given in Appendices X and XI. There is no change in the number of courts, which are six in number. They dealt with 121 offences, involving 243 accused persons, or 53 persons more than in the previous year. Of these 40 were discharged, 90 acquitted, 81 convicted and 5 committed for trial. The number of acquittals and discharges is no doubt large. The withdrawal of charges against 55 persons for compoundable offences accounts for the former, showing how fond the people are of resorting to the Magistracy for settling many differences of a civil nature, while the indiscreet issue of criminal process is responsible for the latter.

There were no suicides but 10 accidental deaths. The figures for last year were 4 and 1 respectively.

Eleven accused persons were brought into this State under extradition warrants for trial—9 from Sángli, 1 from Jamkhandi and 1 from British districts. 13 accused persons were surrendered by the State—12 to the Sángli State and 1 to the British Government. Such cases were promptly dealt with and the accused fairly treated.

Prisons.

16. There are three State jails or lock-ups. The central jail is at Budgaon, where long-term prisoners are kept. Short-term prisoners are confined in the two remaining jails. There were more admissions during the year, which might well be expected from the greater number of offences. The Assistant Political Agent and Political Agent have recorded their satisfaction at the cleanliness and good management of the State jails.

The daily average attendance was 20·9, the same as last year, and the cost of the jails was Rs. 1,662 or slightly more than last year.

Civil Justice.

17. There are 4 civil courts. They dealt with 68 suits and decided 61 of them, leaving 7 at the end of the year. There has been a gradual decrease in the number of suits filed. This is partly due to there being no imprisonment for debt and no immovable property being allowed to be sold in execution of decrees, unless specifically mortgaged, and partly to bad seasons and decline of litigation. As the civil work is so light, the Mámlatdárs dispose of it in addition to their other work. The average duration of suits was 2 months and 21 days. The average duration of suits in the Gudgeri Court has fallen from 9 months 8 days to 7 months 13 days. Still the delay is very great. The civil work in Gudgeri is too little to induce any vakils to reside there, and long adjournments have to be given at the request of the parties. The Munsif has, however, been warned to try his best to dispose of the suits in as short a time as possible.

Less applications for execution of decrees were filed, and more were disposed of than in 1890-91, showing that the civil courts were active and have not allowed their work to fall into arrears.

The number and value of suits are shown in the subjoined statement :—

| Name of Court. | Suits for immovable Property. | | Money Suits. | |
|---|---|---|---|---|

| Kuroli ... ... | 4 | 2 | 15 | 11 |
| Total ... | 27 | 18 | 51 | 41 |

The decrease in the number of money suits is remarkable and has probably been caused by the reasons stated above.

With the 4 heirship cases of last year there were 7 miscellaneous civil applications for disposal, and all were disposed of.

The subjoined table shows the work done by the civil appellate court :—

| Name of Court. | Opening balance. | | Filed during | | Total. | | Disposed of. | | Closing balance. | | Value of appeals filed during | | How disposed of. | | | | | | Average duration. | | | | | |

It will be seen that all the appeals have been decided and their average duration has fallen from 3 months 7 days to 2 months and 27 days, which is satisfactory.

Working of the Mámlatdárs' Courts.

18. Twenty-eight possessory suits were filed in the courts of the Mámlatdárs, which with the last year's balance (2) were all disposed of. This reflects credit on these courts.

Registration.

19. The receipts and expenditure of the Registration Department are given in the following table :—

| Description. | 1890-91. | | | 1891-92. | | |
|---|---|---|---|---|---|---|
| | No. of deeds. | Value of property. | Fees realised. | No. of deeds. | Value of property. | Fees realised. |
| | | Rs. a. p. | Rs. a. p. | | Rs. a. p. | Rs. a. p. |
| Mortgage-deeds ... | 201 | 49,965 1 0 | 785 8 0 | 206 | 44,022 12 0 | 689 12 0 |
| Purchase-deeds ... | 106 | 31,859 8 0 | 422 4 0 | 127 | 31,405 12 0 | 490 12 0 |

| Net profit ... | ... | ..... | 1,451 8 6 | ... | ..... | 1,249 14 8 |

More documents were registered during the year, but of less value, which accounts for the decrease in the fees. The increase in the expenditure was due to remuneration having been given to the Aval-Kárkun of Kowtha for extra registration work, for which he was not paid before.

Municipalities.

20. The following table shows the receipts and disbursements of the three Municipalities in the State :—

| Name of Municipality. | Balance on 1st April 1891. | Receipts during the year. | Total. | Expenditure during the year. | Balance on 31st March 1892. |
|---|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Budgaon ... ... | 235 3 2 | 909 12 3 | 1,144 15 5 | 907 6 9 | 237 8 8 |
| Kowtha ... ... | 465 13 10 | 503 4 0 | 969 1 10 | 924 6 2 | 44 11 8 |
| Gudgeri ... ... | 227 14 1 | 1,673 12 11 | 1,901 11 0 | 1,570 3 7 | 331 7 5 |
| Total ... | 928 15 1 | 3,186 13 2 | 4,015 12 3 | 3,402 0 6 | 613 11 9 |

The Municipalities are small and the principal sources of their income are house-tax and State grants. None of them are self-supporting or self-governing bodies. The people take little interest in them.

## CHAPTER IV.—Production and Distribution.

Agriculture.

21. Agriculture, the chief industry of the State, suffered much from a scanty rainfall. The outturn of crops and fodder was very much below the average. This not only raised the prices of grains and fodder, but the latter became scarce and many cattle perished or were sold at nominal prices. This explains the decrease in the number of agricultural live-stock, a detailed statement of which accompanies, Appendix XVI.

Season and crops.

22. The season was a very unfavourable one. The rainfall was generally scanty and the later rains altogether failed in the Kowtha and Gudgeri Tálukas, where consequently there was a serious deficiency of crops. Following as it did the previous two years' bad harvests, it was more severely felt both by man and beast.

The rainfall was as follows :—

| | 1890-91. | 1891-92. |
|---|---|---|
| Budgaon ... ... ... | 23·23 | 15·2 |
| Gudgeri ... ... ... | 32·43 | 21·11 |
| Kuroli ... ... ... | 19·19 | 20·30 |

The rainfall in the two first tálukas was considerably below the average, and that too not properly distributed.

In consequence, the outturn of kharíf as well as rábi crops was very much below the average, being 3 annas and 6 annas respectively. Fodder became very scarce and dear, and cattle suffered most. Prices of food-grains rose. The poorer rayats were granted postponements of revenue collection, and in no case were severe measures adopted to collect the revenue. The first instalment has been generally paid except by the poorest of the rayats, and the second instalment is being recovered from the better class rayats in the same way as in the neighbouring British districts.

Cotton and wheat, the two principal articles of foreign export in the Gudgeri Táluka shared the same fate as the other crops, owing to want of rain. The export trade was, therefore, very much less than in 1890-91.

The outturn of the crops was as follows :—

| | Kharíf | Rábi |
|---|---|---|
| Kowtha ... ... | 4 annas. | 6 annas. |
| Gudgeri ... ... | 2 „ | 3 „ |
| Kuroli ... ... | ... | 11 „ |

Prices.

23. The following is a contrasted table of the prices of food-grains :—

| Articles. | Per rupee in seer of 2 lbs. | |
|---|---|---|
| | 1890-91. | 1891-92. |
| Wheat ... ... | 15½ | 11 |
| Túrdal ... ... | 17 | 10 |
| Rice, common ... | 10½ | 8½ |
| Jowári ... ... | 26 | 18 |

The prices of all the principal food-grains rose considerably during the year, and the scarcity was so felt that relief works had to be opened, and tagái advances made to the rayats. Further details of the year's scarcity and the measures adopted for its relief are given in the next paragraph.

Scarcity.

24 The two tálukas of Kowtha and Gudgeri, comprising an area of 122½ square miles and a population of 20,430, were affected with drought and consequent scarcity. Tanks, wells, river-beds and nálás dried up about the beginning of the hot season, and there was a great difficulty in obtaining drinking water, such as had never been experienced during the last 40 years, even in the terrible famine year of 1876-77. The succession of three bad harvests and improvident loans had greatly told upon the prosperity of the rayats. They were, therefore, hardly prepared to meet the threatened scarcity. The failure of crops deprived agricultural labourers of their accustomed field employment. Fodder was not obtainable, and cattle perished in great numbers, or were disposed of at nominal prices. The prices of grains rose, and people who lived from hand to mouth found it difficult to earn a livelihood. No time was, therefore, lost in organising measures of relief. I personally visited all the villages in the State and after inspecting the crops and the condition of the people told them that, wherever necessary, postponements of revenue collection would be granted, relief works, opened and tagái advances liberally made. A relief staff was organised, consisting of one overseer, two sub-overseers, twelve karkuns and several mukádums. Eighteen works were opened, the largest being the tanks at Kowtha, Waifale, Balehasur, Hirewadvati and Gudgeri. Many wells were also deepened to improve the water-supply. The total expenditure incurred on relief works was Rs. 12,846. The relief works were closed at the end of last month, as very good rain had fallen and sowing operations have been actively carried on. Advances were made to Agriculturists to the amount of Rs. 32,117. There were

no deaths from starvation, nor was there any increase of crime caused by the scarcity. Cholera, however, of a mild type prevailed in Gudgeri and Kittur and carried off 126 souls.

Forest.

25. There are no forests, so to speak. The income from certain reserved waste lands, where scrub jungle grows, was Rs. 202-10-7 against Rs. 1,071 in 1890-91. It consists mostly of grazing fees, which brought in very little during the year, owing to insufficient rainfall and want of pasture. The expenditure was Rs. 177-4-4.

Trade.

26. There are no towns or villages in the State which can boast of any large trade. Gudgeri exports cotton and wheat, but has no imports. Badgaon, the head-quarter town, has a small population of Koshtis, who manufacture sadis and coarse dungry cloth.

Fairs.

27. There were two fairs, one at Haripur and the other at Khilegaon, each visited by about 3,000 pilgrims, but they are not remarkable for any but the usual trade in sweetmeats, cloths, bangles and other common things sold in a bázár.

Public Works.

28. The following statement shows the expenditure incurred on works of public utility during the year under report:—

| Number. | Works. | State Fund. | | | Local Fund. | Total. | | |
|---|---|---|---|---|---|---|---|---|
| | | Rs. | a. | p. | Rs. | Rs. | a. | p. |
| 1 | Communication ... ... | 6,480 | 4 | 0 | ... | 6,480 | 4 | 0 |
| 2 | School-houses ... ... | 3,649 | 6 | 10 | ... | 3,649 | 6 | 10 |
| 3 | Water-supply ... ... | 7,582 | 9 | 8 | ... | 7,582 | 9 | 8 |
| 4 | Accommodation for travellers ... | 1,855 | 15 | 6 | ... | 1,855 | 15 | 6 |
| 5 | Planting road-side trees, &c. ... | 1,731 | 6 | 1 | ... | 1,731 | 6 | 1 |
| 6 | Chief's house at Poona ... | 11,343 | 10 | 0 | ... | 11,343 | 10 | 0 |
| 7 | Repairs ... ... .. | 7,354 | 4 | 3 | ... | 7,354 | 4 | 3 |
| 8 | Miscellaneous ... ... | 5,494 | 3 | 4 | ... | 5,494 | 3 | 4 |
| | Total ... | 45,491 | 11 | 8 | ... | 45,491 | 11 | 8 |

It will be seen that more public works were undertaken than last year. The total expenditure being Rs. 45,491 against Rs. 32,264. The State Wada at Poona has been completed at a cost of about Rs. 21,000. Water-supply, roads, tree-planting, school-houses and dharmsallas have all received attention.

## CHAPTER V.—Revenue and Finance.

Revenue and Finance.

29. The gross revenue of the State, including alienations and debt heads, is Rs. 2,38,729-6-8. The subjoined three statements will give a general idea of the finances of the State for 1891-92, as contrasted with those of the three previous years.

While the receipts have decreased by about Rs. 40,000, the expenditure has increased. The decrease in the receipts has been caused by suspensions of revenue granted on account of failure of crops, and is more apparent than real, as it is hoped that most of the suspended revenues will be collected in 1892-93 The increase in the expenditure is mainly due to the high prices paid for food grains and fodder for the Chief's household and stables (Rs. 7,233) and the extra expenditure incurred on relief works, and tagái advances made to the rayats (*vide* paragraph 24 *ante*). If the extra charges entailed by the year's scarcity are eliminated from the accounts, the ordinary expenditure for the year of report is less than that of the past year :—

30. Remissions were granted to the extent of Rs. 2,031-1-0. This amount of outstanding was of a very long standing, and there was no chance of recovering it.

Remissions.

31. The receipts from stamps amounted to Rs. 3,383 as against Rs. 4,093 in 1890-91. The decrease in this source of revenue is due to less stamps having been applied for, consequent on the decline in the number of civil suits as remarked in paragraph 17 above.

Stamps.

## CHAPTER VI.—Medical and Vital Statistics.

Medical and Vital Statistics.

32. The following table will show the relief afforded to the sick and the money spent for that purpose :—

*Table I.—Dispensaries.*

| Dispensary. | No. of patients treated. | | Results. | | | | Expenditure. | Daily average. |
|---|---|---|---|---|---|---|---|---|
| | In-door. | Out-door. | Discharged. | Absented. | Died. | Remaining under treatment. | | |
| | | | | | | | Rs. a. p. | |
| Badgáon ... | ... | 6,926 | 4,088 | 2,770 | 11 | 57 | 3,373 15 10 | 67·2 |
| Gudgeri ... | ... | 2,182 | 1,579 | 563 | 1 | 39 | | 22·9 |
| Total ... | ... | 9,108 | 5,667 | 3,333 | 12 | 96 | 3,373 15 10 | 90·1 |

It will be seen that the number of patients has increased during the year by nearly 500. The average attendance has improved from 70·7 to 90·1. This shows how English medicine is slowly becoming popular amongst the people, who have begun to appreciate the benefits of the charitable institutions kept up by the State for their relief at great expense.

*Table II.—Births and Deaths.*

| | 1890-91. | 1891-92. | Increase. | Decrease. |
|---|---|---|---|---|
| Births ... ... | 1,203 | 1,319 | 116 | ..... |
| Deaths ... ... | 787 | 1,076 | 289 | ..... |

There is a remarkable increase both in the number of births and deaths. The scarcity does not appear to have exercised its baneful influence on either. Cholera and fever epidemics which prevailed for sometime are mainly responsible for the increase in deaths.

There were 126 deaths from cholera and 15 from small-pox.

*Table III.—Vaccination.*

| Operation, by whom performed. | Number of persons vaccinated in 1890-91. | Number of persons vaccinated in 1891-92. | Results. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1890-91. | 1891-92. | 1890-91. | 1891-92. |
| 2 Vaccinators ... | 1,195 | 1,028 | 1,171 | 949 | 24 | 79 |

Besides the two Vaccinators there is an Inspector of Vaccination, who superintends their work. This Inspector has been trained in his duties by the Deputy Sanitary Commissioner, Southern Registration Districts. The year's vaccination work does not appear to have been so satisfactory as the previous year's. Less persons were vaccinated and the number of successful operations was less than in 1890-91. The Inspector and Vaccinators have been cautioned to be more diligent and to show more activity next year.

A dispensary for cattle was opened at Gudgeri as an experimental measure under a graduate of the Bombay Veterinary College. What with the scarcity and what with the apathy of the people, no animals were brought for treatment, and the institution had to be closed.

## CHAPTER VII.—Instruction.

Instruction.

33. One more Hindustáni school was opened in the State during the year for its Mahomedan subjects, thus making the number of schools 29. These were attended by 1,277 scholars or by 136 less than in 1890-91. The cause of the decrease in the attendance was the year's scarcity, during which many rayats withdrew their children from school and got them employed on works to eke out the family income. As usual, the schools were inspected by the Government Deputy Educational Inspectors of Dhárwár, Sholápur and Sátára, in which the state villages are respectively situated. They all speak favourably of the schools and the instruction given in them. The Political Agent and the Assistant Political Agent also examined some of the schools at Budgaon and Gudgeri, and found them well and satisfactorily conducted.

There are 4 girls' schools teaching 177 girls or 18 less than in 1890-91. The decrease is due to the same causes which influenced the reduction in the number of boys. One girls' school, that at Kowtha is presided over by a mistress trained at the Poona Female Training School under Miss Hurford. There is no progress to report in female education as the people have not yet learnt to appreciate the advantages of educating women.

The following statement gives all necessary particulars regarding the State schools and scholars :—

| Number. | Descriptions of schools. | Number of pupils on the rolls on 31st March 1891. | Number of pupils on the rolls on 31st March 1892. | Daily average attendance. |
|---|---|---|---|---|
| 23 | Vernacular schools for boys ... | 1,184 | 1,036 | 778·8 |
| 4 | Vernacular schools for girls ... | 195 | 177 | 119 |
| 2 | Hindustáni ... ... ... | 34 | 64 | 43·3 |
| | Total ... | 1,413 | 1,277 | 941·1 |

Conclusion.

34. In conclusion, I have much pleasure in stating that the State officials have, with rare exceptions, worked satisfactorily and in harmony with one another. The year was one of peace, but was marred by an unfavourable season, which caused dearth of food-grains, fodder and drinking water. However, owing to the importation of grains from favoured districts by railway, no such distress was caused as that in 1876-77.

There are no printing presses in this state, but there are two libraries which subscribe to a few vernacular journals, and possess a small collection of books on various subjects.

I have the honour to be,
Sir,
Your most obedient Servant,
G. K. SOVANI,
State Kárbhári, Miraj Junior.

FOR THE YEAR 1892-93.

No. 173 of 1893.

FROM

G. K. SOVANI, ESQUIRE,
State Kárbhári, Miraj Junior;

To

THE ASSISTANT POLITICAL AGENT,
Southern Marátha Country.

*Miraj, 4th July 1893.*

SIR,

Administration Report for 1892-93.

I have the honour to submit the Annual Administration Report of the Miraj Junior State for 1892-93 (Fasli 1302).

Statements I to XVII.

2. The usual statements, as per margin, accompany.

## CHAPTER I.—POLITICAL.

Political relations.

3. The political relations of this State with the British Government are fully described in Appendices I and II to this report.

Chief's health and studies.

4. The young Chief, Luxmanrao Harihar *alias* Anna Saheb is now in his 17th year. His health has been much better during the year under report. He had no attacks of melancholia from which he suffered in previous years. He attended the Rájárám College throughout the year, with the exception of about a month towards the end of the cold weather, when his presence was required at Miraj in connection with his marriage which took place in February last. Of his studies, &c., Mr. Candy writes that his conduct is excellent and progress in studies good except in arithmetic.

Important event of the year.

5. The most important event of the year in the State's history was the marriage of the Chief with Sitabai Saheb, daughter of Khanderao Raste, a Tainatdár of Jamkhandi. The ceremony was performed with much eclat at a cost of Rs. 62,903-9-3 in the presence of a large gathering of friends and relatives of the family. Every possible economy was practised consistent with the due performance of the ceremony, and the expenditure is within the sanctioned amount.

Changes in the administration.

6. Mr. Govind Gopal Bedekar was appointed to the vacant post of the munsiff of Kowta in September last. There were no other changes in the personnel of the Administration.

## CHAPTER II.—ADMINISTRATION OF LAND.

Survey and settlement.

7. The Kowta and Gudgeri Tálukas of this State have already been surveyed and assessed. The three villages of the Kuroli Táluka and 6 dumála villages in the Kowta Táluka still await settlement. The work of measurement in these 9 villages was completed about 7 or 8 years ago, but the Survey Department has not yet proposed the rates of assessment. That Department has been several times asked through the Agency to expedite this work, and it is hoped that early arrangements may be made to settle the remaining 9 villages.

Wadhava and watan registers.

8. The work of settling the wadhava or excess lands in the possession of Inámdárs in the Kowta Táluka is in progress and will be completed in the course of the year. The preparation of watan registers has also been taken up and entrusted to the munsiff who has not enough civil work.

Waste lands.

9. 125 acres 35 gunthás of waste land were taken up for cultivation in the Gudgeri Táluka and 71 acres 28 gunthás in the Kowta Táluka. The following table will show the particulars regarding waste lands :—

| Extent of cultivable area for | | Taken up. | | Waste remaining at the end of the year. | | Percentage of cultivable lying waste in | |

The waste land remaining uncultivated is mostly of an inferior kind and as the pressure of the population increases, it will be gradually brought under the plough.

Audit accounts.

10. The accounts of the State for 1891-92 were audited by Ráo Sáheb Pandurang Tamaji Sondur, Head Accountant, Belgaum, specially deputed by Government for the purpose with satisfactory results. That officer found that the balance was correct and that the accounts had been neatly kept.

Boundary dispute.

11. The boundary dispute between Gudgeri and Sultánpur is still under consideration.

Wards' estate.

12. The following table exhibits full particulars of the management of wards' estates in this State.

Three more wards' estates have come under management than in the past year. Every care is being taken of the wards and their education is being attended to.

## CHAPTER III.—Protection.

Legislation.

13. No fresh legislation was required by the State during the year, the laws in force having been found sufficient for all practical purposes.

Military force.

14. There is no military force in this State.

Police and their work.

15. Appendix VI shows the strength and cost of the police force of the State. There is an increase of 4 in the number of police. The increase is due to 4 places, which were vacant in 1891-92, having been filled up.

The Police were more successful in bringing offenders to justice than last year. More offences were reported to them but less accused persons were arrested and sent for trial than in 1891-92, arguing that the Police were more discreet in arresting accused persons. Of the 88 persons sent for trial, 60 were convicted. The percentage of convictions to accused sent for trial has risen from 45·5 to 68·1, but the same success has not attended their efforts to recover stolen property, the percentage of the recovery having fallen from 42·7 to 36·2. But it often happens that stolen property is not always recovered in the year in which it is stolen. This accounts for the fluctuations in the percentage of recoveries. The Police have however been warned to be more diligent and to recover as much of the stolen property as possible. There were no heinous offences except one case of murder, one of culpable homicide and one of attempt to murder.

There was no change in the number of the Police Patils and Shetsandis who assisted the regular Police in the prevention and detection of crime.

There are 22 Silledár-sowárs, 15 of whom serve as mounted Police. Each Silledár gets Rs. 25 a month and contributes Rs. 2 to a horse fund which has been created this year.

Criminal Justice.

16. The statistics of criminal justice are given in Appendices IX, X and XI. There are 9 Courts of criminal justice or 3 more than in 1891-92. The villages of the State are so scattered and distant from the head-quarters that 3 more Magisterial Courts had to be created to suit the convenience of parties. They dealt with 107 offences involving 245 persons against 121 offences and 243 persons. Of the 245 persons dealt with, 40 were discharged, 67 acquitted, 113 convicted and 25 committed for trial. No accused remained undisposed of at the close of the year. The year's criminal work is more satisfactory than it was last year. The number of discharges is the same as that of 1891-92, but the number of acquittals is much less. The tendency of the people to use the Criminal Courts to settle civil differences appears to be waning, but no improvement is noticeable in the discreet use of the criminal process by the Magistracy. They have been warned to exercise more discretion in such matters.

There were 3 suicides and 15 accidental deaths. Last year there was no suicide but 10 accidental deaths.

Extradition.

17. Eleven accused persons were obtained by extradition, 7 from British Districts and four from the Kolhápur State. This State surrendered 1 accused person to the British Government. All the extradited persons were promptly dealt with and fairly treated.

Prisons.

18. There are 3 State jails, the central one being at Budgaon, the headquarter town of the State. There were 61 admissions against 49, the increase being due to more convictions. The conduct and health of the prisoners were generally good. In the case of 8 prisoners alone had the ratan to be used to enforce jail discipline. The daily average attendance was 31·3 and the cost to the State was Rs. 2,075-10-5. The jails were in excellent order and very clean. Both the Assistant Political Agent, Southern Marátha Country, and Political Agent have expressed themselves satisfied with their management.

Civil Justice.

19. The 4 Civil Courts in the State dealt with 112 suits and disposed of 104, leaving 8 at the close of the year. The corresponding figures for last year were 68, 61 and 7 respectively. There is a marked increase in the number of suits filed. The very small number of suits filed last year was due to the effects of the scarcity which prevailed in two tálukas of the State. Still the average work for the Civil Courts is comparatively little. The reasons are that there is no imprisonment for debt and no sale of immoveable property in execution of decrees in simple money suits. The average duration of suits was 1 month and 22 days against 2 months

and 21 days last year. There is a great improvement in the average duration of suits in the Gudgeri Court, which has fallen from 7 months 13 days to 2 months and 17 days. More suits were filed and more disposed of in a much shorter time than last year. This is creditable to the Munsiffs.

Of 77 applications for execution of decrees, 68 were disposed of against 68 and 51, respectively. The balance at the close of the year was 9 against 17.

The number and value of suits are shown in the subjoined statement :—

Of the 11 appeals 6 were decided, leaving 5 at the close of the year. Owing to the preparations for the Chief's marriage which occupied the Karbháris much for some months 5 appeals remained undisposed of, but 4 of them have been decided since the close of the year. The average duration of the appeals was 1 month 26 days against 2 months 27 days in 1891-92 and 3 months and 7 days in 1890-91, which shows that there has been a gradual improvement in this respect.

Working of the Mámlatdárs' Court.

20. Thirty-seven possessory suits were filed in the Courts of the Mámlatdárs and were all disposed of. This is creditable to these Courts.

Registration.

21. The receipts and expenditure of the Registration Department are given in the following table :—

| Description. | 1891-92. | | | 1892-93. | | | Remarks. |
|---|---|---|---|---|---|---|---|
| | Number of Deeds. | Value of Property. | Fees realized. | Number of Deeds. | Value of Property. | Fees realized. | |

| Net Profit ... | ... | ..... | 1,249 14 8 | ... | ..... | 1,230 3 8 | |

Although more documents were registered during the year, their value was less, which accounts for the decrease in the fees.

Municipalities.

22. The following table shows the receipts and disbursements of the three Municipalities in the State :—

| Name of Municipality. | Balance on 1st June 1892. | Receipts during the year. | Total. | Expenditure during the year. | Balance on 31st May 1893. |
|---|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Budgaon ... ... | 237 8 8 | 1,060 6 2 | 1,297 14 10 | 1,110 15 2 | 186 15 8 |
| Kowta ... ... | 44 11 8 | 1,229 8 0 | 1,274 3 8 | 806 0 9 | 468 2 11 |
| Gudgeri ... ... | 331 7 5 | 2,055 12 1 | 2,387 3 6 | 1,253 13 1 | 1,133 6 5 |
| Total ... | 613 11 9 | 4,345 10 3 | 4,959 6 0 | 3,170 13 0 | 1,788 9 0 |

Their income is derived mainly from house-tax and State grants. The towns are small and much cannot be expected. The levy of Octroi duties might increase the income a little, but this is injurious to the local trade and from the experience of other municipalities appears to be vexatious to the people. It is in contemplation to create municipalities at Haripur, Deshing, Waifale and Hirewadvati as the population of each is about 2,000.

## CHAPTER IV.—Production and Distribution.

Agriculture.

23. Appendix XVI is a detailed statement of agricultural live stock. There is a marked decrease in the number of bullocks, cows, buffaloes, ploughs and carts due to the effects of last year's scarcity. Fodder was scarce and many cattle perished or were disposed of at nominal prices. Advances were made to the rayats for the purchase of bullocks, &c., but that was hardly sufficient to replace the lost animals. A succession of good harvests will be necessary before the agricultural stock recovers its former position. The area under cultivation is contrasted in the following table with the total culturable area for 1891-92 and 1892-93 :—

| | 1891-92. | 1892-93. |
|---|---|---|

The rates of wages for skilled and unskilled labour were as follows:—

| Labourers. | | Mason. | Carpenter. | Blacksmith. | Cart. | Pony. |
|---|---|---|---|---|---|---|
| Males. | Females. | | | | | |
| as. | as. | as. | as. | as. | as. | as. |
| 4 | 2 | 8 | 8 | 8 | 12 | 4 |

It is satisfactory to observe that common labourers are getting higher and higher wages day by day.

Season and crops.

24. The season was on the whole a favourable one. The rainfall was abundant and the later rains were so heavy that much damage was done to the crops. The rainfall was as follows :—

| | 1891-92. | 1892-93. |
|---|---|---|
| Budgaon ... ... ... ... | 15·2 | 49·22 |
| Gudgeri ... ... ... ... | 21·11 | 45·26 |
| Kuroli ... ... ... ... | 20·30 | 46·25 |

The rainfall was much above the average. The early rains were sufficient and timely for agricultural operations, but the late rains were too heavy and caused great damage to standing crops. The outturn of kharif and rabi crops was above the average, being respectively about 9 and 11 annas. There was plenty of fodder and prices of food-grains ruled lower than in 1891-92. The revenue was easily collected together with the instalments of the takávi advances due in 1892-93.

The outturn of crops in each of the tálukas was as follows:—

| | Kharif. | Rabi. |
|---|---|---|
| Kowtah ... ... ... | 8 | 8 |
| Gudgeri ... ... ... | 10 | 12 |
| Kuroli ... ... ... | 8 | 12 |

The wheat crop in the Gudgeri Táluka was attacked by blight, but cotton turned out excellent while in the Kowta Táluka the wheat and cotton crops were somewhat damaged by rats.

Prices.

25. The following is a contrasted table of the prices of staple food-grains :—

| Articles. | Per rupee in seer of 2 lbs. | |
|---|---|---|
| | 1891-92. | 1892-93. |
| Wheat ... ... | 11 | 12 |
| Tur dál ... ... | 10 | 14 |
| Rice, common ... | 8½ | 10½ |
| Jowári ... ... | 18 | 21½ |

Owing to a good harvest food-grains became much cheaper. Agricultural labourers had enough employment in the fields, and no relief had to be given.

Forest.

26. The State has no forests properly so-called. There are some reserved waste lands, on which scrub jungle grows. They also furnish pasturage to cattle and sheep. Efforts are being made to grow forest trees on these lands. The income which mostly consists of grazing fees was Rs. 1,786-11-11, while the expenditure was Rs. 301.

Trade.

27. Gudgeri is the only place that has some trade in cotton and wheat. During the year it exported cotton of the value of Rs. 1,00,000, but no wheat as the crop was a failure. Bhadgaon has a small population of Koshtis who manufacture sádis and coarse dungry cloth. It exported about Rs. 35,000 worth of cotton cloth. No vexatious taxes are imposed on trade and the State enforces a policy of free trade.

Fairs.

28. There were two fairs—one at Haripur visited by about 2,000 pilgrims and the other at Khilegaon by about 3,000, but no trade of any importance takes place. Sweetmeats, cloths, bangles and other bazár articles are the only things sold.

Public Works.

29. The following statement shows the expenditure incurred on works of public utility during the year under report :—

| Number. | Works. | State Fund. | | | Local Fund. | Total. | | |
|---|---|---|---|---|---|---|---|---|
| | | Rs. | a. | p. | | Rs. | a. | p. |
| 1 | Communication ... ... | 8,222 | 9 | 2 | ... | 8,222 | 9 | 2 |
| 2 | School-houses ... ... | 3,107 | 1 | 4 | ... | 3,107 | 1 | 4 |
| 3 | Water-supply ... ... | 11,147 | 13 | 5 | ... | 11,147 | 13 | 5 |
| 4 | Accommodation to travellers ... | 2,975 | 9 | 0 | ... | 2,975 | 9 | 0 |
| 5 | Planting road-side trees ... | 1,562 | 14 | 7 | ... | 1,562 | 14 | 7 |
| 6 | Chief's house at Poona ... | 12,896 | 5 | 1 | ... | 12,896 | 5 | 1 |

| | Total ... | 46,607 | 10 | 3 | ... | 46,607 | 10 | 3 |

It will be seen that more public works were undertaken than last year. The total expenditure was Rs. 46,607-10-3 against Rs. 45,491-11-8. Roads, wells, tanks, school-houses, dharmshálás and tree-planting all received attention.

Cattle-breeding.

30. The State has a cattle-breeding farm at Alkud. There are 105 head of the Hanam breed, 16 buffaloes and 11 ponies and mares.

Prizes were won at the Chinchli show for the animals and grains exhibited from the Miraj Junior State as follows :—

| | | Rs. |
|---|---|---|
| 1 | Horse ... ... ... ... | 36 |
| 1 | Do. ... ... ... ... | 35 |
| 1 | Do. ... ... ... ... | 25 |

There is a considerable increase both in receipts and expenditure. The increase in the receipts is due to the revenue suspended on account of scarcity having been collected, while increased expenditure has been caused mainly by the high prices paid for food-grains and fodder for the Chief's household and stables and the extraordinary expenditure incurred on account of the Chief's marriage. The normal expenditure, however, is by no means in excess of the normal income or the average expenditure of previous years.

Remissions.

32. Remissions were granted to the extent of Rs. 468-4-4 against Rs. 2,031-1-0. The balance remitted was of a long standing, and there was no possibility of recovering it.

Stamps.

33. The receipts from stamps were Rs. 4,160 against Rs. 3,383 in 1891-92. The increase is due to more stamps having been sold in consequence of the increase in the number of civil suits as remarked in paragraph 18 above.

Ábkári and Opium.

34. The Ábkári farm has been surrendered to Government, who pay to the State Rs. 2,434-14-4 on account of compensation. The cultivation of poppy is prohibited under agreement with Government, and the quantity of opium required in the State is purchased from the British Districts.

## CHAPTER VI.—Medical and Vital Statistics.

Medical Relief and Vital Statistics.

35. The following table will show the relief afforded to the sick and the money spent for that purpose :—

*Table I.—Dispensaries.*

| Dispensary. | Number of patients treated. | | Results. | | | | Expenditure. | Daily average. |
|---|---|---|---|---|---|---|---|---|
| | In-door. | Out-door. | Discharged. | Absented. | Died. | Remaining under treatment. | | |
| | | | | | | | Rs. a. p. | |
| Bhadgaon ... | ... | 5,406 | 4,334 | 1,025 | 4 | 43 | 3,350 15 8 | 60·4 |
| Gudgeri ... | ... | 3,273 | 2,606 | 593 | 1 | 73 | | 37·9 |
| Total ... | ... | 8,679 | 6,940 | 1,618 | 5 | 116 | 3,350 15 8 | |

The number of patients treated at the dispensaries was 8,679 or 429 less than in 1891-92. While there is a considerable falling off in the attendance of the Bhadgaon Dispensary, there is a rise in that of the Dispensary at Gudgeri. The expenditure on this Department was Rs. 3,350-15-8 or slightly less than last year.

A nurse trained at the Kolhápur nurse's class at the expense of the State is now attached to the Bhadgaon Dispensary. This is a boon to women needing medical relief.

*Table II.—Births and Deaths.*

| | 1891-92. | 1892-93. | Increase. | Decrease. |
|---|---|---|---|---|
| Births ... ... | 1,319 | 1,275 | ..... | 44 |
| Deaths ... ... | 1,076 | 927 | ..... | 149 |

There is a decrease both in the number of births and deaths. There were 70 deaths from cholera and 11 from small-pox. Fever and bowel complaints are responsible for most of the remaining deaths.

*Table III.—Vaccination.*

| Operation by whom performed. | Number of persons vaccinated in 1891-92. | Number of persons vaccinated in 1892-93. | Results. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1891-92. | 1892-93. | 1891-92. | 1892-93. |
| 2 Vaccinators ... | 1,028 | 1,091 | 949 | 1,051 | 79 | 40 |

The year's vaccination work is more satisfactory than last year's. The Deputy Sanitary Commissioner, however, says that it is not up to the mark. The Vaccination Inspector and the Vaccinators have been warned to be more active.

## CHAPTER VII.—Instruction.

Education.

36. The number of schools is the same as last year, *viz.*, 29. They were attended by 1,308 scholars or 31 more than in 1891-92. As usual the schools were inspected by the Government Deputy Educational Inspectors of Dhárwár, Sholápur and Sátára in which the State villages are respectively situated. They speak generally well of most of the schools and the instruction given in them. The masters of schools, which have not done well, have been censured and warned to be more diligent. The Political Agent and the Assistant Political Agent, Southern Máratha Country, examined some of the schools at Budgaon and found them well conducted.

There are 4 girls schools attended by 182 girls or 5 more than last year. There are many girls of school-going age, but people do not send their girls to school as female education is not yet appreciated. As time goes on and enlightened views prevail, more progress may be looked for.

The following statement gives all necessary particulars regarding State schools and scholars :—

| Number. | Description of Schools. | Number of pupils on the rolls on 31st March 1892. | Number of pupils on the rolls on 31st March 1893. | Daily average attendance. |
|---|---|---|---|---|
| 23 | Vernacular schools for boys ... | 1,036 | 1,067 | 758·88 |
| 4 | Vernacular schools for girls ... | 177 | 182 | 108·18 |
| 2 | Hindustáni ... ... ... | 64 | 59 | 39·15 |
| | Total ... | 1,277 | 1,308 | 906·21 |

The education of the lower castes has also received attention. A school has been established for low caste boys at Budgaon, which is now attended by 32 scholars.

There are two Hindustáni schools for Mahomedan boys and in places, where there is not a sufficient number, Hindustáni classes have been attached to the schools. There are three such classes.

For the promotion of education the State has instituted 4 scholarships for State subjects. 2 scholarships of Rs. 6 each are given to 2 scholars attending any of the recognised high schools in the Bombay Presidency, 1 of Rs. 12 to a scholar attending an Art's College and 1 of Rs. 13 to a scholar attending the

Victoria Technical Institute, Bombay. A sum of Rs. 11,100 has been set apart as a Scholarship Endowment Fund and invested in 4 per cent. Government paper.

The State also wishes to have trained teachers for its vernacular schools. With that end in view it is in contemplation to send 2 scholars to the new Kolhápur Training College when that institution is opened.

## CHAPTER VIII.—MISCELLANEOUS.

Miscellaneous.

37. There are 4 post offices in the State, one at each of the three táluka stations and the 4th at Kowta. Money order and Savings Bank business is transacted at the Budgaon and Gudgeri Post Offices. The system of paying money orders to the payees in all villages of the State at their residence has been recommended to the Postal Department as it is thought it will be a great convenience to the villagers. There is no telegraph office in any town in the State.

Printing Presses and Libraries.

38. There are no printing presses in the State. There were two public libraries in the State at Budgaon and Gudgeri. Three more have been established al Kowta, Haripur and Khandáli. All the 5 libraries subscribe to a few journals and possess a few books on various subjects.

Records.

39. There are 2,442 daftars containing the records of the State, of which 489 have been arranged and indexed. The work of arranging and indexing the remainder is in progress. A. and B. lists of the records of the years 1887 to 1890 have been made. Two kárkúns have been employed on this work.

Conclusion.

40. I have much pleasure in stating that the State officials have all worked satisfactorily and cordially co-operated with me in carrying on the work of administration. The year was one of peace and progress. The general health was better and trade more active than last year. The harvest was a good one which enabled the rayats to export cotton, oil-seeds, cereals, &c., after satisfying local requirements.

I have the honor to be,
Sir,
Your most obedient Servant,
G. K. SOVANI,
State Kárbhári, Miraj Junior.

# ANNUAL REPORT

OF THE

# MIRAJ JUNIOR STATE.

## 1894-95.

No. 167 of 1895.

From

G. K. SOVANI, Esquire,
State Kárbhári, Miraj Junior;

To

The ASSISTANT POLITICAL AGENT,
Southern Marátha Country.

*Miraj, 1st July 1895.*

Sir,

Administration Report for 1894-95.

I have the honour to submit the Annual Administration Report of the Miraj Junior State for 1894-95 (Fasli 1304).

Statements I to XVII.

2. The usual statements as per margin accompany.

## CHAPTER I.—Political.

Political relations.

3. The political relations of this State with the British Government are fully described in Appendices I. and II. to this report.

Chief's health and studies.

4. The young Chief Laxmanráo Harihar *alias* Anna Sáheb is now in his 19th year. His health has been good during the year of report. He attended the Rájárám College regularly throughout the year. Mr. Candy, the Principal of the College, writes that his conduct is good and progress fair.

Important event of the year.

5. There was no event of any importance during the year.

Changes in the Administration.

6. There were no changes in the personnel of the administration.

## CHAPTER II.—Administration of Land.

Survey and Settlement.

7. As stated last year, the Survey Department has made proposals for the settlement of the three Saranjámi villages and one Inám village in the Kuroli Táluka. Though yielding a somewhat reduced income, the new rates have been accepted by the State for the good of the people and will be brought into force from the current year. The Sub-saranjámdárs of the 6 dumála villages did not, however, accept the rates proposed and asked for very high rates, but after some correspondence they have agreed, by way of compromise, to slightly higher rates than those offered by the Survey Department. It is believed that this will be more advantageous to the rayats than the *status quo ante* inasmuch they will not have to pay many vexatious bábs which they were hitherto paying, and the land-tax will be equally distributed on all the lands.

Wadháva and Watan registers.

8. Orders have been issued to levy the assessment on the Wadháva or excess lands in the possession of the Inámdárs of the Kowta Petha. The net result of these operations is a profit to the State of Rs. 800 a year, which was unauthorisedly enjoyed by the Inámdárs. The work of preparing watan registers is in progress. The Pátilki watans of 8 villages have been inquired into and evidence recorded. Registers of the kulkarni watans of seven villages have been completed.

Waste lands.

9. 1,864 acres 25 gunthás were taken up for cultivation in the Kowta Táluka and 227 acres 19 gunthás in the Gudgeri Táluka; total acres 2,092 and gunthás 4. 22 bighás

and 10 pánds were also brought under the plough in the Kurqli Táluka. The following table will show the particulars regarding waste lands:—

| Names of Tálukas. | Extent of cultivable area for | | Taken up. | | Waste remaining at the end of the year. | | Percentage of cultivable land lying waste in | |
|---|---|---|---|---|---|---|---|---|
| | 1893-94. | 1894-95. | 1893-94. | 1894-95. | 1893-94. | 1894-95. | 1893-94. | 1894-95. |

| Bighás ... | 32 10 | 32 10 | ... | 22 10 | 32 10 | 10 0 | 100 | 30·7 |

It will thus be seen that nearly 2,100 acres of land have been brought into cultivation during the year and the anticipations of the previous year have been realised.

About 1,000 acres more of waste land in the Gudgeri Táluka have been applied for and sold, but they will figure in the next report.

Audit accounts.

10. The accounts of the State for 1893-94 were examined by Ráo Sáheb Pándurang Tamáji Sondur, Head Accountant, Belgaum, who had been specially deputed by Government for that purpose. That officer found the accounts to be satisfactory.

Boundary dispute.

11. The boundary dispute between Sultánpur and Gudgeri is still under consideration.

Wards' estates.

One of the 7 wards, Bharma bin Satápa, has attained his majority, and his estate will be handed over to him shortly.

## CHAPTER III.—PROTECTION.

Legislation.

13. No new laws were enacted or introduced into the State during the year.

Military force.

14. There is no military force in the State.

Police and their work.

15. Appendix VI. shows the strength and cost of the Police force, which consists of 3 Chief Constables and 134 constables of all grades, including savárs. It will be seen that the strength and cost of the force were the same as in the year previous. Twenty-four policemen were able to read and write and 26 under instruction in the Police school. Their conduct was generally satisfactory, only one haváldár having been degraded for misconduct.

The Police are more successful than last year in their work. Seventy-two offences were reported to them as against 86 in 1893-94 and 113 persons arrested against 114. Of these 90 were convicted, 22 acquitted or discharged, and one remained undisposed of at the close of the year. There is a marked improvement in the percentage of convictions to accused arrested and sent for trial, *viz.*, from 66·6 to 79·6. There is also an improvement in the percentage of recoveries to property stolen, *i.e.*, from 32·5 to 45·7. Property worth Rs. 349 was recovered in the shape of debt bonds and property worth Rs. 384 was left by the thieves on or about the scene of crime after abstracting and taking away valuables. It is satisfactory to note that last year's warning has had the desired effect, and that a marked improvement has taken place in their work. There were 42 fires in which Rs. 3,979 worth of property was destroyed. There was no case of proved incendiarism. There were no heinous offences except 3 cases of robbery, one of dacoity and one of murder, in which latter two persons were committed for trial and both convicted and sentenced to transportation for life.

Criminal justice.

16. Appendices IX, X, and XI give the statistics of criminal justice. There were 7 Magisterial Courts against 8 last year. They dealt with 116 offences involving 228 persons as against 129 cases and 233 persons. Of the 228 persons 130 were convicted, 22 acquitted and 64 discharged without trial, and 8 committed for trial. Three persons remained undisposed of at the end of the year. Compared with the previous year the work of the Magistrates is more satisfactory.

The following table gives the largest and shortest duration of cases in each Court during the year of report:—

| Names of Tribunals. | With the accused in custody. | | With accused on bail. | | Other proceedings. | |
|---|---|---|---|---|---|---|
| | Shortest. | Longest. | Shortest. | Largest. | Shortest. | Longest. |
| 1st Class Magistrate, Kowta ... ... | 1 | 13 | 1 | 28 | ... | ... |

| 2nd Class Magistrate, Gudgeri ... ... | 2 | 57 | 7 | 46 | ... | ... |

There were 5 sessions cases during the year against 2 in 1893-94. Four were disposed of and one remained for disposal at the close of the year. It was, however, disposed of in April last.

There were 19 accidental deaths and no suicides against 18 and 2 respectively in the previous year.

There were 6 appeals to the Sessions Court and 1 to the District Magistrate from the decisions of the Subordinate Magistrates. The decisions were upheld in 6 cases and reversed in one.

Extradition.

17. Six accused persons were obtained by extradition—3 from Inchalkaranji, 1 from Sángli and 2 from the British Districts, while 5 were surrendered—4 to the British Government and 1 to the Miraj Senior State. All the extradited prisoners were promptly dealt with and well treated.

Prisons.

18. There was no change in the number of jails or lock-ups. The 3 jails in the State admitted 85 prisoners against 73 in 1893-94, the increase being due to more convictions. The conduct and health of the prisoners were good. The daily average attendance of the prisoners was 31·5 and their cost to the State was Rs. 1,893-6. All the jails were in excellent order. Most of the prisoners were employed on hard labour. The Darbár Surgeon, Kolhápur, and the Assistant Political Agent, Southern Marátha Country, have expressed themselves satisfied with the management of the Central Jail at Budgaon.

Civil Justice.

19. There were 4 Civil Courts in the State. No suits were filed in the Huzúr Court. The three remaining Courts dealt with 198 suits as against 175 in 1893-94 and disposed of 180, leaving 18 undisposed of at the end of the year. Although more suits were filed, more were disposed of, leaving a smaller balance than in the previous year. The increase in the number of suits is due to fluctuations.

The longest and shortest duration of cases in each Court is given in the following table:—

| Name of the Court. | Longest duration of cases determined. | Shortest duration of cases determined. |
|---|---|---|
| | Y. m. d. | Y. m. d. |
| Kowta ... ... | 1 10 28 | 0 0 9 |
| Gudgeri ... ... | 1 10 0 | 0 0 14 |
| Kuroli ... ... | 0 1 28 | 0 0 11 |

The average duration of suits was 2 months 9 days against 1 month and 19 days last year. The average duration of suits in the Gudgeri Court was 3 months and 4 days against 3 months 5 days last year.

Of 116 applications for execution of decrees, 106 were disposed of against 97, the balance at the close of the year being 10 against 12 in 1893-94.

The number and value of suits are shown in the subjoined statement:—

| Name of Court. | Suits for Immoveable Property. | | | | Money Suits. | | | |

| Total ... | 43 | 7,574 | 52 | 3,802 | 124 | 7,137 | 113 | 6,102 |

There were 7 applications for heirship certificates and all were disposed of.

The work done by the Civil Appellate Court is shown in the subjoined statement:—

| Name of Court. | Opening Balance. | | Filed during | | Total. | | Disposed. | | Closing Balance. | | Value of Appeals filed during | | How disposed. | | | | | Average duration. | | | | | |

There were 16 appeals for disposal and all were disposed of. The average duration of the appeals was 3 months 18 days against 2 months 12 days. The delay was owing to adjournments which had to be made to suit the convenience of parties.

Working of the Mámlatdárs' Courts.

20. Twenty-nine possessory suits were filed in the Courts of the Mámlatdárs of Kowta, Gudgeri and Kuroli and were all disposed of. This is creditable to the Courts.

Registration.

21. The receipts and expenditure of the Registration Department are given in the following table :—

| Description. | 1893-94. | | | 1894-95. | | |
|---|---|---|---|---|---|---|
| | Number of Deeds. | Value of Property. | Fees realized. | Number of Deeds. | Value of Property. | Fees realized. |

Four-hundred and thirty-five documents involving property valued at Rs. 95,943 were registered against 379 documents and Rs. 85,384 worth of property, and the fees realised were Rs. 1,596 against 1,548.

Municipalities.

22. The receipts and disbursements of the 6 municipalities in the State are given in the following table :—

| Name of Municipality. | Balance on 1st June 1894. | Receipts during the year. | Total. | Expenditure during the year. | Balance on 31st May 1895. |

One more municipality was recently established at Hirewadwati. Its income and expenditure will appear in next year's report. No octroi duties are levied. Their income is mainly derived from a light house-tax which is supplemented by State grants. The chief expenditure incurred is on the improvement of the roads and sanitation of the municipal areas.

## CHAPTER IV.—Production and Distribution.

Agriculture

23. Appendix XVI. is a detailed statement of agricultural live-stock in the State. It will be observed that there has been a general increase under all heads except in colts and

ploughs with two bullocks. The increase in the number of cows, buffaloes and sheep is very considerable arguing that the year was a prosperous one as far as they were concerned. The area under cultivation is contrasted in the following table with the total culturable area for 1893-94 and 1894-95 :—

| | 1893-94. | 1894-95. |

The rates of wages were as follows :—

|---|---|---|---|---|---|---|---|
| | Male. | Female. | | | | | |
| | As. | As. | As. | As. | As. | As. | As. |

| Gudgeri ... ... | 3 | 2 | 8 | 8 | 8 | 10 | 4 |
| Kuroli ... ... ... | 3 | 1½ | 10 | 12 | 10 | 12 | ... |

The rates are the same as last year with slight variations.

Season and crops.

24. The season was on the whole not so favourable as last year. The rainfall was as follows :—

| Names of Tálukas. | 1893-94. | 1894-95. |
|---|---|---|
| Kowta ... ... ... | 30·56 | 25·43 |
| Gudgeri ... ... ... | 36·23 | 34·6 |
| Kuroli ... ... ... | 30·66 | 23·46 |

The rainfall was less than in 1893-94, but nearly equal to the average of the past 5 years. It was not evenly and properly distributed and the harvest was consequently not a good one. Fodder and drinking water were not plentiful. The revenue was however collected without any resort to coercive process together with most of the instalments of tákávi advances due in 1893-94. Fresh advances were made to the agriculturists to the extent of Rs. 11,930 against Rs. 950 in 1893-94.

The out-turn of crops in each of the tálukas was as follows :—

| | Kharif. | Rabi. |
|---|---|---|
| Kowta ... ... ... | 12 | 10 |
| Gudgeri ... ... ... | 8 | 12 |
| Kuroli ... ... ... | 10 | 10 |

The kharif crops were generally bad, but the rabi fared much better. Cotton, wheat and ground-nuts suffered both from want of sufficient rain and from disease.

Prices.

25. The following is a contrasted table of the prices of staple food grains :—

| Names of Tálukás. | Lbs. per Rupee. | | | | | |
|---|---|---|---|---|---|---|
| | Jowári. | Rice. | Wheat. | Gram. | Tur dál. | Bájri. |
| Kowta— | | | | | | |
| 1893-94 ... ... ... | 42 | 18 | 30 | 42 | 24 | 36 |
| 1894-95 ... ... ... | 50 | 18 | 32 | 32 | 22 | 46 |
| Gudgeri— | | | | | | |
| 1893-94 ... ... ... | 43 | 18 | 36 | ... | 26 | 42 |
| 1894-95 ... ... ... | 42 | 20 | 42 | ... | 20 | 42 |
| Kuroli— | | | | | | |
| 1893-94 ... ... ... | 36 | 20 | 16 | 42 | 22 | 37 |
| 1894-95 ... ... ... | 46 | 21 | 21 | 38 | 24 | 38 |

Jowari, bájri, and rice were generally cheaper than in 1893-94, but gram and tur were dearer.

Forest.

26. The total forest area was 705 acres and 9 gunthás. The income, which mostly consisted of grazing fees, was Rs. 877-14-8 against Rs. 724-5-0, and the expenditure was Rs. 253-11-4 against Rs. 263-9-4.

Trade.

27. Gudgeri exported Rs. 75,000 worth of cotton, Rs. 15,000 of wheat and Rs. 2,000 sesamum seed. The exports of cotton and wheat were larger than in 1893-94. Budgaon exported Rs. 35,000 worth of sáris and coarse cloth. There are no vexatious imposts on trade. The State has adopted a policy of free trade.

Fairs.

28. The Haripur and Khilegaon fairs were of the same size and magnitude as last year. The necessary sanitary precautions were taken, and there was no outbreak of cholera or any

other epidemic. These fairs did not attract trade of any importance. Ordinary bázár articles of insignificant value were sold.

Public Works.

29. The following statement shows the expenditure on works of public utility:—

| Head. | Amount. | | |
|---|---|---|---|
| | Rs. | a. | p. |
| Communications ... ... ... | 4,070 | 14 | 5 |
| School-houses ... ... ... | 3,172 | 8 | 2 |
| Dharmsháles ... ... ... | 775 | 1 | 8 |
| Other buildings ... ... ... | 12,838 | 14 | 4 |
| Water-supply ... ... ... | 9,997 | 7 | 11 |
| Road-side trees ... ... ... | 2,258 | 15 | 2 |
| Miscellaneous ... ... ... | 4,666 | 3 | 10 |
| Total ... | 37,780 | 1 | 6 |
| Establishment ... ... ... | 2,442 | 1 | 8 |
| Grand Total ... | 40,222 | 3 | 2 |

The expenditure of Rs. 40,222-3-2 was less than in 1893-94, but by no means inadequate considering the size and resources of the State.

Cattle-breeding.

30. At the State cattle-breeding farm there were 124 head of the Hanam breed of oxen, 23 buffaloes, and 8 ponies and mares. Last year's figures were 116, 22, and 8 respectively. It is the oxen only that show an appreciable increase in their number.

There was no agricultural show at Chinchli for 1895.

## CHAPTER V.—Revenue and Finance.

Revenue and Finance.

31. The gross revenue of the State, including alienations, is Rs. 2,57,923-13-0. The subjoined three statements will give a general idea of the finances of the State for 1894-95 as contrasted with those of the three previous years :—

| 4 | Judicial ... ... ... ... | 2,152 6 9 | 1,945 5 11 | 2,192 5 2 | 2,108 8 8 | This is a fluctuating item. |
| 5 | Stamps ... ... ... ... | 17 13 0 | ..... | ..... | 5 0 0 | |
| 6 | Education. | 10,312 10 9 | 9,693 8 8 | 7,533 4 5 | 7,524 1 5 | The decrease is slight and calls for no remarks. |
| 7 | Medical ... ... ... ... | 4,367 4 8 | 4,170 12 10 | 3,553 0 5 | 3,325 13 10 | The decrease is owing to the medical officer having taken leave on half-pay. |
| 8 | Public Works ... ... ... | 45,491 11 8 | 46,607 10 3 | 41,881 4 2 | 40,222 3 2 | The decrease is due to less public works having been undertaken. |
| 9 | Miscellaneous ... ... ... | 71,891 15 3 | 52,140 14 5 | 50,120 12 9 | 47,750 3 5 | The decrease is owing to less adjustments having been effected in 1894-95. |
| | Total ... | 2,32,597 1 8 | 2,50,744 3 6 | 1,92,606 6 4 | 1,86,980 14 9 | |

There is a decrease both in receipts and expenditure. The falling off in the land revenue collections is nominal, being due to the revenue suspended in 1891-92 having been collected partly in 1892-93 and partly in 1893-94 and the the revenue collections of 1894-95 being normal. The decrease in miscellaneous of Rs. 27,000 is also nominal, there being less adjustments than in 1893-94 to the extent of that amount. The decrease of Rs. 6,000 in expenditure is also not real, having been caused by more adjustments having been included in this item than in 1893-94. The normal income and expediture are nearly the same as in previous years.

Remissions.

32. Remissions were granted to the extent of Rs. 634-14-3 against Rs. 1,839-5-1. Of this Rs. 8-1-11 represented the irrecoverable outstandings of 1894-95 and the remainder those of previous years. Every effort was made to recover the amount remitted but in vain.

Stamps.

33. The receipts from stamps were Rs. 4,960 against Rs. 4,192-5-5. The increase is due to the growing tendency of the people to record their transactions on stamped paper instead of committing them to memory.

A'bkári and Opium.

34. The cession of the Abkári farm of the State to Government has been extended for a further period of 10 years, *i.e.*, to A.C. 1904, in consideration of the State receiving Rs. 2,843 annually on account of compensation for its loss of revenue. The cultivation of poppy is prohibited and the State gets a drawback of 20 per cent. on all opium purchased from British depôts for retail sale in its territory. The income from this source is Rs. 331-8-0.

## CHAPTER VI—Medical and Vital Statistics.

Medical relief and Vital Statistics.

35. The following table will show the relief afforded to the sick and the money spent for that purpose :—

*Table I.—Dispensaries.*

| Dispensary. | Number of Patients treated. | | Results. | | | | Expenditure. | Daily Average. |
|---|---|---|---|---|---|---|---|---|
| | In-door. | Out-door. | Discharged. | Absented. | Died. | Remaining under treatment. | | |
| | | | | | | | Rs. a. p. | |
| Budgaon ... | ... | 5,921 | 5,285 | 585 | 3 | 48 | 2,566 4 10 | 63·8 |
| Gudgeri ... | ... | 3,947 | 3,541 | 360 | 4 | 42 | | 44·8 |
| Total ... | ... | 9,868 | 8,826 | 945 | 7 | 90 | 2,566 4 10 | 108·6 |

The number of patients treated at the two State dispensaries was 9,868 or 182 less than in 1893-94. The decrease is attributed to the absence of any epidemic. The expenditure on these dispensaries was Rs. 2,566-4-10, and there was an ample supply of medicines.

The trained nurse in the Budgaon Dispensary continues to do her work satisfactorily.

Ten major and 66 minor operations were performed at these dispensaries and the diseases treated of were ague, worms, skin diseases, bowel complaints, &c.

*Table II.—Births and Deaths.*

| | 1893-94. | 1894-95. | Increase. | Decrease. |
|---|---|---|---|---|
| Births ... ... ... | 1,502 | 1,574 | 72 | ..... |
| Deaths ... ... ... | 879 | 914 | 35 | ..... |

There is an increase both in the number of births and in that of deaths. There were only 5 deaths from cholera and 498 from fever against 35 and 600 respectively last year. Diarrhœa proved fatal in 247 cases. 145 souls were carried off by other diseases and 19 deaths were accidental.

*Table III.—Vaccination.*

| Operation by whom performed. | Number of persons vaccinated in 1893-94. | Number of persons vaccinated in 1894-95. | Results. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1893-94. | 1894-95. | 1893-94. | 1894-95. |
| 2 Vaccinators... ... | 1,171 | 1,135 | 1,118 | 1,091 | 53 | 44 |

The year's vaccination work, which cost Rs. 759 to the State, was slightly less than last year's, but there were more re-vaccinations, being 133 against 84. The Vaccination Inspector and Vaccinators have been told to be more active and show better results. Of 133 re-vaccinations 77 were successful and 10 unsuccessful. In 46 cases the result was not known.

## CHAPTER VII.—Instruction.

Education.

36. There were 34 schools against 35 last year; one indigenous school having been closed during the year. They were attended by 1,414 scholars, or 27 more than in 1893-94, or 106 more than 1892-93, thus showing a progressive increase in attendance. As usual the schools were inspected by the Government Deputy Educational Inspectors of Sátára, Dhárwár and Sholápur, in which the State villages are respectively situated. They speak generally well of most of the schools and the instruction given in them. The masters of schools which have not shown good results have been censured and warned to be more diligent. The Assistant Political Agent, Southern Marátha Country, examined the schools at Budgaon and Gudgeri and expressed himself satisfied with their work.

There are 4 girls' schools attended by 148, or 8 less than in 1893-94. It is sad to note that there is a further falling off in their attendance. The best efforts of myself and táluka officials have been in vain to rouse an interest in female education. The schools are in small towns where female education is not appreciated.

The following statement gives all necessary particulars regarding the schools and scholars :—

| Number. | Description of Schools. | Number of pupils on the rolls on 31st March 1894. | Number of pupils on the rolls on 31st March 1895. | Daily average attendance. |
|---|---|---|---|---|
| 23 | Vernacular schools... ... ... | 1,047 | 1,080 | 786·3 |
| 4 | Girls' schools ... ... .. | 156 | 148 | 82·1 |
| 2 | Hindustáni schools ... .. | 53 | 51 | 25·8 |
| 3 | Low caste schools ... ... ... | 78 | 84 | 59·7 |
| | Total ... | 1,334 | 1,363 | 953·9 |
| 2 | Indigenous schools... ... ... | 53 | 51 | 41·2 |
| 34 | Grand Total ... | 1,387 | 1,414 | 995·1 |

The three schools for low castes were attended by 84 scholars against 78 in 1893-94—an increase of 6. There are hopes that these schools will flourish.

Higher or secondary education is not yet in demand as the population is mostly agricultural. To encourage education, however, generally 2 scholarships, 1 in Medicine and 1 in Engineering, have been created this year for such of the State subjects as may elect to prosecute their studies in the above branches. A third scholarship has been established to enable girls from the State schools to fit themselves for school-mistressships. This is in addition to the Reeves' scholarships already sanctioned.

## CHAPTER VIII.—MISCELLANEOUS.

Miscellaneous.

37. There are 4 post offices in the State, one at each of the three táluka stations, and the 4th at Kowta. All these post offices transact money order and savings bank business. There is no Government Telegraph Office in any town in the State.

Printing press and libraries.

38. The State has opened as an experimental measure one printing press, at which forms, &c., required for the use of the State are printed. The libraries are 5 in number and subscribe to a few journals and possess a small stock of books on various subjects.

Kárbhári's tour.

39. I visited all the villages in the Miraj Junior Jághir and did the jamábandi and other district work connected with them.

Records.

40. One hundred and fifty-four daftars of old records have been arranged during the year.

Conclusion.

41. In conclusion I have much pleasure in stating that all the State officials have discharged their duties satisfactorily with but 2 exceptions and cordially worked with me in carrying on the administration.

I have the honour to be,
Sir,
Your most obedient Servant,
G. K. SOVANI,
State Kárbhári, Miraj Junior.

# ANNUAL REPORT

OF THE

# MIRAJ JUNIOR STATE,

## 1895-96.

No. 183 of 1896

FROM

G. K. SOVA'NI, ESQUIRE,
State Kárbhári, Miraj Junior;

To

THE ASSISTANT POLITICAL AGENT,
Southern Marátha Country.

*Miraj, 4th July 1896.*

SIR,

Administration Report for 1895-96.

I have the honour to submit the Annual Administration Report of the Miraj Junior State for 1895-96 (Fasli 1305).

Statements I to XVII.

2. The usual statements as per margin accompany.

## CHAPTER I.—POLITICAL.

Political relations.

3. The political relations of this State with the British Government are fully described in Appendices I and II to this report.

Chief's health and studies.

4. The young Chief Laxmanráo Harihar *alias* Anna Sáheb, is now in his 20th year. He has enjoyed good health and attended the Rájárám College throughout the year. Mr. Candy, the Principal of the College, writes that he is very regular and well-behaved; and though he is naturally slow in speaking, he has improved in intelligence and made good progress. Since the close of the year, Government have permitted him to reside in his State in order that he may be gradually initiated by the Joint Administrators in the management of his own affairs and instructed in law. A law tutor has been appointed for this purpose on a salary of Rs. 125 per month.

Important event of the year.

5. There was no event of any importance during the year.

Changes in the administration.

6. There were no changes in the personnel of the administration.

## CHAPTER II.—ADMINISTRATION OF LAND.

Survey and Settlement.

7. The new survey rates have been introduced into the Kuroli Táluka consisting of the three saranjámi villages and one inám village and into the six dumála villages of the Kavata Táluka, with the following results:—

| Survey where introduced. | Revenue according to old rates. | Revenue according to new rates. |
|---|---|---|
| | Rs. a. p. | Rs. a. p. |
| Kuroli Taluka, including the inám village of Tanu ... | 14,926 12 1 | 12,707 10 0 |
| Six Dumala villages in Kavata Taluka ... ... | 13,501 5 6 | 14,507 12 0 |

It will be seen that while the Dumáldárs have profited to the extent of Rs. 1,006-6-6, the State has suffered in revenue to the tune of Rs. 2,219-2-1 annually. The Joint Administrators have advisedly accepted this reduction in the State's income in the hope that it will ease the burdens of the ryots and encourage them to improve their lands to the ultimate benefit of the State and the people. No lands were thrown up in dumála villages.

Wadháva and Watan Registers.

8. The Wadháva work or the work of levying the assessment on excess lands in the Kavata Petha was completed last year. Similar work for the Kuroli Petha into which the new survey rates were introduced at the close of the year

of report will be taken in hand in the current year. The preparation of vatan registers continues to make fair progress. Registers of the Pátilki vatans of seven villages and of the Kulkarni vatan of one village have been completed during the year. Registers of both kinds of vatans for the whole táluka will, it is hoped, be completed in 1896-97. The registers of vatans for the other two tálukas will also be taken in hand.

Waste lands.

9. 315 acres and 34 gunthas of waste lands were taken up for cultivation in the Kavata Táluka and 974 acres and 18 gunthas in the Gudgeri Táluka, total 1,290 acres and 12 gunthas. Not only no fallow lands were asked for in the Kuroli Táluka but 23 acres and 7 gunthas were thrown up, possibly in the hope of taking them up afterwards at a lower rental when the new rates were declared. The following table will show the particulars of waste lands :—

| Name of Tálukas. | Extent of cultivable area for | | Taken up. | | Waste remaining at the end of the year. | | Percentage of cultivable land lying waste in | |
|---|---|---|---|---|---|---|---|---|
| | 1894-95. | 1895-96. | 1894-95. | 1895-96. | 1894-95. | 1895-96. | 1894-95. | 1895-96. |
| | A. G. | A. G. | A. G. | A. G. | A. G. | A. G. | | |

| Gudgeri ... ... „ | 1,661 13 | 1,433 34 | 227 19 | 974 18 | 1,433 34 | 459 16 | 86·927 | 32·03 |
| Kuroli— | | | | | | | | |
| Acres ... ... ... | 1 32 | 24 39 | ... | ... | 1 32 | 24 39 | 100 | 100 |
| Bighas ... ... ... | 32 10 | 10 0 | 22 10 | ... | 10 0 | 10 0 | 30·7 | 100 |
| Total— | | | | | | | | |
| Acres ... | 4,096 7 | 2,027 10 | 2,092 4 | 1,290 12 | 2,004 3 | 736 38 | 48·9 | 36·3 |
| Bighas ... | 32 10 | 10 0 | 22 10 | ... | 10 0 | 10 0 | 30·7 | 100 |

It will be observed that only 736 acres 38 gunthas now remain as waste lands, whereas four years ago they amounted to 5,257 acres 21 gunthas, the result being that 4,521 acres were brought under the plough during the last four years which will doubtless be deemed satisfactory.

Audit of accounts.

10. The accounts of the State for 1894-95 were examined by Ráo Saheb Balcrishna Jiwaji, Head Accountant, Kharwár, who had been specially deputed by Government for the purpose, and found to have been kept in a neat and satisfactory condition.

Boundary dispute.

11. The boundary dispute between Sultánpur and Gudgeri is still under consideration, but the Sirúr and Khillegaon dispute has been decided. A fresh dispute has cropped up relating to the boundary between the villages of Khandali and Yeoti, and will be disposed of together with the Sultánpur and Gudgeri one as soon as possible.

Ward's estates.

12. The following table exhibits full particulars of the management of wards' estates in this State :—

As stated last year, the estate of Bharma bin Satapa was handed over to him in September last. Mahadeo Shivaji has attained his majority and will be shortly put in possession of his property.

## CHAPTER III.—PROTECTION.

Legislation.

13. No new laws were enacted or introduced into the State during the year.

Military force.

14. There is no military force in the State.

Police and their work.

15. Appendix VI shows the strength and cost of the police force. The strength is the same as last year, *viz.*, 3 Chief Constables and 134 Constables of all grades, including sávárs. The cost was Rs. 16,020; 25 policemen were able to read and write and 25 under instruction in the police school at the head-quarters. The orderly with the head-quarter office was fined Rs. 5 for misconduct, and 12 policemen fined 8 annas each for not attending drill in time. Otherwise the conduct of the police was satisfactory.

The work of the police was attended with considerable success. 64 offences were reported to them as against 72, and 69 persons were arrested against 113 in 1894-95. Of these, 51 were convicted and 18 acquitted or discharged. Though there is a slight falling off in the percentage of convictions to accused sent for trial, *viz.*, from 79·6 to 73·9, the percentage for the year is highly creditable and shows how the Police successfully grappled with crime. There is however a still further improvement in the percentage of recoveries to property stolen, *viz.*, from 45·7 to 56·9. Compared with two previous years' work, this year's is decidedly better. Property worth Rs. 230 was recovered in the shape of debt-bonds, and Rs. 5 worth was left by the thieves on or about the scene of crime after the valuables had been abstracted and taken away. There were 47 fires, 5 more than last year, but the value of the property destroyed was Rs. 631 against Rs. 3,979. One case of incendiarism was brought home to the culprits. There were no heinous offences except one case of abortion, 2 of grievous hurt and 3 of murder, in two of which 2 accused persons were convicted of murder and sentenced to transportation, and three others to rigorous imprisonment varying from 7 to 10 years. There was no case of robbery or dacoity.

Criminal justice.

16. Appendices IX, X, XI give full particulars of criminal justice. There were 8 magisterial Courts against 7 last year. They dealt with 100 offences involving 180 persons against 116 offences and 228 persons. Of the 180 persons, 71 were convicted, 13 acquitted, 83 discharged without trial and 10 committed for trial by the Sessions Court. Three persons remained undisposed of at the end of the year. The work of the Magistrates is satisfactory. It is remarkable that the offences complained of against 67 persons out of 83 discharged were compounded, arguing how the criminal Courts are resorted to for vindicative purposes.

The following table gives the longest and shortest duration of cases in each Court during the year of the report:—

| Names of Tribunals. | With the accused in custody. | | With accused on bail. | | Other proceedings. | |
|---|---|---|---|---|---|---|
| | Shortest. | Longest. | Shortest. | Longest. | Shortest. | Longest. |
| 1st Class Magistrate, Kowta ... ... | 2 | 59 | 1 | 43 | ... | ... |

| Do. do. Gudgeri ... ... | ... | 14 | 1 | 6 | ... | ... |
| Do. do. Kuroli ... ... | ... | ... | ... | ... | ... | ... |

There were 7 Sessions cases against 5 last year, and all of them were disposed of. There were 10 accidental deaths and three suicides against 19 accidental deaths and no suicides in the previous year.

There were 12 appeals to Sessions Court and 1 to the District Magistrate from the decisions of the Subordinate Magistrates. The decisions were upheld in 12 cases and reversed in one.

Extradition.

17. Five accused persons were obtained by extradition,—4 from the Sángli State and 1 from the British districts, while none were surrendered by this State. All the extradited prisoners were promptly dealt with and well treated.

Prisons.

18. There was no change in the number of jails or lock-ups. The 3 jails in the State admitted 40 prisoners against 85 in 1894-95, the decrease being due to less crime in the year of report and consequently less convictions. The conduct and health of the prisoners were good. Two transportation convicts were sent to the Thána jail preparatory to their deportation to the Andamans. One of them, however, died in the jail on 26th March last. The daily average attendance of the prisoners was 26·6 and their cost to the State was Rs. 1,812-15-3. Most of the prisoners were employed on hard labour. All the jails were in excellent order. The Darbár Surgeon, Kolhápur, who inspected the central jail at Budgaum, expressed himself perfectly satisfied with its management. The Political Agent, Major Wray, and the Honourable Mr. Nugent also visited the jail and were pleased with the arrangements.

Civil justice.

19. There were 4 Civil Courts in the State. No suits were filed in the Huzúr Court. The three remaining Courts dealt with 167 suits as against 198 in 1894-95, and disposed of 155 leaving 12 undisposed of at the end of the year against 18 last year. The decrease in the number of suits is owing to fluctuations.

The longest and shortest duration of cases in each Court is given in the following table :—

| Name of the Court. | Longest duration of cases determined. | Shortest duration of cases determined. |
|---|---|---|
| | Y. m. d. | Y. m. d. |
| Kowta ... ... | 1 6 0 | 0 0 9 |
| Gudgeri ... ... | 1 1 4 | 0 0 9 |
| Kuroli ... ... | 0 3 17 | 0 0 13 |

The average duration of suits was 2 months and 6 days against 2 months 9 days. The average duration of suits in the Gudgeri Court is 1 month and 29 days against 3 months and 4 days last year. This improvement is due to a more energetic and able Munsif having been appointed to that Court, and reflects credit on the Munsiff, Mr. Dinkar Gopal Bhagvat.

Of 120 applications for execution of decrees, 113 were disposed of against 106, the balance at the close of the year being 7 against 10 in 1894-95. This is satisfactory.

The number and value of suits are shown in the subjoined statement :—

| Name of Court. | Suits for Immoveable Property. | | | | Money Suits. | | | |
|---|---|---|---|---|---|---|---|---|

| Total .. | 66 | 3,802 | 35 | 14,228 | 113 | 6,102 | 114 | 4,953 |

There were no applications for heirship certificates.

The work done by the Civil Appellate Court is shown in the subjoined statement :—

| Name of Court. | Opening Balance. | | Filed during | | Total. | | Disposed of. | | Closing Balance. | | Value of appeals filed during | | How disposed of. | | | | | | Average Duration | | | | | |

There were 6 appeals for disposal, of which 3 were disposed of and 3 remained undisposed of owing to the suitors' applications for adjournments. The average duration of the appeals was 1 month and 15 days as against 3 months and 18 days in 1894-95.

Working of the Mámlatdárs' Court.

20. 34 possessory suits were filed in the Courts of the Mámlatdárs of Kowta, Gudgeri and Kuroli and were all disposed of. This is creditable to the Courts.

Registration.

21. The receipts and expenditure of the Registration Department are given in the following table :—

578 documents involving property valued at Rs. 1,20,316 were registered against 435 documents and Rs. 95,943 worth of property and the fees realised were Rs. 1,972 against Rs. 1,596. The figures speak for themselves and show how registration is becoming more and more popular.

No octroi duties are levied. Their income is mainly derived from a light house-tax which is supplemented by State grants. The chief expenditure incurred is on the improvement of the roads and of the sanitation of the municipal areas. No expenditure was incurred by the Hire-wadvatti Municipality during the year of report pending the disposal of the appeal of the inhabitants of that place against its establishment.

## CHAPTER IV.—Production and Distribution.

Agriculture.

23. Appendix XVI is a detailed statement of agricultural live stock in the State. There is an increase under all heads except in bullocks, horses, sheep and goats, which show a slight decrease as compared with last year's stock. On the whole the year was one of progress and agricultural prosperity. The area under cultivation is contrasted in the following table with the total culturable area for 1895-96 :—

Cotton is being less and less cultivated. The past two years show a decrease. The rates of wages were as follows :—

| Names of Tálukas. | Labourers. | | Mason. | Carpenter. | Blacksmith. | Cart. | Pony. |
|---|---|---|---|---|---|---|---|
| | Male. | Female. | | | | | |
| | A. p. | A. p. | A. p. | A. p. | A. p. | A. g. | A. g. |
| Kowta ... ... | 3 6 | 2 6 | 8 0 | 10 0 | 6 0 | 12 0 | 5 0 |
| Gudgeri ... ... | 3 0 | 2 0 | 8 0 | 12 0 | 8 0 | 12 0 | 4 0 |
| Kuroli ... ... | 3 0 | 1 6 | 10 3 | 12 0 | 10 0 | 12 0 | ... |

The labourers' wages were a little higher in the Kowta Táluka than last year. Elsewhere they were the same as in 1894-95. The other wages show slight variations.

Season and Crops.

24. The season was on the whole a favourable one. The rainfall was as follows :—

| Names of Tálukas. | 1894-95. | 1895-96. |
|---|---|---|
| Kowta ... ... | 25·43 | 35·27 |
| Gudgeri ... ... | 34·6 | 34·65 |
| Kuroli ... ... | 23·46 | 36·68 |

The rainfall was considerably more than in 1894-95 especially in the Kowta and Kuroli tálukas, and more than the average of the past five years. The rain was timely and abundant for the kharif crops, though not quite so for the rabi especially in the Gudgeri táluka. Drinking water was plentiful, but fodder was rather dear. Fresh advances were made to the agriculturists to the amount of Rs. 10,930 against Rs. 11,930 in 1894-95.

The outturn of crops in each of the tálukas was as follows :—

| Names of Tálukas. | Kharif. | Rabi. |
|---|---|---|
| | Annas. | Annas. |
| Kowta ... ... | 12 | 10 |
| Gudgeri ... ... | 12 | 8 |
| Kuroli ... ... | 10 | 12 |

The kharif crops were generally good but the rabi did not fare well. Jowári and gram were excellent. The ground-nut and cotton crops had sufficient rain but suffered from disease and their outturn was a poor one.

Prices.

25. The following is a contrasted table of the prices of staple food-grains :—

| Name of Talukas. | Lbs. per Rupee. | | | | | |
|---|---|---|---|---|---|---|
| | Jowári. | Rice. | Wheat. | Gram. | Tur Dál. | Bájri. |
| Kowta— | | | | | | |
| 1894-95 ... | 50 | 18 | 32 | 32 | 22 | 46 |
| 1895-96 ... | 48 | 18 | 32 | 34 | 30 | 44 |
| Gudgeri— | | | | | | |
| 1894-95 ... | 42 | 20 | 42 | ... | 20 | 42 |
| 1895-96 ... | 59 | 23 | 38 | ... | 21 | ... |
| Kuroli— | | | | | | |
| 1894-95 ... | 46 | 21 | 21 | 38 | 24 | 38 |
| 1895-96 ... | 57 | 19 | 31 | 30 | 18 | 38 |

All the grains were generally cheaper, though some cereals were dearer in particular localities owing to local causes.

Forest.

26. The total forest area was 182 acres and 39 gunthas. The income, which mostly consisted of grazing fees, was Rs. 1,023-12-0 against Rs. 877-14-8, and the expenditure was Rs. 263-10-5 against Rs. 253-11-4.

Trade.

27. Gudgeri exported Rs. 80,000 worth of cotton, Rs. 17,000 of wheat, Rs. 2,000 of sesamum-seed, and Rs. 1,200 of Hulga (vetch). The exports of cotton and wheat were larger than in 1894-95. Budgaon exported Rs. 40,000 worth of sáris and coarse cloth. There are no vexatious imposts on trade. The State enforces a policy of free trade.

Fairs.

28. The Haripur fair lasted for one day and was attended by about 2,500 people and there were 25 booths for the sale of sweatmeats. The Khillegaon fair lasted for five days and was attended by about 3,500 people who were almost all Lingáyets. There were about 50 or 60 booths for the sale of sweetmeats, bangles and ordinary articles of common use. The necessary sanitary precautions were taken and there was no outbreak of cholera or any other epidemic.

Public Works.

29. The following statement shows the expenditure on works of public utility :—

| Head. | Amount. |
|---|---|
| | Rs. a. p. |
| Communications ... ... | 4,868 7 5 |
| School-houses ... ... | 1,373 12 4 |
| Dharmshálas ... ... | 853 8 7 |
| Other buildings ... ... | 10,915 7 4 |
| Water-supply ... ... | 1,907 8 10 |
| Road-side trees ... ... | 2,174 4 1 |
| Miscellaneous ... ... | 3,155 15 8 |
| Total ... | 25,249 0 3 |
| Establishment ... | 2,438 0 1 |
| Grand Total ... | 27,687 0 4 |

The expenditure was Rs. 27,687-0-4 against Rs. 40,222-3-2. Owing to the new Váda at Budgaon, not having been commenced, the allotment for that work, Rs. 30,000, was not expended, hence the decrease. The construction of the new Váda will be taken in hand during 1896-97.

Cattle-breeding.

30. At the State cattle-breeding farm there were 131 head of the Hanam breed of oxen, 26 buffaloes, and 8 pony-mares. Last year's figures were 124, 23 and 8 respectively. The oxen and buffaloes show an increase in their number caused by natural increase.

Chinchli Show.

31. At the Chinchli Show of 1896 the State sávárs carried off prizes in tent-pegging to the value of Rs. 25. One horse obtained a prize of Rs. 27. Prizes of Rs. 8 and 1 were awarded to Gudgeri cotton and jowári respectively.

## Chapter V.—*Revenue and Finance.*

32. The gross revenue of the State including alienations is Rs. 2,46,161-15-11. The subjoined three statements will give a general idea of the finances of the State for 1895-96, as contrasted with those of the three previous years :—

There is a decrease both in receipts and expenditure. The decrease in receipts is nominal, being principally due to one half-yearly instalment of the interest on invested funds not having been received during the year of report and two years' interest having been credited in last year's accounts. The land-revenue collections are better than last year's by about Rs. 2,000, partly due to the assessment on excess lands having been levied in the year of report. The increase in miscellaneous receipts is due chiefly to more adjustments of *Tasalmat* amounts or advances than in 1894-95. The decrease in expenditure is caused partly by less expenditure having been incurred on works of public utility, the allotment for the new Vada not having been expended, and partly to less adjustments having been made of advances and other debt-heads.

Remissions.

33. Remissions were granted to the extent of Rs. 457-8-10 against Rs. 634-14-3. Of this amount, Rs. 141-3-3 represent the irrecoverable outstandings of the year of report and the remainder Rs. 316-5-7 the outstandings of former years. Every effort was made to recover the arrears but in vain.

Stamps.

34. The receipts from stamps were Rs. 5,612-9-0 against Rs. 4,960 in 1894-95. This is satisfactory. The increase is partly due to more applications having been made for advances and partly to more transactions having been effected in writing.

35. The receipts from Abkári and opium were Rs. 3,153 against Rs. 3,254-1-2 in 1894-85. The decrease is nominal owing mainly to the drawback on opium purchased by the State not having been received during the year.

Abkári and Opium.

## Chapter VI.

Medical Relief and Vital Statistics.

36. *Medical and Vital Statistics.*—The following table shows the relief afforded to the sick and the money spent for that purpose :—

| Dispensary. | Number of Patients treated. | | Results. | | | | Expenditure. | Daily Average. |
|---|---|---|---|---|---|---|---|---|
| | In-door. | Out-door. | Discharged. | Absented. | Died. | Remaining under treatment. | | |
| | | | | | | | Rs. a. p. | |
| Budgaon ... | ... | 8,430 | 6,805 | 1,581 | ... | 44 | ..... | 67·5 |
| Gudgeri ... | ... | 4,051 | 3,660 | 353 | 2 | 36 | 1,843 13 7 | 43·4 |
| Total ... | ... | 12,481 | 10,465 | 1,934 | 2 | 80 | 1,843 13 7 | 110·9 |

The number of patients treated at the two State Dispensaries was 12,481 or Rs. 2,621 more than in 1894-95. The increase is attributed to the general unhealthiness of the year. The trained nurse in the Budgaon Dispensary continues to do her work satisfactorily.

Four major and 104 minor operations were performed at these dispensaries. The diseases treated of were worms, ague, sore-eyes, conjunctivitis, diseases of the respiratory and digestive system, bowel complaints and skin diseases.

### Table II.—*Births and Deaths.*

| | 1894-95. | 1895-96. | Increase. | Decrease. |
|---|---|---|---|---|
| Births ... ... | 1,574 | 1,319 | ... | 255 |
| Deaths... ... | 914 | 1,238 | 342 | ... |

There is a decrease in the number of births and an increase in that of deaths. There were 132 deaths from cholera, 582 from fever, 173 from diarrhœa, 12 from accidents and the rest (334) from other diseases of various kinds. The year was not on the whole a healthy one, and this has doubtless, to some extent, unfavourably affected both births and deaths.

### Table III.—*Vaccination.*

| Operation by whom performed. | Number of persons vaccinated in 1895-96. | Number of persons vaccinated in 1895-96. | Results. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| Two vaccinators ... .. | 1,135 | 941 | 1,091 | 904 | 44 | 37 |

The year's vaccination work which cost Rs. 702-15-8 to the State was much less than last year's owing to the death of the vaccinator and the appointment of a new one after three months' training in the office of the Deputy Sanitary Commissioner, Southern Registration District. There were 38 re-vaccinations against 133 in 1894-95. The Vaccination Inspector and Vaccinator have been told to be more active and make up for this deficiency in the current year. Of the 38 re-vaccinations 22 were successful. In 16 cases the result was not known.

## CHAPTER VII.—*Instruction.*

Education.

37. The number of schools was the same as last year, *viz.*, 34, 32 of which were State schools and 2 indigenous. They were attended by 1,459 scholars or 45 more than in 1894-95. The figures for the last four years will on comparison show that there is a slow but sure progressive increase in attendance. As usual the schools in the State were inspected by the Government Deputy Educational Inspectors of Sátára, Belgaum, Dhárwár and Sholápur districts in which the State villages are topographically situated. They speak generally well of all the schools except one, *viz.*, Yellápur, which was reported to be in an unsatisfactory condition and the master inefficient. The latter has been censured and steps have been taken to put the school in a more satisfactory condition.

There are four girls' schools attended by 150 girls or two more than in 1894-95. The slight increase in attendance is no index of a better appreciation of female education, which is in the same state as last year.

The following statement gives all necessary particulars regarding the schools and scholars :—

| No. | Description of Schools. | Number of Pupils on the Rolls on 31st March 1895. | Number of Pupils on the Rolls on 31st March 1896. | Daily average attendance. |
|---|---|---|---|---|
| 23 | Vernacular schools ... | 1,080 | 1,125 | 807·6 |
| 4 | Girls' schools ... ... | 148 | 150 | 82·9 |
| 2 | Hindustáni schools ... | 51 | 46 | 26·7 |
| 3 | Low caste schools ... | 84 | 78 | 58·8 |
| | Total ... | 1,363 | 1,399 | 97·6 |
| 2 | Indigenous schools ... | 51 | 60 | 49·8 |
| | Grand Total ... | 1,414 | 1,459 | 1,025·8 |

The three schools for low castes were attended by 78 scholars against 84, a decrease of 6. It is to be regretted that the hopes expressed last year have not been realised. Though higher or secondary education is not in demand and consequently not given in the State itself, most of the scholarships announced last year have been given to deserving students desirous of pursuing higher learning than is imparted in State schools. The expenditure on education is actually larger than last year's by Rs, 688·6-2 arguing that this department is receiving greater attention every year.

## CHAPTER VIII.—*Miscellaneous.*

Miscellaneous.

38. There are four post offices in the State, one at each of the three táluk stations and the fourth at Kowta. All these post office transact money order and savings bank business. There is no Government Telegraph Office in any town in the State.

Printing Press and Libraries.

39. The printing press opened last year is doing useful work not only for the State but also for the outside public who like to avail themselves of it on payment. In course of time there are hopes of its being self-supporting. The libraries are the same as last year, *viz.*, 5. They subscribe to a few journals and possess a small stock of books on various subjects.

Khárbári's tour.

40. I was not able to visit all the villages in the State this year owing to pressure of work at head-quarters, but I have done all the jamábandi work connected with them.

Records.

41. Eighty-two daftars of old records have been arranged during the year.

Conclusion.

42. I have much pleasure in stating that all the State officials have discharged their duties satisfactorily, and cordially worked with me in carrying on the administration.

I have the honour to be,
Sir,
Your most obedient Servant,
G. K. SOVÁNI,
State Kárbhári, Miraj Junior.

# ANNUAL REPORT

OF THE

# MIRAJ JUNIOR STATE,

1894-95.

No. 167 of 1895.

From

G. K. SOVANI, Esquire,
State Kárbhári, Miraj Junior;

To

The Assistant Political Agent,
Southern Marátha Country.

*Miraj, 1st July 1895.*

Sir,

Administration Report for 1894-95.

I have the honour to submit the Annual Administration Report of the Miraj Junior State for 1894-95 (Fasli 1304).

Statements I to XVII.

2. The usual statements as per margin accompany.

## CHAPTER I.—Political.

Political relations.

3. The political relations of this State with the British Government are fully described in Appendices I. and II. to this report.

Chief's health and studies.

4. The young Chief Laxmanráo Harihar *alias* Anna Sáheb is now in his 19th year. His health has been good during the year of report. He attended the Rájárám College regularly throughout the year. Mr. Candy, the Principal of the College, writes that his conduct is good and progress fair.

Important event of the year.

5. There was no event of any importance during the year.

Changes in the Administration.

6. There were no changes in the personnel of the administration.

## CHAPTER II.—Administration of Land.

Survey and Settlement.

7. As stated last year, the Survey Department has made proposals for the settlement of the three Saranjámi villages and one Inám village in the Kuroli Táluka. Though yielding a somewhat reduced income, the new rates have been accepted by the State for the good of the people and will be brought into force from the current year. The Sub-saranjámdárs of the 6 dumála villages did not, however, accept the rates proposed and asked for very high rates, but after some correspondence they have agreed, by way of compromise, to slightly higher rates than those offered by the Survey Department. It is believed that this will be more advantageous to the rayats than the *status quo ante* inasmuch they will not have to pay many vexatious bábs which they were hitherto paying, and the land-tax will be equally distributed on all the lands.

Wadháva and Watan registers.

8. Orders have been issued to levy the assessment on the Wadháva or excess lands in the possession of the Inámdárs of the Kowta Petha. The net result of these operations is a profit to the State of Rs. 800 a year, which was unauthorisedly enjoyed by the Inámdárs. The work of preparing watan registers is in progress. The Pátilki watans of 8 villages have been inquired into and evidence recorded. Registers of the kulkarni watans of seven villages have been completed.

Waste lands.

9. 1,864 acres 25 gunthás were taken up for cultivation in the Kowta Táluka and 227 acres 19 gunthás in the Gudgeri Táluka; total acres 2,092 and gunthás 4. 22 bighás

and 10 pánds were also brought under the plough in the Kurdli Táluka. The following table will show the particulars regarding waste lands:—

| Names of Tálukas. | Extent of cultivable area for | | Taken up. | | Waste remaining at the end of the year. | | Percentage of cultivable land lying waste in | |
|---|---|---|---|---|---|---|---|---|
| | 1893-94. | 1894-95. | 1893-94. | 1894-95. | 1893-94. | 1894-95. | 1893-94. | 1894-95. |
| Kowta ... ... ...Acres | 2,937 24 | 2,433 2 | 504 22 | 1,864 25 | 2,433 2 | 568 17 | 97·6 | 23·3 |
| Gudgéri... ... ...Acres | 2,120 22 | 1,661 13 | 459 9 | 227 19 | 1,661 13 | 1,433 34 | 74·3 | 86·9 |
| Kuroli— | | | | | | | | |
| Acres ... ... ... | 1 32 | 1 32 | ... | ... | 1 32 | 1 32 | 100 | 100 |
| Bighás ... ... ... | 32 10 | 32 10 | ... | 22 10 | 32 10 | 10 0 | 100 | 30·7 |
| Total— | | | | | | | | |
| Acres ... | 5,059 38 | 4,096 7 | 963 31 | 2,092 4 | 4,096 7 | 2,004 3 | 80·7 | 48·9 |
| Bighás ... | 32 10 | 32 10 | ... | 22 10 | 32 10 | 10 0 | 100 | 30·7 |

It will thus be seen that nearly 2,100 acres of land have been brought into cultivation during the year and the anticipations of the previous year have been realised.

About 1,000 acres more of waste land in the Gudgeri Táluka have been applied for and sold, but they will figure in the next report.

Audit accounts.

10. The accounts of the State for 1893-94 were examined by Ráo Sáheb Pandurang Tamáji Sondur, Head Accountant, Belgaum, who had been specially deputed by Government for that purpose. That officer found the accounts to be satisfactory.

Boundary dispute.

11. The boundary dispute between Sultánpur and Gudgeri is still under consideration.

Wards' estates.

12. The following table exhibits full particulars of the management of wards' estates in this State :—

## CHAPTER III.—PROTECTION.

Legislation.

13. No new laws were enacted or introduced into the State during the year.

Military force.

14. There is no military force in the State.

Police and their work.

15. Appendix VI. shows the strength and cost of the Police force, which consists of 3 Chief Constables and 134 constables of all grades, including savárs. It will be seen that the strength and cost of the force were the same as in the year previous. Twenty-four policemen were able to read and write and 26 under instruction in the Police school. Their conduct was generally satisfactory, only one haváldár having been degraded for misconduct.

The Police are more successful than last year in their work. Seventy-two offences were reported to them as against 86 in 1893-94 and 113 persons arrested against 114. Of these 90 were convicted, 22 acquitted or discharged, and one remained undisposed of at the close of the year. There is a marked improvement in the percentage of convictions to accused arrested and sent for trial, *viz.*, from 66·6 to 79·6. There is also an improvement in the percentage of recoveries to property stolen, *i.e.*, from 32·5 to 45·7. Property worth Rs. 349 was recovered in the shape of debt bonds and property worth Rs. 384 was left by the thieves on or about the scene of crime after abstracting and taking away valuables. It is satisfactory to note that last year's warning has had the desired effect, and that a marked improvement has taken place in their work. There were 42 fires in which Rs. 3,979 worth of property was destroyed. There was no case of proved incendiarism. There were no heinous offences except 3 cases of robbery, one of dacoity and one of murder, in which latter two persons were committed for trial and both convicted and sentenced to transportation for life.

Criminal justice.

16. Appendices IX, X, and XI give the statistics of criminal justice. There were 7 Magisterial Courts against 8 last year. They dealt with 116 offences involving 228 persons as against 129 cases and 233 persons. Of the 228 persons 130 were convicted, 22 acquitted and 64 discharged without trial, and 8 committed for trial. Three persons remained undisposed of at the end of the year. Compared with the previous year the work of the Magistrates is more satisfactory.

The following table gives the largest and shortest duration of cases in each Court during the year of report:—

| Names of Tribunals. | With the accused in custody. | | With accused on bail. | | Other proceedings. | |
|---|---|---|---|---|---|---|
| | Shortest. | Longest. | Shortest. | Largest. | Shortest. | Longest. |
| 1st Class Magistrate, Kowta ... ... | 1 | 13 | 1 | 28 | ... | ... |
| Do. do. do. ... ... | 4 | 57 | 1 | 55 | ... | ... |

| 2nd Class Magistrate, Gudgeri ... ... | 2 | 57 | 7 | 46 | ... | ... |
| Do. do. Kuroli ... ... | ... | ... | 1 | ... | ... | ... |

There were 5 sessions cases during the year against 2 in 1893-94. Four were disposed of and one remained for disposal at the close of the year. It was, however, disposed of in April last.

There were 19 accidental deaths and no suicides against 18 and 2 respectively in the previous year.

There were 6 appeals to the Sessions Court and 1 to the District Magistrate from the decisions of the Subordinate Magistrates. The decisions were upheld in 6 cases and reversed in one.

Extradition.

17. Six accused persons were obtained by extradition—3 from Inchalkaranji, 1 from Sángli and 2 from the British Districts, while 5 were surrendered—4 to the British Government and 1 to the Miraj Senior State. All the extradited prisoners were promptly dealt with and well treated.

Prisons.

18. There was no change in the number of jails or lock-ups. The 3 jails in the State admitted 85 prisoners against 73 in 1893-94, the increase being due to more convictions. The conduct and health of the prisoners were good. The daily average attendance of the prisoners was 31·5 and their cost to the State was Rs. 1,893-6. All the jails were in excellent order. Most of the prisoners were employed on hard labour. The Darbár Surgeon, Kolhápur, and the Assistant Political Agent, Southern Marátha Country, have expressed themselves satisfied with the management of the Central Jail at Budgaon.

Civil Justice.

19. There were 4 Civil Courts in the State. No suits were filed in the Huzúr Court. The three remaining Courts dealt with 198 suits as against 175 in 1893-94 and disposed of 180, leaving 18 undisposed of at the end of the year. Although more suits were filed, more were disposed of, leaving a smaller balance than in the previous year. The increase in the number of suits is due to fluctuations.

The longest and shortest duration of cases in each Court is given in the following table:—

| Name of the Court. | Longest duration of cases determined. | Shortest duration of cases determined. |
|---|---|---|
| | Y. m. d. | Y. m. d. |
| Kowta ... ... | 1 10 28 | 0 0 9 |
| Gudgeri ... ... | 1 10 0 | 0 0 14 |
| Kuroli ... ... | 0 1 28 | 0 0 11 |

The average duration of suits was 2 months 9 days against 1 month and 19 days last year. The average duration of suits in the Gudgeri Court was 3 months and 4 days against 3 months 5 days last year.

Of 116 applications for execution of decrees, 106 were disposed of against 97, the balance at the close of the year being 10 against 12 in 1893-94.

The number and value of suits are shown in the subjoined statement:—

| Name of Court. | Suits for Immoveable Property. | | | | Money Suits. | | | |

There were 7 applications for heirship certificates and all were disposed of.

The work done by the Civil Appellate Court is shown in the subjoined statement:—

There were 16 appeals for disposal and all were disposed of. The average duration of the appeals was 3 months 18 days against 2 months 12 days. The delay was owing to adjournments which had to be made to suit the convenience of parties.

Working of the Mámlatdárs' Courts.

20. Twenty-nine possessory suits were filed in the Courts of the Mámlatdárs of Kowta, Gudgeri and Kuroli and were all disposed of. This is creditable to the Courts.

Registration.

21. The receipts and expenditure of the Registration Department are given in the following table :—

| Description. | 1893-94. | | | 1894-95. | | |
|---|---|---|---|---|---|---|

Four-hundred and thirty-five documents involving property valued at Rs. 95,943 were registered against 379 documents and Rs. 85,384 worth of property, and the fees realised were Rs. 1,596 against 1,548.

Municipalities.

22. The receipts and disbursements of the 6 municipalities in the State are given in the following table :—

| Name of Municipality. | Balance on 1st June 1894. | Receipts during the year. | Total. | Expenditure during the year. | Balance on 31st May 1895. |

One more municipality was recently established at Hirewadwati. Its income and expenditure will appear in next year's report. No octroi duties are levied. Their income is mainly derived from a light house-tax which is supplemented by State grants. The chief expenditure incurred is on the improvement of the roads and sanitation of the municipal areas.

## CHAPTER IV.—Production and Distribution.

Agriculture

23. Appendix XVI. is a detailed statement of agricultural live-stock in the State. It will be observed that there has been a general increase under all heads except in colts and

ploughs with two bullocks. The increase in the number of cows, buffaloes and sheep is very considerable arguing that the year was a prosperous one as far as they were concerned. The area under cultivation is contrasted in the following table with the total culturable area for 1893-94 and 1894-95 :—

| | 1893-94. | 1894-95. |

The rates of wages were as follows :—

| | Male. | Female. | | | | | |
| | As. | As. | As. | As. | As. | As. | As. |

| Gudgeri ... ... | 3 | 2 | 8 | 8 | 8 | 10 | 4 |
| Kuroli ... ... ... | 3 | 1½ | 10 | 12 | 10 | 12 | ... |

The rates are the same as last year with slight variations.

Season and crops.

24. The season was on the whole not so favourable as last year. The rainfall was as follows :—

| Names of Tálukas. | 1893-94. | 1894-95. |
|---|---|---|
| Kowta ... ... ... | 30·56 | 25·43 |
| Gudgeri ... ... ... | 36·23 | 34·6 |
| Kuroli ... ... ... | 30·66 | 23·46 |

The rainfall was less than in 1893-94, but nearly equal to the average of the past 5 years. It was not evenly and properly distributed and the harvest was consequently not a good one. Fodder and drinking water were not plentiful. The revenue was however collected without any resort to coercive process together with most of the instalments of tákávi advances due in 1893-94. Fresh advances were made to the agriculturists to the extent of Rs. 11,930 against Rs. 950 in 1893-94.

The out-turn of crops in each of the tálukas was as follows :—

| | Kharif. | Rabi. |
|---|---|---|
| Kowta ... ... ... | 12 | 10 |
| Gudgeri ... ... | 8 | 12 |
| Kuroli ... ... ... | 10 | 10 |

The kharif crops were generally bad, but the rabi fared much better. Cotton, wheat and ground-nuts suffered both from want of sufficient rain and from disease.

Prices.

25. The following is a contrasted table of the prices of staple food grains :—

| Names of Tálukás. | Lbs. per Rupee. | | | | | |
|---|---|---|---|---|---|---|
| | Jowári. | Rice. | Wheat. | Gram. | Tur dál. | Bájri. |
| Kowta— | | | | | | |
| 1893-94 ... ... ... | 42 | 18 | 30 | 42 | 24 | 36 |
| 1894-95 ... ... ... | 50 | 18 | 32 | 32 | 22 | 46 |

| 1894-95 ... ... ... | 46 | 21 | 21 | 38 | 24 | 38 |

Jowari, bájri, and rice were generally cheaper than in 1893-94, but gram and tur were dearer.

Forest.

26. The total forest area was 705 acres and 9 gunthás. The income, which mostly consisted of grazing fees, was Rs. 877-14-8 against Rs. 724-5-0, and the expenditure was Rs. 253-11-4 against Rs. 263-9-4.

Trade.

27. Gudgeri exported Rs. 75,000 worth of cotton, Rs. 15,000 of wheat and Rs. 2,000 sesamum seed. The exports of cotton and wheat were larger than in 1893-94. Budgaon exported Rs. 35,000 worth of sáris and coarse cloth. There are no vexatious imposts on trade. The State has adopted a policy of free trade.

Fairs.

28. The Haripur and Khilegaon fairs were of the same size and magnitude as last year. The necessary sanitary precautions were taken, and there was no outbreak of cholera or any

other epidemic. These fairs did not attract trade of any importance. Ordinary bázár articles of insignificant value were sold.

Public Works.

29. The following statement shows the expenditure on works of public utility:—

| Head. | Amount. | | |
|---|---|---|---|
| | Rs. | a. | p. |
| Communications ... ... ... | 4,070 | 14 | 5 |
| School-houses ... ... ... | 3,172 | 8 | 2 |
| Dharmsháles ... ... ... | 775 | 1 | 8 |
| Other buildings ... ... ... | 12,838 | 14 | 4 |
| Water-supply ... ... ... | 9,997 | 7 | 11 |
| Road-side trees ... ... ... | 2,258 | 15 | 2 |
| Miscellaneous ... ... ... | 4,666 | 3 | 10 |
| Total ... | 37,780 | 1 | 6 |
| Establishment ... ... ... | 2,442 | 1 | 8 |
| Grand Total ... | 40,222 | 3 | 2 |

The expenditure of Rs. 40,222-3-2 was less than in 1893-94, but by no means inadequate considering the size and resources of the State.

Cattle-breeding.

30. At the State cattle-breeding farm there were 124 head of the Hanam breed of oxen, 23 buffaloes, and 8 ponies and mares. Last year's figures were 116, 22, and 8 respectively. It is the oxen only that show an appreciable increase in their number.

There was no agricultural show at Chinchli for 1895.

## CHAPTER V.—Revenue and Finance.

Revenue and Finance.

31. The gross revenue of the State, including alienations, is Rs. 2,57,923-13-0. The subjoined three statements will give a general idea of the finances of the State for 1894-95 as contrasted with those of the three previous years :—

| 4 | Judicial ... ... ... ... | 2,152 6 9 | 1,845 5 11 | 2,192 5 2 | 2,108 8 8 | This is a fluctuating item. |
| 5 | Stamps ... ... ... ... | 17 13 0 | ..... | ..... | 5 0 0 | |
| 6 | Education. | 10,312 10 9 | 9,693 8 8 | 7,533 4 5 | 7,524 1 5 | The decrease is slight and calls for no remarks. |
| 7 | Medical ... ... ... ... | 4,367 4 8 | 4,170 12 10 | 3,553 0 5 | 3,325 13 10 | The decrease is owing to the medical officer having taken leave on half-pay. |
| 8 | Public Works ... ... ... | 45,491 11 8 | 46,607 10 3 | 41,881 4 2 | 40,222 3 2 | The decrease is due to less public works having been undertaken. |
| 9 | Miscellaneous ... ... ... | 71,891 15 3 | 52,140 14 5 | 50,120 12 9 | 47,750 3 5 | The decrease is owing to less adjustments having been effected in 1894-95. |
| | Total ... | 2,32,597 1 8 | 2,50,744 3 6 | 1,92,606 6 4 | 1,86,980 14 9 | |

There is a decrease both in receipts and expenditure. The falling off in the land revenue collections is nominal, being due to the revenue suspended in 1891-92 having been collected partly in 1892-93 and partly in 1893-94 and the the revenue collections of 1894-95 being normal. The decrease in miscellaneous of Rs. 27,000 is also nominal, there being less adjustments than in 1893-94 to the extent of that amonnt. The decrease of Rs. 6,000 in expenditure is also not real, having been caused by more adjustments having been included in this item than in 1893-94. The normal income and expediture are nearly the same as in previous years.

Remissions.

32. Remissions were granted to the extent of Rs. 634-14-3 against Rs. 1,839-5-1. Of this Rs. 8-1-11 represented the irrecoverable outstandings of 1894-95 and the remainder those of previous years. Every effort was made to recover the amount remitted but in vain.

Stamps.

33. The receipts from stamps were Rs. 4,960 against Rs. 4,192-5-5. The increase is due to the growing tendency of the people to record their transactions on stamped paper instead of committing them to memory.

A'bkári and Opium.

34. The cession of the Abkári farm of the State to Government has been extended for a further period of 10 years, *i.e.*, to A.C. 1904, in consideration of the State receiving Rs. 2,843 annually on account of compensation for its loss of revenue. The cultivation of poppy is prohibited and the State gets a drawback of 20 per cent. on all opium purchased from British depôts for retail sale in its territory. The income from this source is Rs. 331-8-0.

## CHAPTER VI—Medical and Vital Statistics.

Medical relief and Vital Statistics.

35. The following table will show the relief afforded to the sick and the money spent for that purpose :—

*Table I.—Dispensaries.*

| Dispensary. | Number of Patients treated. | | Results. | | | | Expenditure. | Daily Average. |
|---|---|---|---|---|---|---|---|---|
| | In-door. | Out-door. | Discharged. | Absented. | Died. | Remaining under treatment. | | |
| | | | | | | | Rs. a. p. | |
| Budgaon ... | ... | 5,921 | 5,285 | 585 | 3 | 48 | 2,566 4 10 | 63·8 |
| Gudgeri ... | ... | 3,947 | 3,541 | 360 | 4 | 42 | | 44·8 |
| Total ... | ... | 9,868 | 8,826 | 945 | 7 | 90 | 2,566 4 10 | 108·6 |

The number of patients treated at the two State dispensaries was 9,868 or 182 less than in 1893-94. The decrease is attributed to the absence of any epidemic. The expenditure on these dispensaries was Rs. 2,566-4-10, and there was an ample supply of medicines.

The trained nurse in the Budgaon Dispensary continues to do her work satisfactorily.

Ten major and 66 minor operations were performed at these dispensaries and the diseases treated of were ague, worms, skin diseases, bowel complaints, &c.

*Table II.—Births and Deaths.*

| | 1893-94. | 1894-95. | Increase. | Decrease. |
|---|---|---|---|---|
| Births ... ... ... | 1,502 | 1,574 | 72 | ..... |
| Deaths ... ... ... | 879 | 914 | 35 | ..... |

There is an increase both in the number of births and in that of deaths. There were only 5 deaths from cholera and 498 from fever against 35 and 600 respectively last year. Diarrhœa proved fatal in 247 cases. 145 souls were carried off by other diseases and 19 deaths were accidental.

*Table III.—Vaccination.*

| Operation by whom performed. | Number of persons vaccinated in 1893-94. | Number of persons vaccinated in 1894-95. | Results. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1893-94. | 1894-95. | 1893-94. | 1894-95. |
| 2 Vaccinators... ... | 1,171 | 1,135 | 1,118 | 1,091 | 53 | 44 |

The year's vaccination work, which cost Rs. 759 to the State, was slightly less than last year's, but there were more re-vaccinations, being 133 against 84. The Vaccination Inspector and Vaccinators have been told to be more active and show better results. Of 133 re-vaccinations 77 were successful and 10 unsuccessful. In 46 cases the result was not known.

## CHAPTER VII.—Instruction.

Education.

36. There were 34 schools against 35 last year; one indigenous school having been closed during the year. They were attended by 1,414 scholars, or 27 more than in 1893-94, or 106 more than 1892-93, thus showing a progressive increase in attendance. As usual the schools were inspected by the Government Deputy Educational Inspectors of Sátára, Dhárwár and Sholápur, in which the State villages are respectively situated. They speak generally well of most of the schools and the instruction given in them. The masters of schools which have not shown good results have been censured and warned to be more diligent. The Assistant Political Agent, Southern Marátha Country, examined the schools at Budgaon and Gudgeri and expressed himself satisfied with their work.

There are 4 girls' schools attended by 148, or 8 less than in 1893-94. It is sad to note that there is a further falling off in their attendance. The best efforts of myself and táluka officials have been in vain to rouse an interest in female education. The schools are in small towns where female education is not appreciated.

The following statement gives all necessary particulars regarding the schools and scholars :—

| Number. | Description of Schools. | Number of pupils on the rolls on 31st March 1894. | Number of pupils on the rolls on 31st March 1895. | Daily average attendance. |
|---|---|---|---|---|
| 23 | Vernacular schools... ... ... | 1,047 | 1,080 | 786·3 |
| 4 | Girls' schools ... ... .. | 156 | 148 | 82·1 |
| 2 | Hindustáni schools ... .. | 53 | 51 | 25·8 |
| 3 | Low caste schools ... ... ... | 78 | 84 | 59·7 |
| | Total ... | 1,334 | 1,363 | 953·9 |
| 2 | Indigenous schools... ... ... | 53 | 51 | 41·2 |
| 34 | Grand Total ... | 1,387 | 1,414 | 995·1 |

The three schools for low castes were attended by 84 scholars against 78 in 1893-94—an increase of 6. There are hopes that these schools will flourish.

Higher or secondary education is not yet in demand as the population is mostly agricultural. To encourage education, however, generally 2 scholarships, 1 in Medicine and 1 in Engineering, have been created this year for such of the State subjects as may elect to prosecute their studies in the above branches. A third scholarship has been established to enable girls from the State schools to fit themselves for school-mistressships. This is in addition to the Reeves' scholarships already sanctioned.

## CHAPTER VIII.—Miscellaneous.

Miscellaneous.

37. There are 4 post offices in the State, one at each of the three táluka stations, and the 4th at Kowta. All these post offices transact money order and savings bank business. There is no Government Telegraph Office in any town in the State.

Printing press and libraries.

38. The State has opened as an experimental measure one printing press, at which forms, &c., required for the use of the State are printed. The libraries are 5 in number and subscribe to a few journals and possess a small stock of books on various subjects.

Kárbhári's tour.

39. I visited all the villages in the Miraj Junior Jághir and did the jamábandi and other district work connected with them.

Records.

40. One hundred and fifty-four daftars of old records have been arranged during the year.

Conclusion.

41. In conclusion I have much pleasure in stating that all the State officials have discharged their duties satisfactorily with but 2 exceptions and cordially worked with me in carrying on the administration.

I have the honour to be,
Sir,
Your most obedient Servant,
G. K. SOVANI,
State Kárbhári, Miraj Junior.

BOMBAY: PRINTED AT THE GOVERNMENT CENTRAL PRESS.

No. 183 of 1896

From

G. K. SOVA'NI, Esquire,
State Kárbhári, Míraj Junior;

To

The ASSISTANT POLITICAL AGENT,
Southern Marátha Country.

*Miraj, 4th July 1896.*

Sir,

Administration Report for 1895-96.

I have the honour to submit the Annual Administration Report of the Miraj Junior State for 1895-96 (Fasli 1305).

Statements I to XVII.

2. The usual statements as per margin accompany.

CHAPTER I.—Political.

Political relations.

3. The political relations of this State with the British Government are fully described in Appendices I and II to this report.

Chief's health and studies.

4. The young Chief Laxmanráo Harihar *alias* Anna Sáheb, is now in his 20th year. He has enjoyed good health and attended the Rájárám College throughout the year. Mr. Candy, the Principal of the College, writes that he is very regular and well-behaved; and though he is naturally slow in speaking, he has improved in intelligence and made good progress. Since the close of the year, Government have permitted him to reside in his State in order that he may be gradually initiated by the Joint Administrators in the management of his own affairs and instructed in law. A law tutor has been appointed for this purpose on a salary of Rs. 125 per month.

Important event of the year.

5. There was no event of any importance during the year.

Changes in the administration.

6. There were no changes in the personnel of the administration.

CHAPTER II.—Administration of Land.

Survey and Settlement.

7. The new survey rates have been introduced into the Kuroli Táluka consisting of the three saranjámi villages and one inám village and into the six dumála villages of the Kavata Táluka, with the following results:—

| Survey where introduced. | Revenue according to old rates. | | | Revenue according to new rates. | | |
|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. |
| Kuroli Taluka, including the inám village of Tanu ... | 14,926 | 12 | 1 | 12,707 | 10 | 0 |
| Six Dumala villages in Kavata Taluka ... ... | 13,501 | 5 | 6 | 14,507 | 12 | 0 |

It will be seen that while the Dumáldárs have profited to the extent of Rs. 1,006-6-6, the State has suffered in revenue to the tune of Rs. 2,219-2-1 annually. The Joint Administrators have advisedly accepted this reduction in the State's income in the hope that it will ease the burdens of the ryots and encourage them to improve their lands to the ultimate benefit of the State and the people. No lands were thrown up in dumála villages.

Wadháva and Watan Registers.

8. The Wadháva work or the work of levying the assessment on excess lands in the Kavata Petha was completed last year. Similar work for the Kuroli Petha into which the new survey rates were introduced at the close of the year

of report will be taken in hand in the current year. The preparation of vatan registers continues to make fair progress. Registers of the Pátilki vatans of seven villages and of the Kulkarni vatan of one village have been completed during the year. Registers of both kinds of vatans for the whole táluka will, it is hoped, be completed in 1896-97. The registers of vatans for the other two tálukas will also be taken in hand.

Waste lands.

9. 315 acres and 34 gunthas of waste lands were taken up for cultivation in the Kavata Táluka and 974 acres and 18 gunthas in the Gudgeri Táluka, total 1,290 acres and 12 gunthas. Not only no fallow lands were asked for in the Kuroli Táluka but 23 acres and 7 gunthas were thrown up, possibly in the hope of taking them up afterwards at a lower rental when the new rates were declared. The following table will show the particulars of waste lands :—

| Name of Tálukas. | Extent of cultivable area for | | Taken up. | | Waste remaining at the end of the year. | | Percentage of cultivable land lying waste in | |
|---|---|---|---|---|---|---|---|---|
| | 1894-95. | 1895-96. | 1894-95. | 1895-96. | 1894-95. | 1895-96. | 1894-95. | 1895-96. |

| Gudgeri ... ... „ | 1,661 13 | 1,433 34 | 227 19 | 974 18 | 1,433 34 | 459 16 | 86·927 | 32·03 |

| Bighas ... ... ... | 32 10 | 10 0 | 22 10 | ... | 10 0 | 10 0 | 30·7 | 100 |
| Total— | | | | | | | | |
| Acres ... | 4,096 7 | 2,027 10 | 2,092 4 | 1,290 12 | 2,004 3 | 736 38 | 48·9 | 36·3 |
| Bighas ... | 32 10 | 10 0 | 22 10 | ... | 10 0 | 10 0 | 30·7 | 100 |

It will be observed that only 736 acres 38 gunthas now remain as waste lands, whereas four years ago they amounted to 5,257 acres 21 gunthas, the result being that 4,521 acres were brought under the plough during the last four years which will doubtless be deemed satisfactory.

Audit of accounts.

10. The accounts of the State for 1894-95 were examined by Ráo Saheb Balcrishna Jiwaji, Head Accountant, Kharwár, who had been specially deputed by Government for the purpose, and found to have been kept in a neat and satisfactory condition.

Boundary dispute.

11. The boundary dispute between Sultánpur and Gudgeri is still under consideration, but the Sirúr and Khillegaon dispute has been decided. A fresh dispute has cropped up relating to the boundary between the villages of Khandali and Yeoti, and will be disposed of together with the Sultánpur and Gudgeri one as soon as possible.

Ward's estates.

12. The following table exhibits full particulars of the management of wards' estates in this State :—

As stated last year, the estate of Bharma bin Satapa was handed over to him in September last. Mahadeo Shivaji has attained his majority and will be shortly put in possession of his property.

## CHAPTER III.—PROTECTION.

Legislation.

13. No new laws were enacted or introduced into the State during the year.

Military force.

14. There is no military force in the State.

Police and their work.

15. Appendix VI shows the strength and cost of the police force. The strength is the same as last year, *viz.*, 3 Chief Constables and 134 Constables of all grades, including sávárs. The cost was Rs. 16,020; 25 policemen were able to read and write and 25 under instruction in the police school at the head-quarters. The orderly with the head-quarter office was fined Rs. 5 for misconduct, and 12 policemen fined 8 annas each for not attending drill in time. Otherwise the conduct of the police was satisfactory.

The work of the police was attended with considerable success. 64 offences were reported to them as against 72, and 69 persons were arrested against 113 in 1894-95. Of these, 51 were convicted and 18 acquitted or discharged. Though there is a slight falling off in the percentage of convictions to accused sent for trial, *viz.*, from 79·6 to 73·9, the percentage for the year is highly creditable and shows how the Police successfully grappled with crime. There is however a still further improvement in the percentage of recoveries to property stolen, *viz.*, from 45·7 to 56·9. Compared with two previous years' work, this year's is decidedly better. Property worth Rs. 230 was recovered in the shape of debt-bonds, and Rs. 5 worth was left by the thieves on or about the scene of crime after the valuables had been abstracted and taken away. There were 47 fires, 5 more than last year, but the value of the property destroyed was Rs. 631 against Rs. 3,979. One case of incendiarism was brought home to the culprits. There were no heinous offences except one case of abortion, 2 of grievous hurt and 3 of murder, in two of which 2 accused persons were convicted of murder and sentenced to transportation, and three others to rigorous imprisonment varying from 7 to 10 years. There was no case of robbery or dacoity.

Criminal justice.

16. Appendices IX, X, XI give full particulars of criminal justice. There were 8 magisterial Courts against 7 last year. They dealt with 100 offences involving 180 persons against 116 offences and 228 persons. Of the 180 persons, 71 were convicted, 13 acquitted, 83 discharged without trial and 10 committed for trial by the Sessions Court. Three persons remained undisposed of at the end of the year. The work of the Magistrates is satisfactory. It is remarkable that the offences complained of against 67 persons out of 83 discharged were compounded, arguing how the criminal Courts are resorted to for vindicative purposes.

The following table gives the longest and shortest duration of cases in each Court during the year of the report:—

| Names of Tribunals. | With the accused in custody. | | With accused on bail. | | Other proceedings. | |
|---|---|---|---|---|---|---|
| | Shortest. | Longest. | Shortest. | Longest. | Shortest. | Longest. |

| Do. do. Kuroli ... ... | ... | ... | ... | ... | ... | ... |

There were 7 Sessions cases against 5 last year, and all of them were disposed of. There were 10 accidental deaths and three suicides against 19 accidental deaths and no suicides in the previous year.

There were 12 appeals to Sessions Court and 1 to the District Magistrate from the decisions of the Subordinate Magistrates. The decisions were upheld in 12 cases and reversed in one.

Extradition.

17. Five accused persons were obtained by extradition,—4 from the Sángli State and 1 from the British districts, while none were surrendered by this State. All the extradited prisoners were promptly dealt with and well treated.

Prisons.

18. There was no change in the number of jails or lock-ups. The 3 jails in the State admitted 40 prisoners against 85 in 1894-95, the decrease being due to less crime in the year of report and consequently less convictions. The conduct and health of the prisoners were good. Two transportation convicts were sent to the Thána jail preparatory to their deportation to the Andamans. One of them, however, died in the jail on 26th March last. The daily average attendance of the prisoners was 26·6 and their cost to the State was Rs. 1,812-15-3. Most of the prisoners were employed on hard labour. All the jails were in excellent order. The Darbár Surgeon, Kolhápur, who inspected the central jail at Budgaum, expressed himself perfectly satisfied with its management. The Political Agent, Major Wray, and the Honourable Mr. Nugent also visited the jail and were pleased with the arrangements.

Civil justice.

19. There were 4 Civil Courts in the State. No suits were filed in the Huzúr Court. The three remaining Courts dealt with 167 suits as against 198 in 1894-95, and disposed of 155 leaving 12 undisposed of at the end of the year against 18 last year. The decrease in the number of suits is owing to fluctuations.

The longest and shortest duration of cases in each Court is given in the following table :—

| Name of the Court. | Longest duration of cases determined. | Shortest duration of cases determined. |
|---|---|---|
| | Y. m. d. | Y. m. d. |
| Kowta ... ... | 1 6 0 | 0 0 9 |
| Gudgeri ... ... | 1 1 4 | 0 0 9 |
| Kuroli ... ... | 0 3 17 | 0 0 13 |

The average duration of suits was 2 months and 6 days against 2 months 9 days. The average duration of suits in the Gudgeri Court is 1 month and 29 days against 3 months and 4 days last year. This improvement is due to a more energetic and able Munsif having been appointed to that Court, and reflects credit on the Munsiff, Mr. Dinkar Gopal Bhagvat.

Of 120 applications for execution of decrees, 113 were disposed of against 106, the balance at the close of the year being 7 against 10 in 1894-95. This is satisfactory.

The number and value of suits are shown in the subjoined statement :—

| Name of Court. | Suits for Immoveable Property. | | | | Money Suits. | | | |

| Total .. | 66 | 3,802 | 35 | 14,228 | 113 | 6,102 | 114 | 4,953 |

There were no applications for heirship certificates.

The work done by the Civil Appellate Court is shown in the subjoined statement :—

There were 6 appeals for disposal, of which 3 were disposed of and 3 remained undisposed of owing to the suitors' applications for adjournments. The average duration of the appeals was 1 month and 15 days as against 3 months and 18 days in 1894-95.

Working of the Mámlatdárs' Court.

20. 34 possessory suits were filed in the Courts of the Mámlatdárs of Kowta, Gudgeri and Kuroli and were all disposed of. This is creditable to the Courts.

Registration.

21. The receipts and expenditure of the Registration Department are given in the following table :—

| Description. | 1894-95. | | | 1895-96. | | |
|---|---|---|---|---|---|---|
| | Number of deeds. | Value of Property. | Fees realized. | Number of deeds. | Value of Property. | Fees realized. |

578 documents involving property valued at Rs. 1,20,316 were registered against 435 documents and Rs. 95,943 worth of property and the fees realised were Rs. 1,972 against Rs. 1,596. The figures speak for themselves and show how registration is becoming more and more popular.

Municipalities.

22. The receipts and disbursements of the 7 municipalities in the State are given in the following table :—

| Name of Municipality. | Balance on 1st June 1895. | | | Receipts during the year. | | | Total. | | | Expenditure during the year. | | | Balance on 31st May 1896. | | |

No octroi duties are levied. Their income is mainly derived from a light house-tax which is supplemented by State grants. The chief expenditure incurred is on the improvement of the roads and of the sanitation of the municipal areas. No expenditure was incurred by the Hire-wadvatti Municipality during the year of report pending the disposal of the appeal of the inhabitants of that place against its establishment.

## CHAPTER IV.—Production and Distribution.

Agriculture.

23. Appendix XVI is a detailed statement of agricultural live stock in the State. There is an increase under all heads except in bullocks, horses, sheep and goats, which show a slight decrease as compared with last year's stock. On the whole the year was one of progress and agricultural prosperity. The area under cultivation is contrasted in the following table with the total culturable area for 1895-96 :—

| Description. | Culturable Lands. | | | | Actually cultivated Land. | | | |

Cotton is being less and less cultivated. The past two years show a decrease. The rates of wages were as follows :—

| Names of Tálukas. | Labourers. | | Mason. | Carpenter. | Blacksmith. | Cart. | Pony. |
|---|---|---|---|---|---|---|---|
| | Male. | Female. | | | | | |
| | A. p. | A. p. | A. p. | A. p. | A. p. | A. g. | A. g. |
| Kowta ... ... | 3 6 | 2 6 | 8 0 | 10 0 | 6 0 | 12 0 | 5 0 |
| Gudgeri ... ... | 3 0 | 2 0 | 8 0 | 12 0 | 8 0 | 12 0 | 4 0 |
| Kuroli ... ... | 3 0 | 1 6 | 10 3 | 12 0 | 10 0 | 12 0 | ... |

The labourers' wages were a little higher in the Kowta Táluka than last year. Elsewhere they were the same as in 1894-95. The other wages show slight variations.

Season and Crops.

24. The season was on the whole a favourable one. The rainfall was as follows :—

| Names of Tálukas. | 1894-95. | 1895-96. |
|---|---|---|
| Kowta ... ... | 25·43 | 35·27 |
| Gudgeri ... ... | 34·6 | 34·65 |
| Kuroli ... ... | 23·46 | 36·68 |

The rainfall was considerably more than in 1894-95 especially in the Kowta and Kuroli tálukas, and more than the average of the past five years. The rain was timely and abundant for the kharif crops, though not quite so for the rabi especially in the Gudgeri táluka. Drinking water was plentiful, but fodder was rather dear. Fresh advances were made to the agriculturists to the amount of Rs. 10,930 against Rs. 11,930 in 1894-95.

The outturn of crops in each of the tálukas was as follows :—

| Names of Tálukas. | Kharif. | Rabi. |
|---|---|---|
| | Annas. | Annas. |
| Kowta ... ... | 12 | 10 |
| Gudgeri ... ... | 12 | 8 |
| Kuroli ... ... | 10 | 12 |

The kharif crops were generally good but the rabi did not fare well. Jowári and gram were excellent. The ground-nut and cotton crops had sufficient rain but suffered from disease and their outturn was a poor one.

Prices.

25. The following is a contrasted table of the prices of staple food-grains :—

| Name of Tálukas, | Lbs. per Rupee. | | | | | |
|---|---|---|---|---|---|---|
| | Jowári. | Rice. | Wheat. | Gram. | Tur Dál. | Bájri. |
| Kowta— | | | | | | |
| 1894-95 ... | 50 | 18 | 32 | 32 | 22 | 46 |
| 1895-96 ... | 48 | 18 | 32 | 34 | 30 | 44 |
| Gudgeri— | | | | | | |
| 1894-95 ... | 42 | 20 | 42 | ... | 20 | 42 |
| 1895-96 ... | 59 | 23 | 38 | ... | 21 | ... |
| Kuroli— | | | | | | |
| 1894-95 ... | 46 | 21 | 21 | 38 | 24 | 38 |
| 1895-96 ... | 57 | 19 | 31 | 30 | 18 | 38 |

All the grains were generally cheaper, though some cereals were dearer in particular localities owing to local causes.

Forest.

26. The total forest area was 182 acres and 39 gunthas. The income, which mostly consisted of grazing fees, was Rs. 1,023-12-0 against Rs. 877-14-8, and the expenditure was Rs. 263-10-5 against Rs. 253-11-4.

Trade.

27. Gudgeri exported Rs. 80,000 worth of cotton, Rs. 17,000 of wheat, Rs. 2,000 of sesamum-seed, and Rs. 1,200 of Hulga (vetch). The exports of cotton and wheat were larger than in 1894-95. Budgaon exported Rs. 40,000 worth of sáris and coarse cloth. There are no vexatious imposts on trade. The State enforces a policy of free trade.

Fairs.

28. The Haripur fair lasted for one day and was attended by about 2,500 people and there were 25 booths for the sale of sweatmeats. The Khillegaon fair lasted for five days and was attended by about 3,500 people who were almost all Lingáyets. There were about 50 or 60 booths for the sale of sweetmeats, bangles and ordinary articles of common use. The necessary sanitary precautions were taken and there was no outbreak of cholera or any other epidemic.

Public Works.

29. The following statement shows the expenditure on works of public utility :—

| Head. | Amount. |
|---|---|
| | Rs. a. p. |
| Communications ... ... | 4,868 7 5 |
| School-houses ... ... | 1,373 12 4 |
| Dharmsháias ... ... | 853 8 7 |
| Other buildings ... ... | 10,915 7 4 |
| Water-supply ... ... | 1,907 8 10 |
| Road-side trees ... ... | 2,174 4 1 |
| Miscellaneous ... ... | 3,155 15 8 |
| Total ... | 25,249 0 3 |
| Establishment ... | 2,438 0 1 |
| Grand Total ... | 27,687 0 4 |

The expenditure was Rs. 27,687-0-4 against Rs. 40,222-3-2. Owing to the new Váda at Budgaon, not having been commenced, the allotment for that work, Rs. 30,000, was not expended, hence the decrease. The construction of the new Váda will be taken in hand during 1896-97.

Cattle-breeding.

30. At the State cattle-breeding farm there were 131 head of the Hanam breed of oxen, 26 buffaloes, and 8 pony-mares. Last year's figures were 124, 23 and 8 respectively. The oxen and buffaloes show an increase in their number caused by natural increase.

Chinchli Show.

31. At the Chinchli Show of 1896 the State sávárs carried off prizes in tent-pegging to the value of Rs. 25. One horse obtained a prize of Rs. 27. Prizes of Rs. 8 and 1 were awarded to Gudgeri cotton and jowári respectively.

## Chapter V.—*Revenue and Finance.*

Revenue and Finance.

32. The gross revenue of the State including alienations is Rs. 2,46,161-15-11. The subjoined three statements will give a general idea of the finances of the State for 1895-96, as contrasted with those of the three previous years :—

| 5 | Judicial ... ... ... | 1,845 5 11 | 2,192 5 2 | 2,108 8 8 | 294 11 6 | The decrease is slight and due to fluctuations. |
| 6 | Stamp ... ... ... | ..... | ..... | 5 0 0 | 137 6 0 | The increase is nominal, as the expenditure is now brought to account, whereas formerly it was deducted from the receipts and the net revenue credited. |
| 7 | Education ... ... ... | 9,693 8 8 | 7,533 4 5 | 7,524 1 5 | 8,212 7 7 | The increase is due to the grant of scholarships and appointment of additional Assistant Masters. |
| 8 | Medical ... ... ... | 4,170 12 10 | 3,553 0 5 | 3,325 13 10 | 2,546 13 3 | The decrease is due to new appointments of Hospital Assistants on less pay than in the previous year. |
| 9 | Public Works ... ... | 46,607 10 3 | 41,881 4 2 | 40,222 3 2 | 27,687 0 4 | The decrease is due to the new vada not having been taken in hand. |
| 10 | Miscellaneous ... ... | 52,140 14 5 | 50,120 12 9 | 47,750 3 5 | 31,496 15 3 | The decrease is due to less adjustments of advances than in 1894-95. |
| | Total ... | 2,50,744 3 6 | 1,92,606 6 4 | 1,86,980 14 9 | 1,71,847 7 2 | |

There is a decrease both in receipts and expenditure. The decrease in receipts is nominal, being principally due to one half-yearly instalment of the interest on invested funds not having been received during the year of report and two years' interest having been credited in last year's accounts. The land-revenue collections are better than last year's by about Rs. 2,000, partly due to the assessment on excess lands having been levied in the year of report. The increase in miscellaneous receipts is due chiefly to more adjustments of *Tasalmat* amounts or advances than in 1894-95. The decrease in expenditure is caused partly by less expenditure having been incurred on works of public utility, the allotment for the new Vada not having been expended, and partly to less adjustments having been made of advances and other debt-heads.

Remissions.

33. Remissions were granted to the extent of Rs. 457-8-10 against Rs. 634-14-3. Of this amount, Rs. 141-3-3 represent the irrecoverable outstandings of the year of report and the remainder Rs. 316-5-7 the outstandings of former years. Every effort was made to recover the arrears but in vain.

Stamps.

34. The receipts from stamps were Rs. 5,612-9-0 against Rs. 4,960 in 1894-95. This is satisfactory. The increase is partly due to more applications having been made for advances and partly to more transactions having been effected in writing.

35. The receipts from Abkári and opium were Rs. 3,153 against Rs. 3,254-1-2 in 1894-85. The decrease is nominal owing mainly to the drawback on opium purchased by the State not having been received during the year.

A'bkári and Opium.

## CHAPTER VI.

Medical Relief and Vital Statistics.

36. *Medical and Vital Statistics.*—The following table shows the relief afforded to the sick and the money spent for that purpose :—

| Dispensary. | Number of Patients treated. | | Results. | | | | Expenditure. | Daily Average. |
|---|---|---|---|---|---|---|---|---|
| | In-door. | Out-door. | Discharged. | Absented. | Died. | Remaining under treatment. | | |
| | | | | | | | Rs. a. p. | |
| Budgaon ... | ... | 8,430 | 6,805 | 1,581 | ... | 44 | ..... | 67·5 |
| Gudgeri ... | ... | 4,051 | 3,660 | 353 | 2 | 36 | 1,843 13 7 | 43·4 |
| Total ... | ... | 12,481 | 10,465 | 1,934 | 2 | 80 | 1,843 13 7 | 110·9 |

The number of patients treated at the two State Dispensaries was 12,481 or Rs. 2,621 more than in 1894-95. The increase is attributed to the general unhealthiness of the year. The trained nurse in the Budgaon Dispensary continues to do her work satisfactorily.

Four major and 104 minor operations were performed at these dispensaries. The diseases treated of were worms, ague, sore-eyes, conjunctivitis, diseases of the respiratory and digestive system, bowel complaints and skin diseases.

TABLE II.—*Births and Deaths.*

| | 1894-95. | 1895-96. | Increase. | Decrease. |
|---|---|---|---|---|
| Births ... ... | 1,574 | 1,319 | ... | 255 |
| Deaths... ... | 914 | 1,238 | 342 | ... |

There is a decrease in the number of births and an increase in that of deaths. There were 132 deaths from cholera, 582 from fever, 173 from diarrhœa, 12 from accidents and the rest (334) from other diseases of various kinds. The year was not on the whole a healthy one, and this has doubtless, to some extent, unfavourably affected both births and deaths.

TABLE III.—*Vaccination.*

| Operation by whom performed. | Number of persons vaccinated in 1895-96. | Number of persons vaccinated in 1895-96. | Results. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| Two vaccinators ... .. | 1,135 | 941 | 1,091 | 904 | 44 | 37 |

The year's vaccination work which cost Rs. 702-15-8 to the State was much less than last year's owing to the death of the vaccinator and the appointment of a new one after three months' training in the office of the Deputy Sanitary Commissioner, Southern Registration District. There were 38 re-vaccinations against 133 in 1894-95. The Vaccination Inspector and Vaccinator have been told to be more active and make up for this deficiency in the current year. Of the 38 re-vaccinations 22 were successful. In 16 cases the result was not known.

## CHAPTER VII.—*Instruction.*

Education.

37. The number of schools was the same as last year, *viz.*, 34, 32 of which were State schools and 2 indigenous. They were attended by 1,459 scholars or 45 more than in 1894-95. The figures for the last four years will on comparison show that there is a slow but sure progressive increase in attendance. As usual the schools in the State were inspected by the Government Deputy Educational Inspectors of Sátára, Belgaum, Dhárwár and Sholápur districts in which the State villages are topographically situated. They speak generally well of all the schools except one, *viz.*, Yellápur, which was reported to be in an unsatisfactory condition and the master inefficient. The latter has been censured and steps have been taken to put the school in a more satisfactory condition.

There are four girls' schools attended by 150 girls or two more than in 1894-95. The slight increase in attendance is no index of a better appreciation of female education, which is in the same state as last year.

The following statement gives all necessary particulars regarding the schools and scholars :—

| No. | Description of Schools. | Number of Pupils on the Rolls on 31st March 1895. | Number of Pupils on the Rolls on 31st March 1896. | Daily average attendance. |
|---|---|---|---|---|
| 23 | Vernacular schools ... | 1,080 | 1,125 | 807·6 |
| 4 | Girls' schools ... ... | 148 | 150 | 82·9 |
| 2 | Hindustáni schools ... | 51 | 46 | 26·7 |
| 3 | Low caste schools ... | 84 | 78 | 58·8 |
| | Total ... | 1,363 | 1,399 | 97·6 |
| 2 | Indigenous schools ... | 51 | 60 | 49·8 |
| | Grand Total ... | 1,414 | 1,459 | 1,025·8 |

The three schools for low castes were attended by 78 scholars against 84, a decrease of 6. It is to be regretted that the hopes expressed last year have not been realised. Though higher or secondary education is not in demand and consequently not given in the State itself, most of the scholarships announced last year have been given to deserving students desirous of pursuing higher learning than is imparted in State schools. The expenditure on education is actually larger than last year's by Rs. 688·6-2 arguing that this department is receiving greater attention every year.

## CHAPTER VIII.—*Miscellaneous.*

Miscellaneous.

38. There are four post offices in the State, one at each of the three táluk stations and the fourth at Kowta. All these post office transact money order and savings bank business. There is no Government Telegraph Office in any town in the State.

Printing Press and Libraries.

39. The printing press opened last year is doing useful work not only for the State but also for the outside public who like to avail themselves of it on payment. In course of time there are hopes of its being self-supporting. The libraries are the same as last year, *viz.*, 5. They subscribe to a few journals and possess a small stock of books on various subjects.

Khárbári's tour.

40. I was not able to visit all the villages in the State this year owing to pressure of work at head-quarters, but I have done all the jamábandi work connected with them.

Records.

41. Eighty-two daftars of old records have been arranged during the year.

Conclusion.

42. I have much pleasure in stating that all the State officials have discharged their duties satisfactorily, and cordially worked with me in carrying on the administration.

I have the honour to be,
Sir,
Your most obedient Servant,
G. K. SOVÁNI,
State Kárbhári, Miraj Junior.

# ANNUAL REPORT

OF THE

# MIRAJ JUNIOR STATE,

**1896-97.**

No. 260 of 1897.

From,

S. B. LIMAYE, Esqufre,
State Kàrbhàri, Miraj Junior;

To,

The ASSISTANT POLITICAL AGENT,
Southern Maràthà Country.

*Miraj 12th July 1897.*

Sir,

Administration Report for 1896-97.

I have the honour to submit the Annual Administration Report of the Miraj Junior State for 1896-97 (Fasli 1306.)

Statements I to XVII.

2. The usual statements as per margin accompany.

## CHAPTER I. —Political.

Political relations.

3. The Political Relations of this State with the British Government are fully described in Appendices I. and II. to this report.

Chief's health and studies.

4. The young Chief Laxmanrao Harihar *alias* Annà Saheb is now in his 21st year. He has enjoyed good health through-out the year and is studying law under G. D. Jog, B. A. LL. B. He writes that the Chief is very regular and well-behaved; and though naturally slow in speaking he has improved in intelligence and made good progress in law.

Important event of the year.

5. This year is of scarcity to some part of the State and famine to the rest.

Changes in the Administration.

6. Mr. G. K. Sovani, the State Karbhari, having been appointed to act at Jath during the absence of Mr. R. R. Mule on privilege leave, he left this for Jath on the afternoon of the 3rd November 1896 and Mr. G. A. Potnis, the permanent Karbhari of Ramdurg, was appointed to act for Mr. Sovani, who took charge of his acting appointment on the 7th November. On the death of Mr. W. K. Dàte, the Darbar Karbhari of Ramdurg, Mr. G. A. Potnis was directed to go back to Ràmdurg handing over charge to Mr. S. R. Paranjpe, the Darbar Karbhari of this State, who held charge of this office in addition to his own duties till the 29th March 1897. Mr. G. K. Sovani having been confirmed in the office of the Administrator at Jath, the recommendation of the Political Agent to appoint me as State Karbari in this State, having met with the approval of Government I took charge of my new appointment on the fore-noon of the 29th March 1897 and continued to hold it till the close of the year.

## CHAPTER II. Administration of Land.

Survey and Settlement.

7. All the land in the State has been surveyed and assessed by the Survey Department.

Wâdhâvá and Vatan Register.

8. The *Wádhává* work or the work of levying the assessment on excess lands, found in the holdings of some persons in the Kuroli Peta, in which the survey rates were introduced in the last year, had been taken in hand by the Màmlatdàr of that Peta, but owing to the heavy work of the famine it has remained in abeyance. It is hoped that it will be soon completed after the Relief Works are closed. The Watan-registering Officer of Kowta Peta has done fair progress in his work. The work done by him is as follows :—

| Kind of Vatan | No. of State villages. | No. of Dümâlâ villages. |
|---|---|---|
| Pátilki vatan ... | 2 | 6 |
| Kulkarni vatan ... | 1 | 6 |

There were 12 appeals against the decisions of the Watan Registering Officer of which 6 were disposed of leaving a balance of 6 appeals for the next

year owing to the changes in the office of the State Karbhari. Similar work of the other two Petás is not taken in hand this year owing to famine. It will be seen that Registers of both kinds of *watan* in all the villages of Kawté Petà have been completed.

Waste lands.

9. 128 acres and 9 gunthas of waste lands were taken up for cultivation in Kaoté Peta and 307 acres 36 gunthas in the Gudgeri Peta; total 436 acres and 5 gunthas. No waste land was taken up for cultivation in the Kuroli Peta. The following table will show the particulars of waste lands:—

| Name of Tàlukas. | Extent of cultivable area for | | Taken up. | | Waste remaining at the end of the year. | | Percentage of cultivable land lying waste in. | |
|---|---|---|---|---|---|---|---|---|
| | 1895-96. | 1896-97. | 1895-96. | 1896-97. | 1895-96. | 1896-97. | 1895-96. | 1896-97 |

| Bighas.... ... ... | 10 | ... | ... | ... | 10 | ... | 100 | ... |
| Total— | | | | | | | | |
| Acres ... | 2,027 10 | 1,131 21 | 1,290 12 | 436 5 | 736 38 | 695 16 | 36.3 | 61.4 |
| Bighas ... | 10 | ... | ... | ... | 10 | ... | 100 | ... |

It will be observed that only 695 acres and 16 gunthas now remain as waste land. The increase in the extent of the waste lands in the Kuroli Peta is due to the introduction of the new survey rates in that Peta during the year by which the un-assessed waste land has come under the head of cultivable land. The land in the Kuroli Peta remaining as waste land was not taken up for cultivation during the year under report on account of famine.

Audit of accounts.

10. The accounts of the state for 1895–96 were examined by Rao Saheb Ramrao Annappa, Head Accountant Dharwar, who had been specially deputed by Government for the purpose and they were found to have been properly kept.

Boundary disputes.

11. The boundary disputes between Sultanpur and Gudgeri, and Khandali and Yeoti are still under consideration and it is expected that they will be decided in the next year. A fresh dispute has arisen relating to the boundary between Rajapur and Turchi and will be disposed of in the next year.

The estate of the wards from No. 7 to 11 has come under the management of this State during the year of report. Hindurao Balasaheb Ghorpade, the Sub-saranjamidar of Desing, died after the close of the year. Full particulars of his estate will be given next year.

## CHAPTER III. PROTECTION.

Legislation.

13. No new laws were enacted or introduced into the State during the year.

Military force.

14. There is no Military Force in the State.

Police and their work.

15. The Appendix VI. shows the strength and cost of the Police Force. The strength is the same as the last year *viz.* 3 Chief Constables and 134 Constables of all grades including Sawars. The cost was Rs. 16,044 as against Rs. 16,020 last year. Of the policemen 27 were able to read and write and 25 were under instruction in the Police-school at the Head Quarters. The Chief Constable at Kuroli Peta was degraded departmentally for his misconduct and one constable was degraded for 4 months and 3 constables were fined for misconduct. Excepting the above the conduct of the Police was satisfactory. A reward of Rs. 20 was granted to 1 constable by an inhabitant of Budgaún for tracing a theft.

The Police are a little less successful than last year in bringing offenders to justice. Though more offences were reported to them the percentage of conviction is less than last year *viz.* 71 persons were arrested against 69, and 48 were convicted against 51; and the percentage is 67.6 against 73.9. There is marked improvement in the percentage of the stolen property recovered which shows an increase from 56.9 to 65.5. Besides that some property in the shape of debt-bonds worth Rs. 368 and the property worth Rs. 6 was left by the thieves on the place of crime after the valuables had been taken away. There were 30 fires. Though 17 fires were less than the last year, still the value of the property destroyed, was more by Rs. 505. There were no heinous offences except one case of abortion, one of grevious hurt and one of culpable homicide not amounting to murder. There was no case of robbery or decoity.

Criminal Justice.

16. Appendices Nos. IX., X., XI. give the statistics of criminal justice. There was the same number of Magisterial Courts as last year *viz.* 8. They dealt with 107 offences involving 220 persons against 100 offences and 180 persons. Of the 220 persons dealt with 3 remained undisposed of at the end of the year. 85 were convicted, 120 discharged, and 12 committed for trial by the Sessions Court. There was no acquittal. The offences complained of against 79 persons out of 120 discharged, were compounded. The work of the Magistrates is on the whole satisfactory.

The following table shows the longest and shortest duration of cases in each Court during the year of report.

| Names of Tribunals. | With the accused in custody. | | With accused on bail. | | Other proceedings. | |
|---|---|---|---|---|---|---|
| | Shortest. | Longest. | Shortest. | Longest. | Shortest. | Longest. |

The number of Sessions cases during the year was 5 against 7 last year involving 12 persons. Out of the 5 cases 2 were committed a little before the

end of March and were disposed of in the month of April last. There were 11 accidental deaths and 3 suicides against 10 accidental deaths and 3 suicides.

There were 4 appeals to the Sessions Court and 4 to the District Magistrate Court from the decisions of the Subordinate Magistrates. The decisions in 3 cases were upheld and in 2 reversed, and 3 cases were referred.

Extradition.

17. Five accused persons were obtaind by Extradition; 3 from Satara District and 2 from Miraj Senior State, while 4 convicts were surrendered— 2 to the Nizam State, 1 to the Jamkhandi State and 1 to the British District. All the extradited prisoners were accurately dealt with and well treated.

Prisons.

18. The number of jails and locks-up is the same as last year. The three State jails admitted 39 prisoners against 40 in 1895-96. From Appendix IX. it would appear that the number of prisoners was the same as last year; but one prisoner had under-gone two convictions for different offences: hence the decrease. Though there was a greater number of offences than last year, the conviction is the same owing to a large number of cases having been compromised. The conduct and health of the prisoners were good. One transportation convict was sent to Eroda jail for being sent to Andamans. The daily average of attendance of the prisoners in the jail was 27.8 and their cost was Rs. 1969–1–9. All the prisoners but one were employed on hard labour. All the jails were in excellent order. The Darbar Surgeon of Kolhapur inspected the central jail at Budgaon and found it in good order. The Political Agent W. T. Morison and the Assistant Political Agent, Southern Maràthà Country, also visited the jail and were pleased with the arrangement.

Civil justice.

19. There were 4 Civil Courts in the State. Original suit not filed in the Huzur Court. The 3 Courts dealt with 152 suits as against 167 in 1895-96 and disposed of 145 leaving a balance of 7 at the end of the year against 12 last year. The decrease in the number of suits filed is due to famine. The longest and shortest duration of cases in each Court is given in the table below :—

| Name of the Court. | Longest duration of cases determined. | | | Shortest duration of cases determined. | | |
|---|---|---|---|---|---|---|
| | Y. | m. | d. | Y. | m. | d. |
| Kowta ... ... | ... | 10 | 1 | ... | ... | 10 |
| Gudgeri ... ... | ... | 8 | 22 | ... | ... | 7 |
| Kuroli ... ... | ... | 2 | 25 | ... | ... | 13 |

The average duration of suits was 1 month and 13 days against 2 months and 6 days. On the whole the work of the 3 Courts is satisfactory.

There were 92 applications for execution of decrees of which 85 were disposed of against 120 last year. The balance at the end of the year being 7 against the same number in 1895–96. This also is satisfactory.

The number and value of suits filed are shown in the sub-joined statement.

| Name of Court. | Suits for Immoveable Property. | | | | Money Suits. | | | |

There were 3 applications for heirship certificates and all were disposed of. The work done by the Civil Appellate Court is shown in the sub-joined statement :—

15 against 6 appeals were for disposal of which 12 against 2 were disposed of and the same number as last year *viz.* 3 remained undisposed of owing to the changes in the office of the State Karbhari in the year. The average duration of the appeals was 3 months and 23 days against 1 month and 15 days. The delay is due to the above reason and the disposal of the arrears of last year's appeals.

Working of the Mamlatdars' Courts.

20. 41 possessory suits were filed in the Courts of the Mamlatdars of Kowtà, Gudgeri and Kuroli; of these 37 were disposed of leaving the balance of 4 at the end of the year. There were 2 applications for review and they were disposed of by dismissing them as there was no point of law for consideration.

Registration.

21. The receipts and expenditure of the Registration Department are given in the following table:-

| Description. | 1895-96. | | | 1896-97. | | |
|---|---|---|---|---|---|---|
| | Number of deeds. | Value of Property. | Fees realized. | Number of deeds. | Value of Property. | Fees realized. |

524 documents involving property valued at Rs. 1,36,571 were registered against 578 documents of the value of ~~Rs~~ 1,20,316 and the fees realized were 1,887 as against ~~Rs~~ 1,972 last year. The decrease in the number of documents presented for registration and the fees realized there-on is due to the famine.

Municipalities.

22. The following table gives the particulars of the receipts and expenditure of the 7 Municipalities in the State.

## CHAPTER IV. Production and Distribution.

Agriculture.

23. Appendix XVI. gives the full particulars of the agricultural live-stock in the State. There is a decrease under all heads except in horse and sheep. The decrease is due to deficiency of fodder. On the whole the year was of scarcity to one part and famine to the rest. The area under cultivation is contrasted in the table below with the total cultivable area for 1896–97.

| Description. | Cultivable Lands. | | Actually cultivated Land. | |

Cotton was cultivated in less quantity this year owing to the deficiency of rain.

The rates of wages were as follows:—

| Names of Tâlukas. | Labourers. | | Mason. | Carpenter. | Blacksmith. | Cart. | Pony. |
|---|---|---|---|---|---|---|---|
| | Male. | Female. | | | | | |
| | A. p. | A. p. | A. p | A. p. | A. p. | A. p. | A. p. |

| Kuroli ... ... | 2 0 | 1 6 | 6 0 | 6 0 | 8 0 | 14 0 | ... |

The labourers' wages were lower through-out the State than the last year except cart-hire in the Kuroli Peta, which is due to the deficiency of fodder.

Season and Crops.

24. The season was on the whole un-favourable. The rain-fall was as follows:—

| Names of Tàlukas. | 1895-96. | 1896-97. |
|---|---|---|
| Kowta ... ... | 35.27 | 22.88 |
| Gudgeri ... ... | 34.65 | 33.94 |
| Kuroli ... ... | 36.68 | 12.59 |

The rain-fall was much less in the whole State than in 1895-96. The rain was not timely either to Kharip or Rabi crops. Drinking water was somewhat sufficient but fodder very scarce. Fresh advances were made to the agriculturists to the amount of Rs. 29,280 against ~~Rs.~~ 10,930.

The out-turn of the crops in each of the Talukàs was as follows:—

| Name of Tālukas. | Kharif. | Rabi. |
|---|---|---|
| | Annas. | Annas. |
| Kowtà ... ... | 4 | 3 |
| Gudgeri ... ... | 10 | 8 |
| Kuroli ... ... | 4 | 0 |

Neither the Kharif nor the Rabi crops fared well. Generally all the crops suffered much from want of rain.

Prices.

25. The following is a contrasted table of the prices of staple food grains.

| Name of Talukas. | Lbs. per Rupee. | | | | | |
|---|---|---|---|---|---|---|
| | Jowâri. | Rice. | Wheat. | Gram. | Tur-dâl | Bâjri. |

| 1896-97 ... | 17 | 14 | 15 | 15 | 14 | 17 |

All the grains were dearer than the last year.

Forest.

26. The total forest-area was the same as last year *viz.* 182 acres and 39 gunthàs. The income of grazing-fees was Rs. 1099–14–6 against Rs. 1023–12–0 and the expenditure was Rs. 210–11–4 against Rs. 263–10–5.

27. Gudgeri exported Rs. 60,000 worth of cotton, Rs. 15,000 of wheat, Rs. 1,500 of sesamum-seed and Rs. 1,000 of hulgà (vetch). The export of cotton and all other grains was much less than in 1895–96 owing to less production. Budgaon exported Rs. 30,000 worth of *Sárees* and coarse-cloth. The exportation if compared to the last years' is much less owing to less demand. There are no vexatious imposts on trade. The State follows free-trade policy.

Fairs

28. The Haripur fair lasted for one day and was attended by 2,000 people and there were 25 booths for sale of sweet-meats. The Khilegon fair was stopped as a preventive measure against the out-break of Bubonic Plague.

Public Works.

29. The following table shows the expenditure on works of public utility.

The year being of scarcity and famine, deliberate relief to the poor agriculturists and the labourers was given according to the Famine Relief Code which cost Rs. 10,648–9–8 to the State.

Cattle-breeding.

30. At the State-cattle-breeding farm there were 133 head of the *Hanam* breed of oxen, 25 buffaloes, and 11 pony-mares. Last year's figures were 131, 26 and 8 respectively.

| | Total ... | 1,92,606 6 4 | 1,86,980 14 9 | 1,71,847 7 2 | 2,17,653 4 7 | |

There is an increase both in receipts and expenditure. The increase in receipts is due to the interest of 2 years having been received on the invested capital during the year. The increase in the expenditure is caused partly by famine and partly by the adjustments of advances and Public Works.

Remissions.

33. Remissions were granted to the extent of Rs 906–14–0 against Rs 457–8–10 last year. Of this amount Rs 128–6–4 is the irrecoverable amount of the year of report and the remainder Rs. 778–7–8 on account of the former years. Every effort was made to recover the arrears, but to no purpose.

Stamps.

34. The receipts from stamps were Rs. 5,090–1–0 against Rs. 5,612–9–0 in 1895–96. The decrease is due partly to the less number of Civil Suits having been filed and partly to the execution of less money-bonds than the last year.

Abkári and Opium.

35. The receipts from Abkári and opium were Rs. 4,150–4–0 against Rs. 3153. The increase is solely attributed to a large sum of opium draw-back received during the year.

## CHAPTER VI. Medical and Vital Statistics.

Medical Relief and Vital Statistics.

36. The following table shows the relief afforded to the sick and the money spent for that purpose.

Table I. *Dispensaries.*

| Dispensary. | Number of Patients treated. | | Results. | | | | Expenditure. | Daily Average. |
|---|---|---|---|---|---|---|---|---|
| | In door | Out-door. | Discharged. | Absented. | Died. | Remaining under treatment | | |
| | | | | | | | Rs. a. p. | |
| Budgaon ... | ... | 7,651 | 7,369 | 225 | 1 | 56 | 2,660 14 2 | 66.4 |
| Gudgeri ... | ... | 4,417 | 3,868 | 513 | 4 | 32 | | 45.5 |
| Total ... | ... | 12,068 | 11,237 | 738 | 5 | 88 | 2,660 14 2 | 111.9 |

The number of patients treated at the 2 State Dispensaries was 12,068 or 413 less than in 1895–96.

There was no major operation. 136 minor operations were performed at the 2 dispensaries and the diseases treated of were ague, worms, sore-eyes bowel-complaints, connective tissue, skin-diseases &c.

Table II. *Births and Deaths.*

| | 1995–96 | 1896–97 | Increase | Decrease |
|---|---|---|---|---|
| Births ... | 1,319 | 1,501 | 182 | ... |
| Deaths ... | 1,238 | 1,046 | ... | 192 |

There is an increase in the number of births and a decrease in that of deaths. There were 133 deaths from cholera, 453 from fever, 149 from diarrhœa, 11 from accident, 3 from suicide and the rest (297) from other diseases.

Table III. *Vaccination.*

| Operation by whom performed. | Number of persons vaccinated in 1895-96. | Number of persons vaccinated in 1896-97. | Results. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1895-96. | 1896-97. | 1895-96. | 1896-97. |
| Two vaccinators | 941 | 965 | 904 | 935 | 37 | 30 |

The year's vaccination-work, which cost Rs. 773-6-8 to the State, was slightly more than last year's and the re-vaccination-work is also more than last year's, being 72 against 38. The increase is due to the care and zeal with which the vaccinators and the Inspector have performed their work.

## CHAPTER VII. *Instruction.*

Education.

37. There were 33 schools against 34 last year. One school at Yellapur which was reported to be in an unsatisfactory condition last year was closed as it failed to better its condition. The State-schools were attended by 1,433 scholars or 34 more than in 1895–96, thus showing a progressive increase in attendance. As usual the schools were inspected by the Government Deputy Educational Inspectors of Satàrà, Belgaum, Dhàrwàr and Sholàpur in which the State-villages are respectively situated. They speak well of all the schools and the instruction given in them. There are only 2 indigenous schools in the State attended by 51 scholars.

There are 4 girl-schools attended by 153 girls or 3 more than the last year. The slight increase in attendance does not show better appreciation of female-education, which is in the same condition as last year.

The following table gives all necessary particulars regarding the schools and scholars.

| Number. | Description of Schools. | Number of pupils on the rolls on 31st March 1896 | Number of pupils on the rolls on 31st March 1897. | Daily average attendance. |
|---|---|---|---|---|
| 22 | Vernacular schools ... ... ... | 1,125 | 1,137 | 843 |
| 4 | Girls' schools ... ... ... | 150 | 153 | 90 |
| 2 | Hindustàni schools ... ... ... | 46 | 59 | 30.1 |
| 3 | Low caste schools ... ... ... | 78 | 84 | 68.9 |
| | Total ... ... | 1,399 | 1,433 | 1,032 |
| 2 | Indigenous schools ... ... ... | 60 | 51 | 41 |
| 33 | Grand Total ... | 1,459 | 1,484 | 1,073 |

The 3 schools for low castes were attended by 84 scholars against 78, showing an increase of 6. There are hopes that these schools will flourish.

Higher education is not yet in demand as the population is mostly agriculturists and consequently most of the scholar-ships have been given to students desirous of pursuing higher learning than is imparted in the State-schools. One scholar-ship in Medicine has been given this year to a student, who has lately joined the Medical College, Bombay.

## CHAPTER VIII. *Miscellaneous.*

I have the honour to be,
Sir,
Your most obedient Servant,
S. B. Limayé,
State Kàrbhàri Miraj Junior.

The Assistant Political Agent,

Southern Maráthà Country.

*Miraj 25th July 1900.*

Sir,

Administration Report for 1899–1900.

I have the honour to submit the Annual Administration Report of the Miraj Junior State for 1899–1900 (*Fasli* 1309).

Statements I to XVII.

2. The usual statements as per margin accompany.

## Chapter I. Political.

Political relations.

3. The Political relations of this State with the British Government are fully described in Appendices I. and II. to this report.

Chief.

4. The sad death of the late Chief Shrimant Laxmanrao Harihar *alias* Annàsáheb took place on the 7th of February 1899. In accordance with the Government sanction communicated to me under the Political Agent's No. 4,381 of the 15th November 1899, Shrimant Raghunàthràò, second son of the Chief of Kurundvàd Senior, was installed on the *Gádi* of Miraj Junior on the 19th of December 1899 and was then formally adopted as is required by the Hindu *Shástrás*, by Shrimant Pàrvatibâisâheb, the mother of the late Chief on the 25th December 1899. The Chief is in his 12th year and seems to me a very clever and promising boy.

Important events.

5. The most important events of the year are;—1. the installation and adoption of the present Chief, 2 the prevalence of plague & 3 famine.

The account of plague in the year is as follows:—

| No. | Name of village. | Population 1891 Census. | Date of first case. | Date of last case. | Total No. of cases. | Total No. of deaths. | Recrudescence if any. Date and No. of attacks and deaths. |
|---|---|---|---|---|---|---|---|
| 1 | Pasupatihal | 899 | 13-7-99 | 11-9-99 | 37 | 33 | Nil. |
| 2 | Upnâl | 998 | 5-8-99 | 18-9-99 | 19 | 10 | Do. |
| 3 | Harlàpur | 992 | 5-9-99 | 8-11-99 | 46 | 34 | Do. |
| 4 | Gowdgeri | 385 | 27-10-99 | 22-11-99 | 8 | 7 | Do. |

The satisfactory feature of the year under report is that only four villages were infected against six during the last year. The percentage of plague-mortality to population affected is 2.4 against 2.8 during the last year. This decrease is principally due to the fact of prompt evacuation.

The year under report has witnessed a terrible famine which is likely to last at least for some months to come. Crops entirely failed in all the Tàlukâs except in Gudgeri where they varying from 4 to 6 annás were raised. Relief works were opened in 2 Talukàs *viz.* Kowthe and Kuroli, but in Gudgeri Talukà the people were not willing to go on Relief Works on wages prescribed by Famine Code. Tagài advances were granted to the cultivators to the amount of Rs. 26,126–8. Rs. 33,795–2–7 were spent on Relief Works. No life was lost either on account of starvation or any attack of epidemic at any of the relief camps during the year of Report.

Changes in the administration.

6. No changes have taken place in the personnel of the Administration.

## Chapter II. Administration of land.

Survey & Settlement.

7. All the lands in the State have been surveyed and assessed by the Survey Department. Revised rates of assessment, sanctioned by the Survey Department were declared in Gudgeri Peta after the close of the year of report *viz.* in May 1900.

Wádhávâ & Vatan register.

8. *Wádhává* work of Haripur in Kowte Petã which had remained unfinished last year has been finished during the year of report. Similar work with respect to the alienated holdings in Kuroli Petâ has remained in abeyance pending the receipt of certain information from the Survey Department. The work of Vatan registration in Kuroli Petà has made no progress owing to famine. Vatan registering officer of Gudgeri Petá has finished work with respect to *Pãtilki* vatans of 4 villages. Reference has been made on some legal point with respect to the remaining work to the Agency office and as soon as the reply is received the work will be taken in hand.

There were no appeals against the decisions of the Vatan registering officers during the year of report.

Waste lands.

9. 36 *acres* and 1 *gunthã* of waste land were taken up for cultivation in the State this year. The following table will show the particulars of waste lands in the 3 Tálukás of the State.

| Name of Tâluks. | Extent of cultivable area for | | Taken up. | | Waste remaining at the end of the year. | | Percentage of cultivable land lying waste in. | |

It will be observed that the extent of this year's waste land is 342 *acres* and 29 *gunthãs* against 378 *acres* and 30 *gunthãs* of the last year.

Audit of accounts.

10. The accounts of the State for 1899–1900 were not examined by Government officer.

Boundary disputes.

11. The boundary dispute between Rãjâpur and Turchi of Kowthe Peta has been settled this year, while those between Sultanpur and Gudgeri of Gudgeri Pethã and Khandãli and Yeoti of Kuroli Petâ have not been settled. In respect

to the latter a reference was made to the Mãmlatdăr of *Mãdhe* Tălukă but he has put off the disposal of the question till the famine was over.

Wards' estates.

12. The following table gives the full particulars of the management of wards' estates.

| Name. | Age. | Place of Birth. | Place of education. | Balance at the beginning of the year. | Receipts. | Disbursements. | Balance at the end of the year. In cash. | Balance at the end of the year. In government securities. | Value of moveable Property in hand. | Area of Land under management. |

## Chapter III. Protection.

Legislation.

13. No new laws were enacted or introduced during the year into the State.

Military force.

14. There is no military force in the State.

Police and their work.

15. Appendix VI. shows the strength and cost of the Police force. The strength is the same as last year *viz.* 3 Chief constables and 134 constables of all grades including sowàrs. The cost is Rs. 17,777–14–8 as against Rs. 17,418–3–1 of last year. Of the Police men 46 can read and write and 40 are under instruction in the police school at the head quarters. The conduct of the police was generally satisfactory throughout the year, only 1 constable having been dismissed and 1 fined for misconduct.

The Police seem to be very vigilant in bringing offenders to justice but they do not seem to be so very successful in preventing petty crimes as last year. The increase in the number of offences is due to famine. The number of offences was 63 against 49 of the last year. The number of convictions was 73 against 30 of the last year. The number of arrests was 111 against 46 of the last year. The amount of property stolen was worth Rs. 5,873–3–5 against Rs. 3,371–8. The percentage of recoveries of stolen property was 70.5 against 34.4* of last year which is satisfactory. There were 35 fires against 30 of last year. The value of property destroyed was Rs. 2,176–10 against Rs. 573–14. The number of heinous offences was 2;—1 being a case of murder and the other a case of death through rashness. There was no case of dacoity.

16. Appendices *IX.*, *X.*, *XI.* give the statistics of criminal justice. There were 7 Magisterial courts against 8 of the last year. They dealt with 105 offences involving 206 persons against 77 offences involving 164 persons last year. Of the 206 persons dealt with, 1 remained undisposed of at the end of the year, 99 were convicted, 53 discharged, 3 committed for trial by the Sessions court and 57 were acquitted. The offences complained of against 48persons, out of 53 discharged, were compounded.

The following table shows the shortest and longest duration of cases in each court during the year of report.

* In the body of the last year's Report the figure 49.9 was misprint.

The opening balance in the Sessions Court was 2 cases involving 2 persons. The number of Sessions cases this year was 3 involving 3 persons making a total of 5 cases involving 5 persons against 8 of last year involving 11 persons. All the cases were disposed of during the year of report. Of the 5 accused persons disposed 2 were convicted and 3 acquitted. There were 7 accidental deaths and no suicides against 3 accidental deaths and 4 suicides during the last year.

There were 12 appeals to the Sessions Court and none to the District Magistrate's court from the decisions of the subordinate Magistrates. Decisions in 2 cases were upheld, in 3 reversed, in 1 modified, in 3 further inquiry was ordered, 2 applications were rejected and in 1 the proceedings of the lower court were quashed.

Extradition.

17. 5 accused persons were obtained by extradition, 4 from Dhàrwâr District and 1 from Sàngli State; while 4 were surrendered—3 to the District Magistrate of Sàtàrà and 1 to the Miraj Senior State.

Prisons.

18. The number of jails and locks-up is the same as last year. The State jails admitted 57 prisoners against 26† last year. The conduct and health of the prisoners were good. The daily average attendance of the prisoners in the jails was 20.019 and their cost was Rs. 2,011-9-7. All the jails were in excellent order. The Budgaum jail was inspected by Col. J. W. Wray, Political Agent Kolhâpur and S. M. C., who found it to be in excellent order.

19. There were 4 civil courts in the State. No original suit was filed in the Huzur court. The 3 remaining courts dealt with 94 suits against 83 in the last year and disposed of 89, leaving a balance of 5 against 9 of the last year. The increase in the number of suits filed seems to be due to the fact that people could not conveniently file suits last year on account of plague. The longest and shortest duration of cases in each court is given in the table below.

| Name of the Court. | Longest duration of cases determined. | | | Shortest duration of cases determined. | | |
|---|---|---|---|---|---|---|
| | Y. | m. | d. | Y. | m. | d. |

| Kuroli ... ... | ... | 11 | 3 | ... | ... | 3 |

The average duration of suits was 2 months and 1.3 days against 2 months and 21 days last year. On the whole the work of the 3 courts was good.

† Last year's figure 48 was misprint.

There were 50 applications for execution of decrees, of which 40 were disposed of against 30 of last year. The balance at the end of the year was 10 against 19 of last year.

25 against 14 appeals were for disposal of which 22 against none were disposed of and 3 against 14 remained undisposed of at the end of the year. The average duration was 19 months and 25 days against none of last year. There was 1 pauper suit which was disposed of in the year. Delay is due to the disposal of the arrears of last year's appeals. Of the 3 appeals remained in arrears at the close of the year, 2 have since been disposed of.

Working of Mamlatdars' courts.

20. With no opening balance 29 possessary suits were filed in the courts of the Mamledars of Kowthe, Gudgeri and Kuroli. Of these 28 were disposed of, leaving a balance of 1 at the end of the year. There was only 1 application for review which remained undisposed of at the end of the year. It has however been since disposed of.

Registration.

21. The receipts and expenditure of the registration department are given in the table below.

## Chapter IV. Production and Distribution.

Agriculture.

23. Appendix XVI. gives the full particulars of the agricultural live-stock in the State. There is a marked decrease in the number of bullocks, cows, buffaloes, horses and ploughs due to the effects of famine. Fodder was scarce and many cattle were disposed of at very low prices. This explains the decrease in the agricultural stock.

In the following table the area under cultivation and the total cultivable area for the year 1899–1900 are contrasted with the same for 1898-99

| Description. | Cultivable Lands. | | Actually cultivated Land. | |

| Gudgeri ... ... | 39.91 | 22.55 |
| Kuroli ... ... | 26.72 | 13.97 |

The rain-fall was much less throughout the State. Rain was not timely both to rabi and kharif crops and they entirely failed except in the Gudgeri Tàlukà where both the crops averaged only 4 and 6 ans. respectively. In Kuroli Tãlukà rabi crops averaged 4 ans. Drinking water and fodder were insufficient. Fresh advances were made to agriculturists to the amount of Rs. 26,126-8 against Rs. 3,450 last year.

The out-turn of crops in each of the 3 Tàlukăs was as follows:—

There is a decrease both in receipts and expenditure. The falling off in the receipts is due to more adjustments having been made during the year than in 1898–99 and postponement of the collection of land revenue on account of famine. The decrease in expenditure is due to extraordinary expenditure (such as the payment of expenses on pilgrimages made to Shrimant Pârvatibaisàheb, the mother of the late Chief and the obsequies ceremonies of the late Chief and his wife) incurred during 1898–99.

Remissions.

30. Remissions were granted to the extent of Rs. 59–2 against Rs. 424–3–1.

## Chapter VI. Medical and Vital statistics.

33 The following table shows the number of patients treated and the money spent for the purpose.

Table I. Dispensaries.

| Dispensary. | Number of Patients treated. | | Results. | | | | Expenditure. | Daily Average. | Major operations. | Minor operations |
|---|---|---|---|---|---|---|---|---|---|---|
| | In-door | Out-door. | Discharged. | Absented. | Died. | Remaining under treatment | | | | |
| Budgaon ... | ... | 4,302 | 4,002 | 296 | 4 | 0 | 1,788- 5-7 | 45.2 | 5 | 89 |

| Total ... | ... | 10,909 | 9,945 | 912 | 6 | 46 | 2,901- 7-4 | 119.3 | 5 | 135 |

The number of patients treated at the 2 State dispensaries was 10,909 or 4,127 more than last year. There were 5 major operations. The diseases treated were :—fever, worms, sore eyes, bowel complaints, skin diseases, diarrhœa and plague.

Table II. Births and Deaths.

| | 1898-99. | 99-1900. | Increase. | Decrease. |
|---|---|---|---|---|
| Births ... | 1,157 | 1,219 | 62 | ... |
| Deaths ... | 1,519 | 1,182 | ... | 337 |

There is an increase in the number of births and a decrease in that of deaths. There were 306 deaths from ordinary fever, 191 from diarrhœa, 38 from cholera, 84 from plague, 7 from accident and the rest 556 from other diseases.

Table III. Vaccination.

| Operation by whom performed. | Number of persons vaccinated in 1898-99 | Number of persons vaccinated in 99-1900 | Result. | | | |

| One vaccinator. | 647 | 1,067 | 640 | 1,054 | 7 | 13 |

The year's vaccination work which cost Rs. 741-2-11 was more than last year's. The increase is due to the fact that last year less work was performed on account of plague.

## Chapter VII. Instruction.

Education.

34. There were 28 schools against 31 of the last year. One boys' school at Konkeri and one low caste school at Gudgeri were closed as they showed very low attendance. The indigenous school at Kognur was closed, the master having left the village. The State schools were attended by 1,000 scholars or 227 less than the last year. The decrease is due to famine and plague. As usual the schools were inspected by the Government Deputy Educational Inspectors of Sâtârâ, Belgaum, Dhârwàr and Sholápur in which the State villages are respectively situated The progress of instruction was a good deal hampered by the prevalence of Plague and Famine; otherwise they (Inspectors) generally speak well of the schools.

There were 4 girl schools attended by 120 girls against 134 of the last year. Decrease is due to famine.

The table below gives all necessary particulars regarding schools and scholars.

| Number. | Description of Schools. | Number of pupils on the rolls on 31st March 1899. | Number of pupils on the rolls on 31st March 1900. | Daily average attendance. |

| 1 | Indigenous school ... ... ... | 22 | Closed. | ... |
| 29 | Grand Total ... | 1,249 | 1,000 | 782.7 |

The 2 low cast schools have been temporarily closed as the students thereof have joined relief works.

There are 4 anglo-vernacular schools teaching up to the standard III. Higher education not being in demand, as the populatlon is mostly agricultural, scholarships are generally awarded to deserving students desirous of prosecuting higher course of education than is imparted in State schools.

Sir,

I have the honor to submit the Annual Administration Report of the Miraj Junior State for 1900-1901 (Fasli 1310.)

Statements I. to XVII.

2. The usual statements as per margin accompany.

## Chapter I. Political.

Political relations.

3. The Political relations of this State with the British Government are fully described in Appendices I. and II. to this Report.

Chief's health & studies.

4. The young Chief Màdhavràv Harihar *alias* Bábàsàheb is now in his 13th year. He is receiving his education under his Guardian & Tutor Lt. H. W. Berthon, who in his report speaks very favorably of his progress in studies and manners in general. The Chief enjoyed good health during the year under report except that he had a slight attack of remittent fever for a few days in the month of November 1900.

Important events.

5. The year under report witnessed the sad event of the death of Her Majesty the Queen Empress Victoria on the 22nd of January last and also the happy event of the succession to the throne of Her eldest son as His Majesty King Emperor Edward VII. The State observed deep mourning on account of Her Majesty's death. There were no other events of any importance except that there was partial famine in Kuroli Tàlukà of the State.

Changes in the Administration

6. My colleague Mr. S. R. Paránjape, Darbàr Kàrbhàri, retired on 21st September 1900 after a long State service of nearly 19 years. On his retirement, the form of Joint Administration was changed into one of sole *A*dministration under Government Resolution No. 6694 dated 6th September 1900 Political Department, the duties of the sole *A*dministrator thereupon having devolved upon me. This change in the form of *A*dministration necessitated certain changes in civil, revenue and criminal powers of the State officials as given below and further on in the Chapter III. Under the new form of *A*dministration, in revenue matters, the Political *A*gent Kolhapur and S. M. C. became the Local Government, the *A*ssistant Political *A*gent S. M. C., the Commissioner, and the *A*dministrator, the Collector. In criminal matters, the Political *A*gent became Sessions Judge, and the *A*ssistant Political *A*gent, *A*ssistant Sessions Judge, and the *A*dministrator, District Magistrate with special powers under Sec. 34 Criminal Procedure Code. In civil matters, the Political *A*gent became High Court, the *A*sst. Political *A*gent District Court, and the *A*dministrator, 1st class subordinate Judge. Mr. G. V. Shrikhande B. *A*., the Munsiff & 1st class Magistrate of Kowte Peta has been

invested with powers of 1st class Magistrate of the State in addition to his civil duties, and also entrusted with the duties of Treasury officer which were hitherto performed by the retired Darbàr Kărbhàri. In consequence of Mr. G. V. Shrikhande being entrusted with the additional duties of a Treasury officer, his office was removed for the convenience of State service, from Budgaon to Miraj. Mr. S. R. Bàbrekar, the Medical officer at Budgaon, having retired Mr. R. *A.* Modak was appointed in his place. There were no other important changes in the personnel of the *A*dministration.

## Chapter II. Administration of Land.

Survey & assessment.

7. *A*ll the lands in the State have been surveyed and assessed by the Survey Department. *A*s stated last year, revised rates of assessment, sanctioned by the Survey Department were declared in Gudgeri Tăluka in May 1900.

Wádhávà & Vatan register.

8. The *wadhava* work or the work of levying assessment on excess lands found in the alienated holdings in Kuroli Tãlukâ has remained in abeyance pending the receipt of certain information from the Survey Department. It is hoped, it will be completed in the next year. The work of preparing watan registers is in progress. Five cases of Pàtilki watan and four cases of Kulkarni watan have been enquired into and evidence recorded. Registers of the Pàtilki & Kulkarni watans of two villages have been completed. There were no appeals against the decisions of the watan registering officers during the year of Report.

14. There is no military force in the State.

Police & their work.

15. *Appendix VI.* shows the strength and cost of the Police force. The strength is the same as last year *viz.* 3 Chief Constables and 134 constables of all grades including Sowars. The cost was Rs. 17,307–12–4 against Rs. 17,777–14–8 of last year. Of the police men 47 can read and write and 39 are under instruction in the police school at the head quarters. The conduct of the Police was satisfactory.

The Police are as successful as last year in bringing offenders to justice. The number of offences was 74 against 63 of last year. The percentage of convictions is almost the same as last year *viz.* 70 persons out of 105 arrested were convicted against 73 out of 111 arrested of the last year. The amount of property stolen is worth Rs. 5,485–14–6 against Rs. 5,873–8–5 and the percentage of its recovery is 60.8 against 70.5 of last year. There were 36 fires against 35 of last year. Criminal justice.

16. *Appendices IX., X. XI.* give the statistics of criminal justice. There were 11 magisterial courts against 7 of the last year. The increase is apparent and is due to the changes in the powers of the magisterial courts on account of the abolition of Joint Administration as referred to in para 6 of Chapter I. Under the new form of sole *Administration*, the Màmlédàrs of Kowte, Kuroli and Gudgeri Tàlukás, who were formerly 1st class magistrates are to exercise the powers of 2nd class magistrate with committal powers and the *Aval* Kărkuns of 3 Tálukàs, who were formerly 2nd class magistrates are to exercise the powers of 3rd class magistrate. The remaining changes have already been noticed in para 6 of Chapter I. They dealt with 108 offences involving 195 persons against 105 offences involving 206 persons. Of 195 persons dealt with, 3 remained undisposed of at the end of the year; 87 were convicted, 42 discharged, and 63 acquitted. The offences complained of against 43 persons out of 63 acquitted, were compounded.

All the jails were in good order. The Assistant Political Agent S. M. C. inspected the Budgaon jail in the month of January 1901 and was satisfied with the management there-in.

The remaining 3 courts dealt with 76 suits against 94 in the last year and disposed of 66, leaving a balance of 10 against 5 of the last year. The decrease in the number of suits is owing to famine. | 1900-01 ... | 26 | 14 | 17 | 17 | 17 | 24 |

Most of the grains were cheaper than last year.

26. The Kuroli Tàlukă comprising an area of 24.45 square miles & a population of about 3,000 was affected with scarcity. The supply of water was extremely deficient. Many wells were therefore deepened to improve the water supply. Relief works were opened in the Kuroli Tàlukà on 4th *April* 1901. The total expenditure incurred on relief works was Rs. 17,843–14–4. There were no deaths from starvation or any epidemic at the relief camps nor was there any increase of crime due to the scarcity.

Forest.

27. The total forest area was the same as last year:– *viz.* 182 acres and 39 gunthás. The income of grazing fees was Rs. 1,136–1–9 and the expenditure was Rs. 238–14.

28. Gudgeri exported Rs. 5,000 worth of cotton, Rs. 2,000 of wheat, Rs. 100 worth of sesamum, Rs. 50 worth of Hulgá (vetch) and Rs. 100 worth of jowări. The export of cotton and all other grains was much less than in 1899–1900 owing to bad harvest. Budgaon exported Rs. 15,000 worth of Sárees and coarse cloth. It is much less than the average export which is nearly Rs. 40,000 owing to less demand. Kuroli exported no grains owing to scarcity. It may generally be observed that the great fall in the export of the State was entirely due to the severe effects of famine. There were no vexatious imposts on trade. The State follows free trade policy.

To,

The Assistant Political Agent,

Southern Maràthâ Country.

Miraj 8th July 1902.

Sir,

Administration Report for 1901–1902.

I have the honour to submit the Annual Administration Report of the Miraj Junior State for 1901—1902 (Fasli 1311).

Statements I. to XVII.

2. The usual statements as per margin accompany.

CHAPTER I. POLITICAL.

Political relations.

3. The Political relations of this State with the British Government are fully described in Appendices I. & II. to this Report.

Chief's health & studies.

4. The young Chief Màdhavràо Harihar *alias* Bâbã sãheb is now in his 14th year, receiving his education under F. B. P. Lory Esqr. M. A. (Oxen) at Kolhapur. Captain W. M. P. Wood, under whom the young Chief was placed for several months, says about him:—

"He is an intelligent and hard-working boy and is well advanced for his age. He has enjoyed good health during the past year, but unfortunately his eyes have troubled him."

The eyes of the young Chief have been since examined by Dr. W. J. Wanless M. D., who has recommended glasses to remedy the unequal vision of his eyes.

5. The important events of the year are:—

(*a*). Lady Párvati bài, the adoptive mother of the young Chief, was suddenly taken ill while she was at Pandharpur, in January last and died on 8th February 1902. The lady lived an ascetic life after the death of her beloved son, the late Chief Laxmanràо Harihar *alias* Annà sãheb and her death was deeply mourned by the Chief's family as well as a large circle of relations and friends. She was well known for her charity and quiet ways.

(*b*). The wedding of the young Chief with Shrimati Thaku bài sàheb, 2nd daughter of Shrimant Krishnarao Madhav Peshwe of Bareilly, was celebrated in the morning of 21st March 1902; when Captain W. Merewether the Assistant Political Agent S. M C. States, the Honourable Ráo Bahádur A. B. Desái Administrator Sàngli State and all the relations and friends from various parts of the Country were present.

(*c*). The Chiefs and representatives of the S. M. States met together at Miraj and presented a joint address of congratulation to H. H. the Mahàrãjà of Kolhãpur on his selection to represent the Mahãrâshtra at the Coronation of His Majesty the King Emperor EDWARD VII.

(*d*). The Chiefs and representatives of all the S. M. C States again assembled in a grand Darbâr at Kolhàpur on the 30th May 1902 to vote an address of loyal and reverent congratulations to His Majesty the King Emperor Edward VII. on His Majesty's approaching coronation. Coll. W. B. Ferris, Political Agent Kolhápur and S M. C., presided on the occasion. The ceremony was grand and imposing and marked a new page in the History of the Mahrâshtra, as it was the first occasion when the Chiefs of the S. M. C. States met together to join in such a loyal and noble purpose as the coronation address laid by them at the feet of His Majesty.

6. Rào Bahàdur S. B. Limaye retired after a long service of 35 years and I received from him the charge of the administration on the 20th January 1902 under Government Resolution No. 820 dated 24th Jânuary 1902.

Changes in the Administration

Mr. W. K. Chapekar, the State Overseer, having resigned service, Mr. N. V. Athavle was appointed in his place. There were no other important changes in the personnel of the Administration.

## Chapter II. Administration of Land.

Survey and Assessment.

7. All the lands in the State have been surveyed and assessed by the Survey Department of the British Government and no revisions of assessment were made during the year of report.

Wâdhâvâ & Vatan registers.

8. The Wàdhàvá work or the work of levying assessment on excess lands found in the alienated holdings in Kuroli Tãlukà has been for the present given up, as certain information required from the Survey Department is not available. The work of preparing Watan registers is in progress and the following registers have been completed.
Pàtilki watans of 3 villages, Kulkarni watan of 1 village & Nàiki watan of 1 village.

The Kulkarni watan of 1 village and Pátilki watan of 3 villages in the Kuroli Tàlukà and the Kulkarni watan of 1 village and the Pătilki watans 3 villages in the Gudgeri Tàlukã, in all 8, now remain to be registered. Re-organization of the force is under consideration. The conduct of the Police was satisfactory.

The area of the Miraj Junior State is 210 square miles and the population according to the Census of 1901 is 35,806 souls. There is thus 1 policeman for every 1·5 miles of area and 261 souls of the population.

The Police are nearly as successful as last year in bringing offenders to justice. The number of offences was 78 as against 74 of last year. 16. Appendices IX., *X.* and XI. give the statistics of criminal justice. There were 8 magisterial courts against 11 of last year. They dealt with 87 offences involving 186 persons against 108 offences involving 195 persons last year. Of these 186 persons dealt with, 22 remained undisposed of at the end of the year, 78 were convicted, 32 discharged and 54 acquitted. ## Chapter IV. Production and Distribution.

Agriculture

23. Appendix XVI. gives the full particulars of the agricultural live-stock in the State. There is a decrease under all heads except in mares, colts and camels. The falling off in the number of plough-cattle has become very great and engages much serious attention.

In the following table, the area under cultivation and the total cultivable area for the year 1901–02 are contrasted with the same for 1900–01.

| Description. | Cultivable Land. | | | | Actually cultivated Land. | | | |
|---|---|---|---|---|---|---|---|---|
| | 1900-1901. | | 1901-1902. | | 1900-1901. | | 1901-1902. | |

The rates of wages were as follow:—

| Names of Tâlukas. | Labourers. | | Mason. | Carpenter. | Black-smith. | Cart. | Pony. |

| Kuroli ... ... | 3 ... | 1 6 | 6 ... | 8 ... | 8 ... | 12 ... | ... |

The rates of wages were the same as last year except in Gudgeri Tàlukã where they have gone up a little in the case of labourers of both sexes.

Season and crops.

24. The season was unfavourable. The rain-fall was as follows:—

| Names of Talukas. | 1900-01. | 1901-02 |
|---|---|---|
| Kowta ... ... | 16.38 | 32.65 |
| Gudgeri ... ... | 19.25 | 33.18 |
| Kuroli ... ... | 18.37 | 23. 1 |

The rain-fall in the 2 Tàlukàs viz. Kowthe and Gudgeri was nearly double that of last year and also more than the average but unseasonable and consequently the out-turn of Kharif and Rabi crops was poor. Fodder was plentiful and drinking water was insufficient in many places. Fresh advances were made to agriculturists to the amount of Rs. 1,153 against Rs. 4,780 of last year.

The out-turn of crops in each of the 3 Tàlukàs was as follows:—

| Name of Tàluka. | Kharif. | Rabi |
|---|---|---|
| | Annas. | Annas. |
| Kowtà ... ... ... | 4 | 4 |
| Gudgeri ... ... ... | 6 | 8 |

Prices.

25. The following table compares the prices of staple food grains in the years 1900–01, 1901–02.

| Names of Talukas. | Lbs. per Rupee. | | | | | |
|---|---|---|---|---|---|---|
| | Jowâri. | Rice. | Wheat. | Gram. | Tur-dâl | Bàjri. |

All the grains except wheat in the Kowthe Tàlukà were cheaper through-out the State than last year.

1 village viz. Kuroli in the Kuroli Tãluká was affected with scarcity. A small relief work was opened in the month of May 1902 and about 90 people were kept employed there-on. There were no deaths from starvation or any epedemic at the Relief Camp nor was there any increase of crime due to the scarcity.

Forest

26. The total forest area was the same as last year viz. 182 acres and 39 gunthàs. The income of grazing fees was Rs. 965 and the expenditure was 159–13–7.

27. Gudgeri exported Rs. 3,000 worth of cotton, Rs. 1,000 worth of wheat, Rs 50 worth of sesamum, Rs. 25 worth of Hulgă (vetch) and Rs. 200 worth of jowàri. The export of wheat and cotton was nearly half of that of the last year owing to bad harvest. Budgaon exported Rs. 20,000 worth of sàrees and coarse cloth which is also half of the average export. Kuroli exported no grains owing to scarcity. It may generally be observed that the great fall in the export of the State was entirely due to unseasonable rains and the poor crops. There were no vexatious imposts on trade. The State follows free trade policy.

Public works.

28. The following table shows the expenditure on Public works under various heads in 1901–02.

CHAPTER I. POLITICAL.

Political relations.

3. The Political relations of this State with the British Government are fully described in Appendices I. & II. to this Report.

Chief's health & studies.

4. The minor Chief Meherban Mádhavràо Harihar *alias* Bãbàsàheb is now in his 15th year, and has joined the Râjkumàr College at Ràjkot. He is there in the 3rd Class. The Principal of the College writes about him "A promising boy. He has made an excellent start and comes out first in the Terminal Examination. Conduct good. He is keen on all out-door games and has quite entered into the life of the College. English very good."

5. The important events of the year are:—

(*a*). A proclamation Darbâr was held on the 1st of January 1903 when the minor Chiefs of this State, Jath and the Wàdi Estate, all the Sub-saranjamdars and principal officers were present.

(*b*). The Head Quarters of the State have been restored to Budgaum. This step has greatly facilitated work.

(*c*). Miss. C. C. Dyson has been put in charge of Shrimati Thakutaisaheb the little wife of the minor Chief, who has already commenced her English studies. Her progress is very satisfactory. Miss. Dyson says about her "She has enjoyed perfect health and not been even for a day indisposed. Thakutài has a great deal of ability and learns willingly and shows a sense of duty in her anxiety to come punctually at the appointed time for lessons. She is a spirited child as is shown by her keenness over all sorts of games."

Changes in the Administration

6. A new appointment, viz. the Inspector of Police has been created and Mr. Devideen Raghunath has been put in charge of it.

The State Overseer Mr. N. V. Athavle having reverted to his former post in the Jath State, Mr. Krishnarao Narayan Mhaskar L. C. E. has been appointed in his place.

General condition of the people.

7. The general condition of the people during the year has been satisfactory. All the Talukas except Kavthe had sufficient and timely rain and the Taluka of Kuroli had bumper crops. Water-supply was good but not sufficient always for irrigated crops. Plague appeared in the Talukas of Kavthe and Gudgeri and carried away 1,061 persons from 15 villages. Unfortunately Plague has become an annual visitor and causes much anxiety for village economy.

## Chapter II. Administration of land.

Survey & assessment.

8. All the State lands have been surveyed and assessed by the Survey Department of the British Government. No revisions of assessments were made during the year.

Vatan registers.

9. The work of preparing Vatan-registers has been taken in hand. The Patilki Vatan register of Kuroli has been completed and those of Gudgeri and Gulganjikop are nearing completion and the Kulkarni vatan register of Khandali and the Patilki vatans of Khandali and Konheri are also well advanced towards completion. There was no fresh appeal against the decisions of the Vatan registering officer during the year. Of the 6 appeals on file 1 has been decided.

Waste lands.

10. No waste land was taken up for cultivation in the State this year. The following table will show the particulars of waste lands in the 3 Talukas of the State.

| Name of State. | Extent of cultivable area for | | Taken up. | | Waste remaining at the end of the year. | | Percentage of cultivable land lying waste in. | |
|---|---|---|---|---|---|---|---|---|
| | 1901-02. | 1902-03. | 1901-02. | 1902-03. | 1901-02 | 1902-03. | 1901-02 | 1902-03. |

| Miraj Junior. ... | 595-- 25 | 595- 25 | ... | ... | 595 - 25 | 595- 25 | .5 | .5 |

It will be observed that the extent of this year's waste land is the same as that of the last year.

Audit of accounts.

11. The accounts of the State for 1901–1902 were examined by Mr. Waman Sazroba Muzumdar, Head Accountant Dharwar, who was appointed on special audit duty by Government. He found them in a neat and satisfactory condition.

Boundary disputes.

12. Disputes about the boundary between Sultanpur and Gudgeri and that between Khandali and Yeoti are yet unsettled.

Wards' estates.

13. The following table exhibits the full particulars of the management of Wards' estates.

| Name. | Age. | Place of Birth. | Place of education. | Balance at the beginning of the year. | Receipts. | Disbursements. | Balance at the end of the year. In cash. | Balance at the end of the year. In government securities. | Value of moveable Property in hand. | Area of Land under management. |

Lingo Shivaji having come of age his property has been handed over to him this year and so his name does not appear in the present list.

## Chapter III. Protection.

Legislation.

14. No new acts were introduced into the State during the year under report but the question of revising the laws applicable to the State and bringing them up to date is now engaging the attention.

Military force.

15. There is no military force in the State.

Police and their work.

16. Appendix VI. shows the strength and cost of the Police force, the reorganization of which is now taken in hand. Old, inefficient and otherwise disqualified persons are being weeded out. It is a work of time but I expect by the end of the current year, the reorganization scheme will have reached a satisfactory stage. The total cost of 137 members of the whole force during the year has been Rs. 19,314 against Rs. 16,785 of last year. Under the re-organization scheme, the minimum pay of each constable will be Rs. 7. The conduct of the Police was generally satisfactory but it was found necessary to dispense with the services of one Chief constable. One Jamadar and a constable were judicially punished and 8 constables were fined departmentally.

The area under the State is 210 square miles and the population according to the last Census is 35,806 persons. Thus there is 1 policeman for every 1·5 square miles of area and for 261 persons of the population.

The Police have been fairly successful in bringing offenders to justice. The number of offences was 125 against 78 of the preceding year. This apparent leap in the number of offences needs explanation. It is to be found in the column of remarks under Appendix VII., which shows that 48 offences were struck off the list for various reasons. It also shows that every offence is now brought to the register as soon as it is reported and that the Chief constables are not allowed to select which offence shall be brought on the list and which not. The percentage of convictions is almost the same as that of last year. The amount of property stolen during the year is worth Rs. 892 against Rs. 1,208 of last year. Of the property stolen, some worth Rs. 403 has been recovered. The percentage therefore is 45.2 but the whole amount of property stolen is sufficiently small to call for no remarks. There were 32 fires against 22 of last year and the value of property destroyed was Rs. 796 against Rs. 710 of last year. There were 3 heinous offences of murder and 2 of robbery.

The Inspector of police is in communication with the Chief Operator of criminal identification Department Bombay for recording the finger-tip-impressions.

17. Appendices IX., X., XI. give the statistics of criminal justice. There are in all 8 magisterial courts. They have dealt with 91 offences involving 179 persons against 87 offences involving 186 persons of last year. Of these 179 persons, 59 were discharged without trial, 44 acquitted, 61 convicted, 5 committed, 2 died and 8 remained under trial. Out of 44 persons acquitted, the offences complained of against 32 persons were compounded.

The following table shows the shortest and longest duration of cases in each court during the year under report.

| Names of Tribunals. | With the accused in custody. | | With the accused on bail. | | Other proceedings. | |
|---|---|---|---|---|---|---|
| | Shortest. | Longest. | Shortest. | Longest. | Shortest. | Longest. |

There were 3 sessions cases involving 5 persons against nil in 1901–02 and they were all disposed of. Out of these 5 persons 3 were convicted and 2 were acquitted.

There were 7 accidental deaths and 10 suicides against 8 accidental deaths and no suicides during the last year.

There were 4 appeals to the Sessions Court, and 6 to the District Magistrate's Court, 1 of which latter was the balance of the preceding year. The decisions in the 4 appeals before the Sessions Court were reversed while before the District Magistrate 4 applications were rejected, in 1 the decision of the lower court was confirmed and 1 was pending at the close of the year.

Extradition.

18. No persons were obtained by extradition while 3 were surrendered to the British Government.

19. There is 1 jail and 2 lock-ups in the State as shown in Appendix XII., the jail being central at Budgaum. There were 52 admissions against 58 in 1901–02. The conduct and health of the prisoners were satisfactory. One of the prisoners escaped from custody during the Plague period when the prisoners were temporarily housed in the library building as some dead rats were found in the jail building. The daily average attendance of the prisoners in the jails was 11·4 against 18·7 of last year. The cost was Rs. 1,223 against Rs. 2,039 of last year.

Civil justice.

20. Thre are 4 Civil Courts in the State. No original suit was filed in the Administrator's Court. The remaining 3 courts dealt with 127 suits against 88 of last year and disposed of 113, leaving a balance of 14 against 13 of last year. The number of suits shows some increase. The longest and shortest duration of cases in each court is given in the table below.

| Name of the Court. | Longest duration of cases determined. | | | Shortest duration of cases determined. | | |
|---|---|---|---|---|---|---|
| | Y. | m. | d. | Y. | m. | d. |

| Gudgeri ... ... | ... | 7 | 26 | ... | ... | 7 |
| Kuroli ... ... | ... | 4 | 5 | .. | ... | 4 |

The average duration of suits was 2 months and 6 days against 1 month and 9 days of last year. The work of all the courts was satisfactory.

As Appendix XIV. shows there were 71 applications for execution of decrees against 73 of last year. Of these 56 were disposed of against 54 of last year. The balance at the end of the year was 15 against 19 of last year.

The number and value of suits filed are shown in the table below.

| Name of Court. | Suits for Immoveable Property. | | | | Money Suits. | | | |

The number of applications for certificates of heirship and other miscellaneous applications was 11 against 13 of last year. Of these 8 were disposed of and 3 were pending against 7 of last year.

The work done by the Civil Appellate Court is shown in the sub-joined table.

14 against 11 appeals were on file for disposal. Of these 5 against 1 were disposed of and 9 against 10 of last year remained in balance. The average duration for the appeals was 1 year and 2 months against 8 months and 18 days of last year.

Working of Mamledars' courts.

21. 37 possessory suits (with 4 of opening balance) were filed in the Courts of the Mamledars of Kavthe, Gudgeri and Kuroli and they were all disposed of. There were no applications for review.

Registration.

22. The receipts and expenditure of the Registration Department are given in the table below.

Municipalities.

23. The following table gives the particulars of the receipts and expenditure of the 6 municipalities in the State.

No octroi duties are levied in the municipalities. Their incomes are collected in the form of a light house-tax and are devoted chiefly to road-repairs, lighting and sanitation within the municipal areas.

## Chapter IV. Production and Distribution.

Agriculture.

24. Appendix XVI. gives full particulars of agricultural live-stock in the State. The number of cows and buffaloes is substantially increasing which is a good sign. The number of bullocks in the State is very small and considering the area under cultivation which is 89,173 acres, it is clear that the lands are not cultivated as well as they ought to be. Each bullock roughly speaking is expected to prepare 14 acres of land *i. e.* 28 acres per pair of bullocks. The question has been under consideration. The following table gives the area of cultivable land and that under cultivation in the State.

| Description. | Cultivable Land. | | | | Actually cultivated Land. | | | |
|---|---|---|---|---|---|---|---|---|
| | 1901-1902. | | 1902-1903 | | 1901-1902. | | 1902-1903. | |
| | A. | G. | A. | G. | A. | G. | A. | G. |
| Acres ... ... ... | 1,08,285 | 0 | 1,08,376 | 32 | 90,649 | 31 | 89,173 | 1 |

The rates of wages were as follow:—

| Names of Tâlukas. | Labourers. | | Mason. | Carpenter. | Black-smith. | Cart. | Pony. |
|---|---|---|---|---|---|---|---|
| | Male. | Female. | | | | | |
| | A. p. | A. p. | A. p | A. p. | A. p. | A. p. | A. p. |
| Kowta ... ... | 3 ... | 2 0 | 10 ... | 10 ... | 12 ... | 12 ... | 8 ... |
| Gudgeri ... ... | 3 ... | 2 0 | 8 ... | 8 ... | 7 ... | 12 ... | 8 ... |
| Kuroli ... ... | 3 ... | 1 3 | 6 ... | 8 ... | 8 ... | 12 ... | ... |

In Gudgeri and Kuroli Talukas, they have practically unchanged while in the Kavthe Taluka they have jumped up a good deal. Plague and the busy season together have raised these rates but they do not represent the normal state of things.

Season and crops.

25. The season was fairly good on the whole. The rain-fall in the 3 Talukas is shown in the table below:—

| Names of Talukas. | 1901-02. | 1902-03 |
|---|---|---|
| Kowta ... ... | 32.65 | 26.48 |
| Gudgeri ... ... | 33.18 | 33.54 |
| Kuroli ... ... | 23. 1 | 21.74 |

This shows that while Gudgeri and Kuroli Talukas had almost the same rain as last year, Kavthe Taluka had 6 inches less during the year and as it got some of this rain during the winter months, it was not quite timely and enough. Fodder was plentiful and drinking water very sufficient. Tagai advances to the agriculturists to the extent of Rs. 1,203 have been made during the year against Rs. 1,153 of last year.

The out-turn of crops in each of the 3 Talukas was as follows:—

| Name of Tàluka. | Kharif. | Rabi |
|---|---|---|
| | Annas. | Annas. |
| Kavthe ... | 8 | 8 |
| Gudgeri ... | 13 | 10 |
| Kuroli ... | 6 | 16 |

Prices.

26. The following table compares the prices of staple food grains in the years 1901–02, 1902–03.

| Names of Talukas. | Lbs. per Rupee. | | | | | |
|---|---|---|---|---|---|---|
| | Jowâri. | Rice. | Wheat. | Gram. | Tur-dâl | Bàjri. |
| Kowtà— | | | | | | |

| 1902-03 ... | 38 | 17 | 19 | 21 | 28 | 38 |

The prices of almost all the grains have gone down throughout the State, chief among them being jowari and bajri.

Forest.

27. The total forest area was 7,979 acres and 25 gunthas of which 101 acres belong to assessed land, the amount of assessment being Rs. 62–8. The income of the forests was Rs. 689 and the expenditure of supervision was Rs. 244.

28. Gudgeri exported Rs. 36,000 worth of cotton, Rs. 2,000 worth of wheat, Rs. 200 worth of sesamum, Rs. 50 worth of hulga, and Rs. 100 worth of jowari. Budgaum exported Rs. 40,000 worth of sàrees and coarse cloth. All these figures are not at all reliable and I believe they have been very much under-estimated. There are no other industries worth mentioning. The whole State is purely agricultural. There are no vexatious imposts on trade.

Public works.

29. The following table shows the expenditure on Public Works under various heads in 1902–03.

| Heads. | Amount. | | |
|---|---|---|---|
| | Rs. | a. | p. |
| Communications ... ... | 4,953 | 12 | 10 |

| Grand total. | 14,226 | 3 | 6 |

2,000 new trees were planted during the year.

The amount of expenditure on Public Works and Local Fund Works was Rs. 14,226–3–6 against Rs. 6,962–15–7 of last year.

## Chapter V. Revenue and Finance.

Revenue and Finance.

30. The gross revenue of the State including alienations is Rs. 2,62,923 –12–11. In the following 3 tables are compared the finances of the State for 1902–03 with the same of preceding 3 years.

There is an all round increase in the receipts and a decrease of the same type in expenditure which points to a very healthy state of finances in the State.

Remissions.

31. The remissions were granted to the extent of Rs. 170–10–3 against Rs. 1,929–5–3.

Stamps.

32. The receipts from stamps were Rs. 3,196–8 against Rs. 2,655–1–5.

Abkari and opium.

33. The receipts from Abkari and Opium were Rs. 3000 against Rs. 3,192–8.

## Chapter VI. Medical and Vital Statistics.

Medical relief and vital statistics.

34. There are 2 dispensaries in the State. The following table shows the number of patients treated and the cost of maintenance.

| Dispensary. | Number of Patients treated. | | Results. | | | | Expenditure. | Daily Average. | Major operations. | Minor operations. |
|---|---|---|---|---|---|---|---|---|---|---|
| | In-door | Out-door. | Discharged. | Absented. | Died. | Remaining under treatment | | | | |
| Budgaum ... | ... | 6,210 | 6,005 | 205 | 0 | 0 | 1,472 | 48.4 | 4 | 97 |
| Gudgeri ... | ... | 8,231 | 7,741 | 388 | 47 | 55 | 1,212 | 72.6 | ... | 57 |
| Total ... | ... | 14,441 | 13,746 | 593 | 47 | 55 | 2,684 | 121 | 4 | 154 |

The number of patients treated is larger than that of last year by more than 2,000, which shows that the institutions now inspire better confidence among the populace? There were 4 major operations and 13 more of minor operations than those of last year. The common diseases treated were plague, fevers, sore eyes, diarrhœa, skin diseases, dysentery, cough, and abdominal complaints.

Arrangements are being made to open a new dispensary at Khandali in the Kuroli Taluka and it is also proposed to attach a ward of 6 beds to the Budgaum dispensary.

Table II. Births and Deaths.

| | 1901-02. | 1902-03. | Increase. | Decrease. |
|---|---|---|---|---|
| Births ... | 823 | 1,146 | 323 | ... |
| Deaths ... | 2,450 | 1,805 | ... | 645 |

There is an appreciable increase in the number of births and an equally satisfactory decrease in the number of deaths, though the number of deaths is yet larger than that of births, which shows that the economic scale is yet on the wrong side. It shows that there has been 1 birth to every 31 persons of the whole population and there has been 1 death for every 20 persons.

The following table shows that Plague has again claimed a lage majority of the victims.

| Causes. | No. of Persons |
|---|---|
| Accidental. ... ... | 7 |
| Suicides. ... ... | 10 |
| Fevers. ... ... | 364 |
| Diarrhoea. ... ... | 81 |
| Abdominal complaints... | 40 |
| Plague. ... ... | 1,061 |
| Other diseases ... ... | 242 |
| Grand Total. | 1,805 |

Table III. Vaccination.

| Operation by whom performed. | Number of persons vaccinated in 1901-02 | Number of persons vaccinated in 1902-03 | Result. | | | |
|---|---|---|---|---|---|---|
| | | | Successful. | | Unsuccessful. | |
| | | | 1901-02 | 1902-03 | 1901-02 | 1902-03 |
| One vaccinator. | 776 | 775 | 769 | 768 | 7 | 7 |

The number of children vaccination is the same as that of last year and I learn from the Deputy sanitary Commissioner that the results in the British Districts also were no better. The expenditure on account of vaccination is Rs. 750–9–6 against Rs. 711–8–3.

## Chapter VII. Instruction.

35. The number of schools is 30 which shows an increase of 2 over that of last year. They were attended by 915 scholars or 45 less than last year. A new girl-school has been opened at Khandali and the school at Borgaum, which had been closed owing to Plague and want of attendance, has been reopened. The following schools were temporarily closed on account of Plague.

1. Haripur Boys' school.
2. Kavthe Hindustani "
3. Waifale Boys' school.
4. Gudgeri Anglo-vernacular school.
5. Gudgeri Boys' school No. 2.
6. Do. Girl do.
7. Balehasur Boys' do.
8. Harlapur do. do.

The schools were inspected by the British Educational Officers attached to the respective Talukas and the results are reported to be very fair.

109 girls against 123 of last year attended the 5 girl-schools in the State.

The table below gives particulars regarding schools and scholars.

| Number. | Description of Schools. | Number of pupils on the rolls on 31st March 1902. | Number of pupils on the rolls on 31st March 1903. | Daily average attendance. |
|---|---|---|---|---|
| 17 | Vernacular schools ... | 520 | 502 | 380.5 |
| 4 | Anglo do. schools ... | 210 | 185 | 140.5 |
| 5 | Girls' schools ... ... | 123 | 109 | 69.2 |
| 2 | Hindustani schools ... ... | 55 | 54 | 38.1 |
| 2 | Low caste schools ... ... | 52 | 65 | 43 |
| 30 | Grand Total ... | 960 | 915 | 671.3 |

There is no High school in the State and there is no need for one. The Anglo-vernacular school at Budgaum however now teaches upto the 4th standard and it is intended to add the 5th standard next year. The bulk of population consists of cultivators. Scholarships to deserving students are awarded in Arts, Medical, Technical and Engineering Colleges. They are also given in the Budgaum school.

There is one Sanskrit class at Haripur which annually receives Rs. 60 as grant-in-aid from the State.

## Chapter VIII. Miscellaneous.

Post and Telegraph.

36. There are 4 Post offices, 1 at each of the 3 Taluka stations and 1 more at Kavthe. All these Post offices transact Money-orders and Savings bank business. There is no Government Telegrap office in the State.

Printing Press.

37. The Printing Press of the State does work for the State and is a profitable concern.

Libraries.

38. There are 5 Libraries in the State, the same as last year, all under State supervision. They subscribe to a few magazines and news-papers and possess a small stock of books on various subjects.

Administrator's tour.

39. I visited all the villages of both Kavthe and Gudgeri Talukas except Khilegaum in the Kavthe Taluka. The 3 villages of the Kuroli Taluka also have not been visited but they had bumper crops and reports are all very satisfactory. I had visited them just before the beginning of the year under report.

Records.

40. The work of arranging old records is going on and 114 daftars have deen arranged during the year.

Conclusion.

41. In conclusion, I have much pleasure in stating that all the State officials have discharged their duties satisfactorily.

I have the honour to be,

Sir,

Your Most Obedient Servant,

D. K. Pandit,

Administrator Miraj Junior.

No. 485 of 1904.

From,

Dowlatrâm Káshiram Pandit, Esquire.
Administrator Miraj Junior.

To,

The Assistant Political Agent,
Southern Maràthá Country.

Budgaum, 22nd July 1904.

Sir,

Administration Report for 1903–1904.

I have the honour to submit the Annual Administration Report of the Miraj Junior State for 1903—1904 (Fasli 1313).

Statements I to XVII.

2. The usual Statements as per margin accompany.

## Chapter I. Political.

Political relations.

3. The Political relations of this State with the British Government are fully described in Appendices I. & II. to this Report.

Chief's health & studies.

4. The minor Chief Meherban Mádhavarao Harihar *alias* Bãbasaheb is now in his 16th year, and he is attending Rãjkumar College at Rájkot in the 2nd class. The Principal of the College writes about him "Has plenty of abilities, but is wanting in perseverance. He would have been higher in the class, had he worked full hours; but the state of his health made that undesirable. Now that his health has improved. I shall look for more honest hard work. He is always well-behaved, but I should like to see a little more manliness." The condition of his health has, of late, greatly improved.

5. Shrimati Thakutai Saheb, the little wife of the young Chief continues in charge of Miss C. C. Dyson who reports "During the past 12 months the health of Shrimati Thakutai has been excellent. A slight attack of chicken-pox was her only ailment. In spite of a great number of holidays her studies have progressed favourably. She has remarkable abilities. Recently by request of her husband a Piano has been bought for her and she has shewn that she possesses a good ear for music & has musical capacity. She is of a docile disposition & is also very bright & merry, entering into all games with great zest. A croquet ground has been made for her within the Wada walls. Several girls of her own caste, daughters of State officials are constantly invited to share her games & also to celebrate the numerous religious & social festivals of their caste."

Changes in the Administation.

6. The post of the overseer is lying vacant & no appointment has yet been made. There were no other changes in the personnel of the Administration.

General condition of the people

7. The general condition of the people was in every way satisfactory. Rains were plentiful & the crops good. Plague appeared in all the Talukas of the State & carried off 1662 persons from 25 villages.

## Chapter II. Administration of land.

8. All the State lands have been surveyed and assessed by the Survey Department of the British Government. No revisions of assessments were made during the year.

9. The Kulkarni vatan register of Khandali and the Patilki vatans of Khandali and Konheri have been completed, while those of Gudgeri and Gulganjikop are nearing completion. There was no fresh appeal against the decisions of the Vatan registering officer. Of the 5 appeals on file 1 has been decided.

11. The accounts of the State for 1902–1903 were examined by Mr. R. B. Tipnis, Head Acccountant, who was appointed on special audit duty by Government. He found them in a satisfactory condition.

Boundary disputes.

12. Disputes about the boundary between Sultanpur and Gudgeri and that between Khandali and Yeoti are yet unsettled.

Wards' estates.

13. The following table exhibits the full particulars of the management of Wards' estates.

Minor No. 5 is the holder of the Deshing Saranjam Estate which was indebted to the extent of Rs. 13,000 but which is now quite free, and the balance, in cash, at the end of the year, to its credit was Rs. 1032–4–11.

The joint Sub-saranjamdàrs of Kuktoli made a request to put their Estate under attachment, as it was largely in debt. During 1 year that it has been so attached, old debts amounting to Rs. 1,922 have been liquidated; the amount to be paid off is Rs 4,341 and the annual income of the Estate is Rs. 1,654. The above liability does not include the private debts of the Estate-holders.

## Chapter III. Protection.

Legislation.

14. No new acts were introduced into the State during the year under report but the question of revising the laws applied to the State and of introducing some others is now before the Political Agent, Kolhapur and S. M. C.

Military force.

15. There is no Military Force in the State.

Police and their work.

16. Appendix VI shews the strength & cost of the Police Force, the reorganization of which has now been carried out. The total cost of 143 members of the whole Force during the year has been Rs. 22,268–3–1 against Rs. 19314 of last year. The conduct of the Force was generally satisfactory. Four constables were fined departmentally.

The area under the State is 210 square miles and the population according to the last census is 35,806 persons. Thus there is 1 policeman for every 1 .4 square miles of area and for 250 persons of the population.

The police have been fairly successful in bringing offenders to justice. There were 96 offences against 125 of the last year. Appendix VII shews particulars of police work. The number of accused sent for trial is small and the percentage of convictions remains approximately the same. The value of property stolen this year, however, is Rs. 2009 as against 892 of last year. The amount recovered is Rs. 210 against Rs. 403 of last year. This is not satisfactory and the attention of the Police Inspector has been called to it. There were 19 Fires against 32 of last year. These small Fires are to be chiefly traced to the prevalence of Plague, when the people leave their villages and live in such huts as they can afford to put up in the open. The value of property destroyed was Rs 510 against Rs. 796 of last year. There were 2 heinous offences of murder and 1 of Dacoity & 1 of Robbery.

17. Appendices IX, X, XI. give statistics of criminal justice. There are in all 8 Magisterial courts which have dealt with 71 offences (with the last year's balance of 8) involving 115 persons (with the last year's balance of 8). Of these 115 persons 51 were discharged without trial, 13 were acquitted, 42 were convicted, 3 were committed, and 6 remained under trial. Out of the 13 persons acquitted, the offences complained of against 7 were compounded.

The following table shows the shortest & longest duration of cases in each court during the year under report.

| Names of Tribunals. | With the accused in custody. | | With the accused on bail. | | Other proceedings. | |
|---|---|---|---|---|---|---|
| | Shortest. | Longest. | Shortest. | Longest. | Shortest. | Longest |

There were 2 sessions cases involving 3 persons against 3 sessions cases involving 5 persons in 1902–03, which were all disposed of. Out of the 3 persons 1 was acquitted and 2 were convicted.

There were 7 accidental deaths and 1 suicide against 7 accidental deaths and 10 suicides during the last year.

There were 6 appeals to the Sessions Court, and 6 (including last year's balance of 1) to the District Magistrate's Court. The decisions in the 5 appeals out of 6 before the Sessions Court were confirmed while that in the remaining 1 was modified while before the District Magistrate 1 application was rejected, the decisions of the lower court were confimed in 2 and 3 were pending at the close of the year.

Extradition.

18. No persons were obtained by extradition while 2 were surrendered, 1 to the British Government and the other to the Miraj Senior State.

19. There is 1 jail and 2 lock-ups in the State as shown in Appendix XII., the jail at Budgaum being the central one. There were 32 admissions against 52 of the last year. The conduct and the health of the prisoners were satisfactory. During the Plague season the prisoners were temporarily removed to the Library building as 3 attacks were reported among the prisoners, 2 of which afterwards proved fatal. The daily average attendance of the prisoners in the jails was 23.65 against 11·4 of last year. The cost was Rs. 1,415–10 against Rs. 1,223 of last year.

Civil justice.

20. There are 4 Civil Courts in the State. No original suit was filed in the Administrator's Court. The remaining 3 courts dealt with 168 suits against 127 of last year and disposed of 149, leaving a balance of 19 against 14 of last year. The number of suits shows distinct increase, which is due to the satisfactory condition of crops. The longest and shortest duration of cases in each court is given in the table below.

| Name of the Court. | Longest duration of cases determined. | | | Shortest duration of cases determined. | | |
|---|---|---|---|---|---|---|
| | Y. | m. | d. | Y. | m. | d. |

| Kuroli ... ... | ... | 2 | 3 | ... | ... | 1 |

The average duration of suits was 1 month and 51 days against 2 months and 6 days of last year. The work of all the courts was satisfactory.

As Appendix XIV. shows there were 104 applications for execution of decrees against 71 of last year. Of these 73 were disposed of against 56 of last year. The balance at the end of the year was 31 against 15 of last year.

The number and value of suits filed are shown in the table below.

Working of Mamledars' courts.

21. 19 Possessory suits were filed in the Courts of the Mamledars of Kavthe, Gudgeri and Kuroli which were all disposed of. There were *2* applications for review. 1 against the decision passed by the Kowthã Mámlatdàr while the other against that passed by the Kuroli Mámlatdàr; the decision in the latter case was reversed while that in the former confirmed.

No octroi duties are levied by the municipalities. Their incomes are collected in the form of a light house-tax and are devoted chiefly to road-repairs, lighting and sanitation within the municipal areas.

## Chapter IV. Production and Distribution.

Agriculture.

24. Particulars of agricultural live-stock, as given in Appendix XVI., show an increase all round over the figures of last year and point to better times for the agriculturists. The figures for bullocks when read with the number of acres under cultivation in the State namely 88,178 acres & 28 gunthãs is small and it is evident that before the whole area can be expected to be properly cultivated, the figure should be more than doubled at least. At present roughly speaking each bullock is expected to prepare $12\frac{1}{4}$ acres that is to say nearly 25 acres per pair of bullocks. However, though these figures are not satisfactory, they are a decided improvement upon those of last year when there was 1 bullock for every 14 acres.

The following table gives the area of cutivable land and that under cultivation in the State. It also shows that nearly 20,000 acres are left uncultivated and paucity of bullocks, as I know, is the cause. The returning prosperity among the cultivators is expected to reduce the number of acres which now lie fallow ih the State.

| Description. | Cultivable Land. | | | | Actually cultivated Land. | | | |
|---|---|---|---|---|---|---|---|---|
| | 1902-1903. | | 1903-1904 | | 1902-1903. | | 1903-1904. | |

| Acres ... ... ... | 1,08,376 | 32 | 1,08,349 | 6 | 89,173 | 1 | 88,178 | 28 |

The rates of wages were as follow:—

| Names of Tâlukas. | Labourers. | | Mason. | Carpenter. | Black-smith. | Cart. | Pony. |
|---|---|---|---|---|---|---|---|
| | Male. | Female. | | | | | |
| | A. p. | A. p. | A. p | A. p. | A. p. | A. p. | A. p. |
| Kowta ... ... | 3 ... | 2 3 | 10 ... | 12 ... | 12 ... | 10 ... | 8 ... |
| Gudgeri ... ... | 3 ... | 2 0 | 8 ... | 8 ... | 7 ... | 12 ... | 4 ... |
| Kuroli ... ... | 3 ... | 2 0 | 8 ... | 8 ... | 8 ... | 12 ... | ... |

They have practically remained unchanged in all the Tàlukás. During busy season, however, the rates for corn labourers are nearly doubled. And the regular appearance of Plague usually helps to raise them even more.

Season & crops.

25. The season was very propitious and the people in the Kowthá and Kuroli Tàlukás enjoyed the happy coincidence of a bumper cotton crop and abnormally high rates. The rainfall in the three Tálukàs is shown in the table below.

| Names of Talukas. | 1902-03. | 1903-04. |
|---|---|---|
| Kowta ... ... | 26.48 | 26.89 |
| Gudgeri ... ... | 33.54 | 34.72 |
| Kuroli ... ... | 21.74 | 32. 9 |

This shows that Kowthe and Gudgeri Talukas had almost the same rain as last year. Kuroli Taluka had an excess of 11 inches *i. e.* more than 50 per cent. Water and fodder were plentiful throughout the year. The Tagai advances made to the agriculturists were Rs. 311 against Rs. 1,203 of last year.

The out-turn of crops in each of the 3 Talukas was as follows:—

| Name of Tàluka. | Kharif. | Rabi |
|---|---|---|
| | Annas. | Annas. |
| Kavthe ... | 12 | 14 |
| Gudgeri ... | 14 | 12 |
| Kuroli ... | 4 | 10 |

Prices.

26. The following table shows the comparative prices of staple food grains in the years 1902–03, 1903–04.

| Names of Talukas. | Lbs. per Rupee. | | | | | |
|---|---|---|---|---|---|---|
| | Jowâri. | Rice. | Wheat. | Gram. | Tur-dâl | Bàjri. |

| 1903-04 ... | 52½ | 21 | 38½ | 35 | 28 | 52½ |

The prices of all the grains have fallen throughout the State.

Forest.

27. The total forest area was 7,979 acres and 25 gunthas of which 101 acres belong to assessed land, the amount of assessment being Rs. 62–8. The net income of the forests was Rs. 356–5–4.

28. Gudgeri exported Rs. 50,000 worth of cotton, Rs. 4,000 worth of wheat, Rs. 200 of sesamum, while Budgaum exported Rs. 80,000 worth of sàrees and coarse cloth. All these figures are, in my opinion, under-estimated. The whole State is purely agricultural and there are no vexatious imposts on trade.

Public works.

29. The following table shows the expenditure on Public Works under various heads in 1903–04.

| Heads. | Amount. | | |
|---|---|---|---|
| | Rs. | a. | p. |

152 new trees were planted during the year.

A Guest-house for Europeans has been built in Budgaum at a cost of Rs. 13,337–8; an Indoor-patient ward for 6 beds at a cost of Rs. 2,352–2–4 has been added to the Hospital building in Budgaum and extensions to the School building at a cost of Rs. 3,274–9–4 have bee made to accommodate the larger number of boys now attending the A. V. School in Budgaum. Rs. 4,799–12–2 have been spent on Police lines to consist of 3 blocks, now in course of construction at Budgaum. Plans and Estimates of 9,383 per block of 11 rooms for which have been sanctioned. A Chãvri is also to be built at Gudgeri at a cost of Rs. 3,456.

The amount of expenditure on Public Works and Local Fund Works was Rs. 35,552–5–1 against Rs. 14,226–3–6 of last year.

## Chapter V. Revenue and Finance.

Revenue and Finance.

30. The gross revenue of the State including alienations is Rs. 2,56,336–12–10. In the following 3 tables are compared the finances of the State for 1903–04 with the same of preceding 3 years.

There were 39 fires against 19 of last year. The value of property destroyed was Rs. 1,323-1 against Rs. 510 of last year. These fires were due to the people living in flimsy huts during Plague epidemics which appeared in most of the villages. There was no heinous offence of murder and only 1 of dacoity and 1 of robbery.

16. Appendices IX, X, XI. give statistics of criminal justice. There are in all 8 Magisterial courts which have dealt with 76 offences involving 153 persons. Shrikhande who was 1st class Magistrate and Munsiff only for Kavthe has now been appointed Munsiff for all the 3 Tàlukàs & he periodically holds his sessions in all the 3 Tàlukâs regularly. ## Chapter IV. Production and Distribution.

Agriculture.

23. Particulars of agricultural live-stock, as given in Appendix XVI. show that the total number has practically remained unchanged.

The following table gives the area of cultivable land & that under cultivation in the State. It also shows that nearly 23,000 acres are left uncultivated & paucity of bullocks, as well as untimely & deficient rains are the causes.

| Description. | Cultivable Land. | | Actually cultivated Land. | |

Season & crops.

24. The monsoon except in the Gudgeri Tálukà was very deficient & at one period famine was very much feared. As a result of deficient rainfall crops suffered badly & scarcity of water was felt in a few places.

The rainfall in the three Tálukàs is shown in the table below.

| Names of Talukas. | 1903-04. | 1904-05. |
|---|---|---|
| Kavthe ... ... | 26.89 | 13.26 |

There is a small increase of 170 in the number of births & a large decrease of 927 in the number of deaths. Still the number of births is short of that of deaths by 533 and to that extent the result cannot be viewed with any satisfaction.

1 Budhgaon 2 Kavthe 3 Deshing 4 Kittur 5 Khilegaon
6 Kognoli 7 Gudgeri 8 Pashupatihál 9 Harlapur 10 Upnal

D. K. Pandit;
Administrator Miraj Junior.

No. 444 of 1906.

Administrator's Office.

Budhgaon 15th July 1906.

From,

D. K. Pandit, Esquire.

Administrator, Miraj Junior State.

To,

Captain. R. S. Pottinger,

Assistant Political Agent,

Southern Marãthà Country.

Sir,

I have the honour to submit the Annual Administration Report of the Miraj Junior State for the Fasli year 1315 ending 31st March 1906.

# CHAPTER I.

## GENERAL and POLITICAL.

2. The State consists of 3 Tàlukás viz. Kavathe, Gudgeri and Kuroli, situated in the British Collectorates of Satàrà, Dhárwár and Sholàpur of the Bombay Presidency. It has an area of 210 square miles with a population of 35,806 (1901) persons. The gross revenue of the State based on average of past 5 years is Rs. 2,41,894-9-0.

3. The State pays an annual Tribute of Rs 7,388–12–6 to the British Government.

4. Kumàr Shri Màdhavràо Harihar alias Bábàsáheb Patwardhan, the Chief of this State, is a Chitpàvan Bráhmin by caste. He is aged 17 years and has married Shrimati Thakutâi, natural daughter of Krishnarão Mádhav Peshve of Barreily. He is now attending the Ràjkumàr College at Rájkot, where he is in the 1st class and has won a deploma. The Principal Râjkumâr College in his report for the winter term of 1905–06 makes the following remarks about him.

> "He has improved a great deal this term in general knowledge and power of expressing himself and is to be warmly congratulated in gaining a deploma. In all probability he will be made an officer next term when I shall hope to see a great development in his character. He sits a horse excellently and is a capital full-back at Foot-ball."

5. Shrimati Thakutâi, wife of the minor Chief, continued to be under the care of Miss. Dyson who reports that she has made good progress in her studies.

6. I regret to report that Lady Girijâbâi, grand-mother of the minor Chief, who was about 85 years old and who accompanied by her daughters had gone out on a long pilgrimage to Jagannäth, near Calcutta, Káshi &c., died at Prayãg on the 27th of January last. Her death removes a remarkable figure from the S. M. Country, round whom the traditions of a century had gathered.

7. Both the Political Agent and the Assistant Political Agent paid visits to the State during the year.

## CHAPTER II.

### ADMINISTRATION of LAND.

8. No survey operations were undertaken during the year under report.

9. The revenue survey settlement of the 3 Talukas was completed as shown in Table **A.**

10. 168 acres & 20 gunthas of waste land were brought under cultivation this year.

11. No boundry disputes were settled during the year. Those requiring settlement are 5 in number; viz: (1) Kavathe & Nàndre, (2) Kuktoli & Junà-panhàlà, (3) Sultănpur & Gudgeri, (4) Hirewadvatti & Katkol & (5) Khandàli & Yeoti.

12. The tagăi advances this year amounted to Rs 2,501.

13. The Jamàbandi of land revenue for the year for the whole State amounted to Rs 1,59,763–0–9 against Rs 1,61,882–8–3 of last year. Of these only Rs. 98176–14–1 were collected as compared with Rs. 1,66,756–12–7 of the previous year. The decrease is due to the severe scarcity which prevailed during the year. The arrears amounted to Rs. 1,17513–13–11.

14. The suspensions of land revenue granted to the ryots have amounted to Rs 82,354–10–2.

15. The Table **B** shows the state and extension of cultivation during the year under report as compared with those in the last year.

16. During this year 1,267 acres & 4 gunthas were brought under cultivation by owners.

17. The area of land thrown out of cultivation this year is abnormally large. This is solely due to the failure of monsoon.

18. The Table **C** shows the measures taken for the recovery of land revenue.

19. Owing to the prevalent scarcity and general conditions of the ryots, the measures in the recovery of land revenue have been lenient from the beginning. The whole amount collected was Rs.98,176–14–1 which is about half of the total amount of collections including arrears for the year. No severe measures were adopted.

|---|---|---|

## CHAPTER II.

### *Administration of Land.*

12. No Survey operations were undertaken during the year under report. The Revenue Survey settlement of the 3 Talukas was completed as shown in the table below :—

| Name of Talukas. | Year in which the settlement is completed. | Year in which the settlement expires. |
|---|---|---|
| Kavathe ... ... ... ... | 1891—92 (1301) | 1910—11 (1320) |
| Gudgeri ... ... ... ... | 1900—01 (1310) | 1914—15 (1324) |

16. The Jamabandi of Land Revenue for the year for the whole State amounted to Rs. 1,60,461-8-6 against Rs. 1,62,743-11-8 of last year. Rs. 1,49,453-9-7, were collected during the year as compared with Rs. 1,82,341-6-10 of the previous year. The difference is due to the remissions and outstanding arrears of the current year.

17. Question of granting suspensions of land revenue amounting to Rs. 18,624-3-11 to the Rayats in Gudgeri Taluka on account of failure of later rains is under consideration.

18. The following table shows particulars of cultivation of land, during the year under report, as compared with those in the preceding year. They disclose that the area of land thrown out of cultivation is less than the preceding year, which is chiefly due to timely fall of rains in Kavathe and Kuroli Talukas.

| Talukas. | Total cultivable. During. | | Actually cultivated. During. | | Thrown out of cultivation. During. | |
|---|---|---|---|---|---|---|
| | 1907-08. | 1908-09. | 1907-08. | 1908-09. | 1907-08. | 1908-09. |

19. The measures taken for the recovery of land revenue are shown in the following table:—

| Talukas. | Number of notices issued. | Amount collected after the issue of notices. | | | No. of cases in which property was attached. | Cases in which property attached was sold. | | | | Total amount recovered by the sale of property. |
|---|---|---|---|---|---|---|---|---|---|---|
| | | | | | | Moveable property. | | Immoveable property | | |
| | | | | | | No. of cases. | Amount | No. of cases. | Amount. | |
| Kavathe ... | 162 | Rs 28,734 | a. 11 | p. 5 | 25 | ... | ... | 14 | 3835-2-11 | 3835- 2-11 |
| Gudgeri ... | 876 | 18,714 | 12 | 4 | ... | ... | ... | ... | ... | ... |

| Total... ... | 1,151 | 48,583 | 7 | 8 | 25 | ... | ... | 14 | 3835-2-11 | 3835- 2-11 |

20. It will appear that in by far the largest number of cases the issue of notices sufficed to collect the revenue. In only 25 cases it was found necessary to attach property and in only 14 the final step of sale of property was resorted to. The amount so recovered was Rs. 3,835-2-11. Among these there was not a single case in which moveable property was attached and sold.

## CHAPTER III.

Explosives Act No. IV of 1884, Explosive Substances Act No. VI of 1908 and Rules framed under the Pensions Act, already in force, were introduced during the year under report with the previous sanction of the Government of Bombay before the close of British Administration (17th March 1909).

22. There is no Military force in the State.

23. The full strength of the Police force consists of 121 Foot Police and 21 Sowars. The total expenditure for its maintenance was Rs. 22,853-14-5 against Rs. 23,675-0-2 of the previous year.

26. The distribution of the force in different Talukas is as under :—

| No. | Name of Division | Police-men | | Sowars | Remarks |
|---|---|---|---|---|---|
| | | Armed. | Unarmed | | |
| 1 | Hd. Quarter Budhgaon ... ... | 51 | ... | 20 | |
| 2 | Kavathe ... ... ... | 26 | ... | ... | |
| 3 | Gudgeri ... ... ... | 29 | ... | 1 | |
| 4 | Kuroli ... ... ... | 15 | ... | ... | |
| | Total... ... | 121 | ... | 21 | |

The total number of cases reported to the Police during the year under report was 55 against 49 of last year. Of these 19 against 22 were either frivolous or false or struck off for want of evidence. Four against 6 remained under investigation and the rest 32 against 21 were sent up for trial. In connection with these cognizable cases the Police arrested 52 against 75 persons in the preceding year of whom 24 against 42 were convicted and 24 against 30 discharged or acquitted, and none against 3 died during

the trial. The percentage of persons convicted to the number tried is 46·1 against 56 of last year.

37. Appendix VI shows the value of property stolen and recovered during the year as compared with last year. It appears from the statement that the percentage of the recovery of stolen property is not as good as last year. This is in a great measure due to the divided attention of the Police in the matter of putting down the troubles in this State from Nana Masal and his gang. The existing strength of Police force is found inadequate to perform their usual Police duties while attending to this new situation. It is, therefore, under consideration to increase the Police strength.

The annual permanent expenditure having already gone up beyond the permanent resources of the State and there having been hitherto left no sufficient margin in the Budget for the personal Khasgi expenditure of the Chief in power, he is afraid, he will have hereafter to curtail the expenditure in certain Departments of the State as occasion makes it convenient and indispensable.

*Budhgaon, 18th July 1909.*

Statê Kàrbhari Miraj Junior.

No. 805 of 1910.

State Karbhari's Office.

Budhgaon 22nd July 1910.

From,

L. N. Ransing. Esquire.

State, Karbhari, Miraj Junior.

To,

Major F. W. Wodehouse.

Political Agent, Kolhapur

& S. M. Country.

Kolhapur.

Sir,

I have the honor, by direction of the Chief, to submit the Annual Administration Report of the Miraj Junior State for the Fasli year 1319, ending 31st May 1910.

## CHAPTER I.

### General & Political

The State consits of 3 Talukas viz: Kavathe, Gudgeri and Kuroli, situated in British Collectorates of Satara, Dharwar and Sholapur of the Bombay Presidency. It has an area of 210 square miles with a population of 35,806 (1901) persons. The gross revenue of the State based on an average of 5 years is Rs. 2,57,863-5-9.

2. The State pays an annual tribute of Rupees 7,388-12-6 to the British Government.

3. Shrimant Madhavrao Harihar alias Babasaheb Patwardhan, the Chief of Miraj Junior State, aged 21 years, is a treaty Chief and a first class Sardar and is married to Shrimati Thakutãisaheb, natural daughter of late Meherban Krishnarao Madhavrao Peshwe of Barreilly.

4. The most notable event of the year has been the birth of a son and heir, Kumar Shri Chintamanrao Balasaheb, to the Chief. This happy event naturally aroused very great interest in the subjects of the State. As

Kumar Shri Balasaheb has been a natural heir to the Gadi after a very long interval, his birth gave an occasion for joyful festivities throughout the whole State. The birth-day of Kumar Shri Balasaheb was observed as a public holiday and poor persons of all classes of the town & neighbouring villages were fed and sweets were distributed among the school-children in the State.

5. In commemoration of the auspicious event two convicts were released and the sentences of deserving convicts were remitted.

6. There was an incident in February last which caused some anxiety both to the Chief and his subjects. The Chief was accidently bitten by his own dog. There was no ground to suppose that the animal was rabid but as the disease developes quite accidently and insidiously it was thought desirable to adopt remedial measures immediately. The Chief therefore had to go to the Pasteur Institute at Coonoor but was happily not obliged to undergo any treatment.

7. On his way back to Budhgaon the Chief visited Gudgeri, one of the Taluka towns of the State. As this was his first visit to the town, he was accorded a very grand and cordial reception and a public address was presented to the Chief by the citizens. In fact the whole town was a scene of merriment and joy during his short stay there.

8. During the hot weather of the year the Chief spent more than a month at Angol (Belgaum District) the Taluka place of Kurundwad state.

9. I took service on the 25th September 1909 in this State as State Karbhari under the orders of the Chief and have been in charge of the office since then, Mr. G. V. Shrikhande B. A. reverting to his permanent post of Munsiff.

On the retirement of Mr. D. G. Bhagwat, after a long service of 32 years in this State, Mr. S. J. Chhatre B. A. L L. B. was appointed Mamlatdar of Kavathe Taluka in October 1909. Mr. Chhatre accepted service in this State in March 1909 and acted as Munsiff during the time Mr. Shrikhande was in charge of State Karbhari's Office.

At the close of the year Mr. G. K. Apte, a Kolhapur State servant, whose services had been kindly lent to this State in April 1908 having reverted to his former post, Mr. Joglekar was appointed as Police Inspector of this State. Mr. Joglekar has been in service in this State for nearly 20 years and is careful and zealous in his work. As Foujdar he successfully kept down crime, in Gudgeri Taluka.

In May 1910 Mr. G. N. Gokhale, the Medical officer Budhgaon having resigned his post Mr. R. S. Sahasrabudhe L. M. & S. was appointed in his place.

10. Appendix I gives the present personnel of the officers in the State.

11. The Political Agent Kolharpur and S. M. Country paid a visit to the State during the year under report. The Assistant Political Agent, S. M. Country also halted one day at Alkud in Kavathe Taluka while on his way to Modnimb, and also visited Khandali, the Taluka station of Kuroli Taluka.

## Administration of Land

12. No survey operations were undertaken during the year under report. The revenue survey settlement of the 3 Talukas was completed as shown in the table below:-

| Name of Taluka. | Year in which the settlement is completed. | Year in which the settlement expires. |
|---|---|---|
| Kavathe ... ... ... ... | 1891—92 (1301) | 1914—15 (1324) |

| Kuroli ... ... ... ... | 1896—97 (1306) | 1914—15 (1324) |

In the case of Kavathe and Kuroli Talukas the period of the settlement which expires at the end of the current year ( 1910-11 ) has been extended, under orders of the Chief, to the year 1914--15 in which year the period of settlement for Gudgeri Taluka also expires.

13. One hundred and forty--seven Acres & 22 Gunthas of waste land were brought under cultivation this year.

14. The boundary dispute between Khilegaon and Sirur was settled during the year under report. Those requiring settlement are 2 in number; viz:(1) Kavathe and Nandre, ( 2 ) Sultanpur and Gudgeri.

17. The following table shows particulars of cultivation of land during the year under report as compared with those in the preceding year. They disclose that the area of land thrown out of cultivation is less than the preceding year which is chiefly due to timely rainfall in the Gudgeri Taluka.

| Talukas. | Total cultivable During. | | Actually cultivated. During. | | Thrown out of cultivation During. | |
|---|---|---|---|---|---|---|
| | 1908-9 | 1909-10 | 1908-9 | 1909-10 | 1908-9 | 1909-10 |

18. The measures taken for the recovery of land revenue are shown in the following table ;--

| Talukas. | Number of notices issued. | Amount collected after the issue of notices. | No. of cases in which property was attached. | Cases in which property attached was sold. | | | | Total amount recovered by sale of property. |
|---|---|---|---|---|---|---|---|---|
| | | | | Moveable property | | Immoveable property | | |
| | | | | No. of cases. | Amount | No. of cases. | Amount | |
| Kavathe ... ... | 177 | Rs 2,013 a. 8 p. 9 | ... | ... | ... | ... | ... | ... |
